## #30 MESSAGE FROM DECEMBER 27, 2021- PART 2

### JESUS CHRIST "THE WARNING"

Jesus says: ***"Do not be afraid my child, I will guide you through this vision. Trust me! Do not be afraid! You are perfectly fit. I am taking you with me. Get ready."***

We enter a vortex of light in the form of a tube, which is already well known from other apparitions. The vortex can be perceived from inside and outside at the same time. Everything is white light and in the tunnel is white swirling light, in which small, colorful shimmering particles swirl. A knowledge in the heart.

Jesus says, ***"Get ready."*** After moving at a fast speed, the image comes to a stop.

The vision begins.

A bright, pure little lamb is seen. It runs away from something and runs to a large flock of thousands of sheep. Sheep as far as the eye can see. These are running fast on a wide path over hills, towards the light that rises behind the hill like the sun. If you walk long enough, you come to the great white light. It's brighter than the sun. It symbolizes the longing of the sheep for the light, the confidence, the hope, God.

Hundreds of thousands of sheep walk together peacefully following this path.

Above them appears Jesus' cross, a golden-white cross of light, which in the sky shows the sheep the way. It is a voice, a knowledge in the heart that shows everyone the right way. This voice speaks to everyone differently and yet everyone knows for themselves what it means.

It is a beautiful image that all sheep know where to go. Jesus is standing there with a shepherd's staff and a crowd of sheep standing around Him, faithfully waiting to hear what He says.

He is watching to make sure no sheep gets lost. It is a very beautiful sight.

Jesus walks a bit and there are a few following Him. There are sheep that are very close to Him. They are completely white, which figuratively means that they are especially pure, and these are allowed to be especially close to Jesus. But this close place must be earned.

By being especially faithful, by being especially deserving of others. These sheep receive special guidance from Him because they have received a special assignment.

He sends them into the world and assigns them a place in the world. He sends each special white sheep out into the world to do a special service. This ministry is possible through a very close and strong connection and is especially strongly supported by Jesus.

The group size is a handful in relation to the large crowd seen before. These particular white sheep are particularly determined, clear, sacrificial people who also face a particular tribulation.

That is, they are people with sometimes difficult biographies who definitely have and/or had their struggles to fight. It may be that some of them can underestimate the value they have to others.

Jesus speaks in a private meeting with the visionary who belongs to the group of particularly white sheep and receives personal guidance and regarding his task. Jesus asks the visionary to publish his messages as soon as possible in order to warn the people and to point out to them what is coming.

Now a picture of the acting pope is to be seen - Jesus informs us about Pope Francis, who doesn't take this information seriously. He has received warnings in the past, as have his predecessors.

They know the procedures because they are in the Bible. But Pope Francis is too entangled to find his right way. He is being pressured.

He does not act of his own free will. True, it seems as if he acts because he is the head of the Catholic Church and called by God.

But Jesus points out that in the position the Pope is in, he does not have as much power of disposal as one might think.

But also he will still have his bright moment. Even though he prays and asks for guidance several times a day and also hears the voice in his heart, sometimes he is not able to follow it. Although it would actually be his wish, although it would actually correspond to his value system. He does not have it easy at the moment. He also has a difficult test coming up, but it is not meant for the public.

Jesus once again shows the little lamb that wears a ring of light around his body. A very radiant, pure little animal that radiates a great deal of peace. The little lamb is Jesus.

It is the place of peace. He is also the one who can help everyone to find this place of peace and to remain in it.

In the name of the Father and of the Son and of the Holy Spirit. Amen

## #30 MESSAGE FROM DECEMBER 27, 2021- PART 1

### JESUS CHRIST "THE WARNING"

Jesus appeared during the prayer group. At first, a large white cross of light appeared again and again before the inner eye of the visionary.

**"Do not be afraid of Me."**

Thereupon He makes the sign with 2 fingers (as known from pictures). He wears a white robe.

**"Make haste, my child. Soon the wars will begin."**

A very imposing energy in the room is felt. The visionary sprinkles Easter holy water on the apparition for verification. In addition, Jesus is asked to confirm His presence, to show His wounds. He then shows the wounds on His forehead where His crown of thorns have made holes in the skin. The wounds shimmer red all around the head.

Again and again a white-golden, large light cross can be seen, which seems to fly towards the visionary. Again and again Jesus stands in front of the cross of light with his arms spread wide.

He shows His foot and it can be seen and felt that a thick nail has penetrated it from top to bottom. His forehead and His heart shine in glistening bright white light.

Jesus is now announcing something to the general public. He wants to prepare that there will soon be a special event. A kind of bang that will make us, the people, wake up. We are to get ready for this wake-up call, for the awakening. For a kind of bang that will go through people. It will be physically felt. Let this be a warning that is connected with the question to everyone, which path do we want to follow as humanity.

It feels like we are being confronted with ourselves in the course of this. A jolt that goes through humanity. A question in the heart that will arise.

This will be so pervasive that no one will get past this question. Jesus says, **"It is soon!"**

The visionary asks, *"Jesus, what does soon mean to you?"*

Jesus answers, **"Time does not matter. Wait for my coming, wait for my call that will reach you all soon. It can still be months and it can be hours."**

He explains it depends on several things. It also depends on us, the people. There must be a certain point reached in the collective and then there will be a jolt that passes through us. Then there will be a separation. It is as if we are being separated from each other.

Jesus reassures us not to worry about the time. It is much more advisable to concentrate on igniting the light in our heart.

Because this light will attract the event and it will pass through all. Jesus Christ will appear to all of us and give a warning and make our options clear.

Make clear what the consequences are of what decision we make. Everyone can make this decision for themselves.

He goes on to explain that everyone must decide for themselves. Some already know where they belong - it's easy for them to answer that question. But there are also many who do not know where they are going. Perhaps they are already in the stream of thousands of sheep (in the image described at the beginning) and do not even realize that they already belong. But there are also those who walk in the shadow and also do not notice it and for this this jerk will take place.

It is relatively close in time, also in our dimensions. That is why everyone should be informed about it.

This information should also be passed on to the bishops and cardinals and in the public address of the visionary in which the message will be explained.

They will know what it means.

Those who are familiar with it, who have dealt with it, will know what it means.

They will prepare themselves for it. They will want to go to confession, perhaps.

They may want to kneel down, they may want to prostrate themselves to ask for forgiveness.

They will need soul preparation time. So they can also prepare the people around them.

## #29 MESSAGE FROM DECEMBER 11, 2021

### JESUS CHRIST AND THE BLESSED VIRGIN MARY "THE WAY OF THE CROSS OF HUMANITY"

During the prayer group, Mary appeared. S. also clearly felt her forehead. Mary first wore a white dress with a white veil, under which her dark hair could be seen. As always, she had porcelain-like skin. She wore a light turquoise belt with gold embroidery at the seams.

Over the dress she wore a turquoise bluish colored coat. One could very much feel her innocence, purity and flawlessness.

Around her stood sheep and she stretched out her arm over them. Jesus had given me a sheep, this one I named Polly.

It was there too, leading me through a scene that was not very pleasant. Again I saw a stream of sheep trotting in a stream that then forked.

It felt as if the one sheep were running to their doom, as if something was waiting for them there, something dangerous.

Suddenly, billy goats came from the side and attacked the sheep. They were really hurting them, ramming their horns into the bellies of the sheep. One sheep looked like its head was being cut off. [Islamic goat?] All around us there were fights for life and death.

There were casualties on both sides. A lot of blood flowed. It was a very bad picture. It looked like war. War among sheep.

Mary: **"These are battles driven by an evil will. They are battles that are for the destruction of Christianity. I show you what is to come."** Mary told me this so that we could prepare for it.

Then I saw a white and gold shimmering little lamb, the main lamb - Jesus.

We are not to forget that this little lamb is also there. Jesus: **"I know the course of history. Mankind is living through my crossroads."**

He assures me that the souls who have chosen to die and suffer in the battles of Christianity at this particular time have so agreed with him. There are very many who are suffering especially now.

I see a path leading from the plain to Calvary, where he was crucified. This is to show the path of humanity, where we are now, how far we still have to walk symbolically. We still have to go all the way up the mountain.

There is a very bright light, like the sun, seen high above the top of this mountain. Symbolically, this means that salvation is to be found at the top of the mountain. Jesus' cross can also be seen there. The atmosphere emitted from there is very beautiful and soothing, holy.

That is our destination, where we want to go. I see Jesus carrying the heavy cross. It drags it laboriously across the floor behind him.

It is very idle. He wears a crown of thorns that is very painful, inhuman, inhuman to torture someone like that.

I see the drops of blood and the thorns that go very deep into the skin and deeper. It epitomizes where we are right now.

Again I see the main lamb. It is especially pleasant to be in his presence, soothing and gratifying.

It is as if it is standing in the middle of the sun, so much light emanates from it. I see a door where white-gold light shines out.

I suspect that I am passing into another scene. Jesus says that it is important information that I am getting now.

We are moving through a kind of tunnel again. At the end of the tunnel it is very bright.

Jesus: **"Get ready!"** There was not much to see and very dark in the new scenery.

A section of rainy road can be seen, the rest has disappeared in a very dense fog, it is gloomy.

In this vision, a non-human, dragon-like, gray entity is standing in the middle of the road.

It stands upright on its hind legs and feels threatening. He begins to spit fire in my direction and all around. This is to be understood as a threat, to make himself bigger and more important than he is, to intimidate, to frighten. For this purpose every means is right, and with every means is also meant every means. This time it does not take place as in the last vision in the underworld, but with us here on earth.

This means that he no longer remains hidden, which he also no longer wants.

He wants to be seen, in all his supposed glory.

He wants to be admired in his splendor, as he would put it himself. (This is not my opinion).

He anticipates the return of "his Lord." He looks forward to it. One notices a bright excitement and great joy, whether the return of "his lord".

It sets the whole dark court in excitement. They start moving, trampling along this street, they spit fire and set houses on fire, out of pure malice.

At larger complexes of houses he stops and spits on them, large amounts of fire. After setting several houses on fire, several have joined them, looking just like the dragon-like creature.

They have gathered to very many in a circle and have joined. They stand at an opening in the ground that resembles a volcano.

Lava-like light comes out of it and it could be called the "Gates of Hell."

They gather around this and dance in a round dance to themselves, which looks a bit ridiculous, but has a different quality with the opening in the ground. They seem to be awaiting an awakening, a return. By their joint activity they seem to call this, to strengthen, to wake up and to give strength to it. Out of the Hellmouth emerges the giant boss. He has bat-like wings and in places reddish skin and twisted horns.

This is what is called Satan, the ultimate evil that rises from this maw. It is very large and  $\frac{3}{4}$  visible from the maw, but cannot leave it.

It emits roars, but cannot move from the spot. From this position he tries to exert influence, which seems to be a difficult task.

Only words are left to him. Words that can hit, that can scare, that can do a lot to you, but they are just words. It is only yelling.

That's all the influence he has. He is very limited in his radius of action because the powers that be against him keep him very much in check.

He can't get anywhere against his enemies and is boxed in. He gathers all those who belong to him, calls them, spurs them on, wants them to bring him strength, to fight for their causes.

This seems bad, looks evil and scary, but actually it can't reach you. It is only this psychological component that can reach you.

If you manage in your mind to arm yourself against this psychological component, then we have won. It is a sinking ship.

He is losing his power and he knows it. He's doing everything he can to make sure that doesn't happen, and he wants to take as many with him as he can. The message at this point is, "Don't be intimidated by words! They are empty words!"

I can't help but think of the medical treatments that are now in circulation. Those who haven't made up their minds yet can separate themselves from the psychological pressure, realize that these are just words. As imposing as this image is, he sinks back into his maw. With a lot of swirling, but sinks back to where he came from. The chaos that he left behind, that remains.

**Mary: "My children, how far you have come. How much suffering you have already endured. Do not let yourselves be intimidated by the activities of the beast that tries to confuse you, that tries to make you small.**

**My love and protection is certain for you and cannot be destroyed by anything in the world. Whoever chooses me is safe.**

**The tears that you have cried, I receive them and I turn them into gold. I am the Mother of Christians, I am the Queen of Peace.**

**I am the angel of mercy.**

**My children, be sure of the good outcome. Be sure of your protection. Nothing comes between me and you. I am the Mother of Christians and I protect my children. But be warned, hard times are coming. Hard times are coming. You are going through the eye of a needle. Who will fit through? Who will pass the entrance?**

**Get ready for the return of your Lord, who also now and all the time stays by your side and shows you the way to Himself in His language and subtle signs. Do you listen to it? Do you hear His call?**

**It is silent, it is subtle, and yet it is strong if you let it into your heart. I am issuing a warning. I want you to arm yourselves. I want you all to arm yourselves against the perfidy that awaits you.**

**The perfidy of the one who seeks to divide you. I warn you, do not underestimate him.**

**The wickedness is unparalleled and many fall for his lies. They allow themselves to be deceived. Take my words seriously my children.**

**Soon the time will come. Arm yourselves! Join together, form communities, strengthen each other. The icy frost of inhumanity awaits you.**

**But this is not an invitation to despair.**

**Prepare yourselves and know that I am at your side and also my son is available for you at any time. The Divine Love, the Divine Grace are available for you at all times. With the blink of an eye, the love of God is within you. You only have to make use of it.**

**I bless you and I thank you for your courage and your constant worship, which has already saved many human souls. Do not despair, but get ready for the storm."**

## #28 MESSAGE FROM DECEMBER 05, 2021

### MESSAGE FROM ARCHANGEL MICHAEL

[Note of the "visionary": The following pictures/visions, which are transmitted by the spiritual world in general and by the Archangel Michael in this case to me, are to be understood partly figuratively. They often convey the messages as pictures to me and I then pass on these pictures. The images shown trigger feelings and a meaning resonates].

I was awake relatively early. Because of current events, I became afraid [note: of mandatory vaccinations]. I then called upon my angels and archangels. Especially archangel Michael. I addressed him in particular, because he can work very strongly against fears. I asked Him, "I need your help. Please take my fears away from me! Do I really need to be afraid of this? What if I get attacked at home?"

Michael showed me pictures. You could see a city and above it was a strong thunderstorm. There were a lot of thick clouds, lightning, heavy rain. There were very many clouds densely clustered in one place. Archangel Michael said, **"Look at it. Just take a look at it. What's happening?"**

It all looked densely clustered to me - all in one spot. My perspective was like I was very close to it.

Then He said, **"Let's change perspective."** We flew a little ways back.

It was maybe a couple of miles. You could see that the thunderstorm was only moving in one place. A tornado was coming in there.

There were small clouds scattered in the surrounding area.

So it was a very large urban area and there were clouds everywhere, but this particular storm and this severe thunderstorm were not everywhere. It felt relieving; safer.

It was the feeling of not being in the middle of it anymore.

Michael said again, **"Let's change perspective one more time."** Suddenly it was as if we were standing on a mountain looking down on the scene from even farther away. There was more of this particular urban area to be seen. It was very large, and you could now see very clearly that this strong thunderstorm was only affecting one particular area, and that it was also moving on. This meant that this thunderstorm activity does not always affect the same places. At that moment I realized - it can't be everywhere and it will move on.

Archangel Michael now invited us again to take a different perspective. Thereupon we were above the cloud cover and looked at the scene from the heavenly perspective. From this heavenly perspective, we saw an image that represented an unpleasant figure - "the devil". He was jumping on the spot and raging. However, it did not seem powerful, but like helplessness. The action did not come from a power, but it was powerlessness, impotence that caused this rage and thunderstorm. The figure raged in that area of the city where the dense thunderclouds were and she stood in the middle of the thunderclouds. She was raging and angry because she couldn't seem to accomplish what she wanted to accomplish. She tried to shoot around and do damage wherever she could.

So to speak "to make the chickens shy". But she could not be in all parts of the city at the same time. She could only be in this one area, which revealed her powerlessness.

"The Adversary" really did everything to - figuratively speaking - "scare out the rabbits" hiding in their burrow by spreading fear and creating emotional chaos. Later this figure turned into a dragon and this dragon suddenly had fiery orange-red glowing eyes and its mouth opened a little bit.

I looked at his face, that was all that was visible at that moment and fire in his mouth could be seen slowly gathering. He was very angry and flew towards us and up, once through the cloud cover and then wanted to attack us. Archangel Michael then stood in front of me and wrapped me in a protective bell of golden-white light. With playful ease, he slashed at the dragon with his sword. Within seconds, the dragon had disappeared and descended again. I realized at that moment - the adversary is trying what he can, but he has little power to influence. His resources are limited.

Archangel Michael offered another perspective. We looked together at the globe - suspended in space. A kind of light ray penetrated the globe and the earth changed. It was cleansed or liberated as if from within. Its vibration changed. It was noticeable that this circumstance made the dark figures very restless. Obviously they tried to carry away now still as much as possible. This change of the earth shown here is progressive and positive. It is as if the days are counted in the positive sense, as if one can count them down now, like at Christmas. We have seen how the earth circles in a compound of planets.

This seemed as if the Earth had joined with other planets, as if there was an agreement of the Earth with the other planets for the ascension it is going through. For a brief moment, I felt like the whole earth was going to become a sacred place. It felt very beautiful.

To deal with our fears, Archangel Michael said the following: ***"Everyone who chooses to be protected is physically protected! Unless you choose otherwise."***

That means we can choose not to be physically protected and then we are not. But the other way around it also means, if I decide I am physically protected by the spiritual world, then I am!

Archangel Michael expressed himself furthermore in relation to the fear that the "dark side" tries to influence us negatively. They are anxious to get into our heads by means of the fear, because they have no other possibility to attack us. This is their only trump card. We are protected as long as we want to be protected. The angels and the archangels are only waiting to be allowed to help us because they respect our free will. Only in mortal danger may the guardian angels intervene of their own accord, when our time to leave the earth has not yet come.

Therefore my appeal to everyone who reads this text: Call your angels. Ask them explicitly for help. Ask them to take away your fears. Ask them to surround you with an extra thick layer/cocoon of light so that you can stop worrying and become calm inside - or whatever you need or care about.

The angels are always there for us and help us. It works for everyone, immediately. He asked me to pass on this message, to you, to the people, and I hope that I could be helpful to you with it.

#27 MESSAGE FROM NOVEMBER 24, 2021

THE BLESSED VIRGIN MARY  
"THE PURIFICATION OF FAITH & THE PURIFICATION OF THE CHURCH"

***"My children, you have responded to my call to gather in the group. I thank you. The coming time holds many challenges to the unvaccinated, to those who have followed the Lord's call in their hearts, who recognize the deception. Do not be intimidated, do not be talked into anything.***

***Listen to the voice in your heart that knows the truth, that is committed to the truth.***

***Hurdles will be placed before you. The pressure will increase, but it will also decrease.***

***Be aware that this state will not last forever. There will be changes again.***

***And be aware of my love and affection, my protection, my guiding language, which I carry to the Lord.***

***My Son Jesus Christ accompanies you at all times through all times of turmoil, times of need, times of crisis. Be aware. It is not a coincidence what is happening now. It corresponds to a divine plan that knows no mistakes. It is perfect in itself, even if it is difficult for you to imagine.***

***I know your distress, I know your sorrow, I know your sadness. I know your petitions that you address to me. I hear each one and each one will be answered. Trust that you are not alone in this time and that my Son and I will place our protective hand over you to let the worst pass you by, blameless. Yes, the children of the Lord enjoy his protection, enjoy his special presence, which is strengthened by prayer. Do not let yourselves be deterred. Any social regulations that forbid you to pray should be vehemently rejected by you.***

***Remain free and strong in seeking out common prayer, in church and in private.***

***Talk to the servants of the Church about your feelings of being excluded from the Church.***

***Express your concerns about the Christianity of this action. Speak it peacefully and free from reproach. Speak from your heart about your concern for the Church.***

***My child, the Church is going through turbulent times. Disorientation has taken hold.***

***Do they still defend the ideals they once invoked? Yes there are, and yes there are others.***

***Others who do not have pure intentions. Other servants of the Church who pursue deviant aspirations. Thus, everyone is fallible among men. There is no reproach to be made.***

***These are to be met with love as well, in the remembrance of your Lord Jesus Christ.***

***Free from riches, free from striving for power. But how do you find a hearing, in the right places, the places that are authorized to give instructions? I will show you the way. It is only important to step into action and I will direct the waves that this creates. This is not your responsibility.***

***You are my beloved servants who selflessly do my will, and you will receive your reward if you remain selfless. Selflessness is the purity of heart that gives out of abundance, without ulterior motives, without your own aspirations, simply to give, to serve, to give away, to help."***

Several times, as an inner image, there was a burning cross floating in the air.

A large burning cross that is on fire. It may indicate purification.

***"The purification of the faith. The purification of the church. But it is also a warning of the one who has been announced to you. The Antichrist. Do not be afraid. Through fear you strengthen him. Remain in trust. With every negative thought, with every fear and every worry, turn to me and my Son. You are protected and there are things that cannot be averted that are part of this process. And there are things that can be eased and taken away through your intervention and prayer and inner purification. Connect with each other. Spread the light of love among the believers. The peace of the Lord be with you always. Lift up the hearts. Let us give thanks to the Lord our God. In truth it is worthy and right. May the peace of the Lord be with you always.***

***In the name of the Father and of the Son and of the Holy Spirit. Amen."***

## #26 MESSAGE FROM NOVEMBER 18, 2021

THE BLESSED VIRGIN MARY  
"THE ANTICHRIST PART 2 & A MESSAGE TO ALL PARENTS"

During the prayer, my head got hot. Mary is there. She wants to warn us. There are storms coming.

***"There are storms coming my child. You cannot imagine the extent of them. Storms such as mankind has never experienced. Storms, not from wind power. Storms of fire. Storms of misery. Storms from conflagrations. Storms beyond your imagination."***

It is as if She is standing in my body. She says, ***"Trust me. Allow the impressions to flood you. I'll show you what's coming. Get ready for our journey."***

She shows a picture of herself. How she stands in front of me with a white dress and a dark blue coat, as if made of velvet. A flared dress, which is very tight at the top of the chest, very narrow at the waist, and very wide at the bottom, like earlier ball gowns. It has small golden embroideries on the edges. It has a halo over its head. There are stars in it.

She says, ***"Don't be afraid to make mistakes. I will make sure you receive and pass on the right words."***

It is as if a door is opening. When you look through this opening, there is a bright golden light inside. We are now walking toward this doorway. It's a very glistening light. ***"It's a portal."*** She says: ***"It is very important what I am showing you now. Take these images seriously. Don't dismiss them."***

A startling change of scene follows. After this very pleasant golden light, we enter into a scene where it feels very unpleasant - very low vibrational, very crude, primitive, primitive evil.

***"The heavenly hosts accompany you, my child. You are protected. It is a vision that also triggers feelings. I am with you. Do not be afraid. I will be with you all the time and at the end I will take you out and you will be back to your normal state. It is a vision. Let yourself go with it. It's important."***

The atmosphere of the scene is almost unbearable. At first there is not much to see. Blackness. A dark figure is there. Not that a person is here, but it is a hologram of a dark figure. It rages. This person or figure is having a real tantrum. Obviously it concerns here "the opposite side", on the energetic level, which displeases something quite violently. From the scenery it is comparable with Mordor [from the Lord of the Rings]. The colors dark red and black are predominantly represented. It's extremely unpleasant. ***"Keep looking,"*** she says.

A dragon enters the scene, which first flew through the air and now landed. Clouds of smoke, black smoke are in the background. Now the dragon comes running in a rage, roars and breathes fire.

The fire he lets out where it suits him to destroy. He is very long, very big. He runs around, sometimes in one direction, then in the other. This is to be understood figuratively.

The scene represents the underworld. The fire, burning, huge flames that go up and reach the surface of the earth. It's not directly something bursting into flames. It is to be understood that the opposite side [demonic] does something that has an effect on us [human beings] and is felt by us on the earth. Like a basement under the earth. And you can see the surface of the earth with houses.

At first it looked like blind rage, but it seems to be aimed. What its fire captures, it hits to destroy, to create chaos, to spread discontent, to twist facts, to make people look bad. It feels begrudging - like taking pleasure in certain people being harmed. A reputation is destroyed, livelihoods are destroyed.

This is answered by the bright opposite side, which sends its brigade there. Angels who try to clean up there and also try to reach the people and in any case stand up for us and in the truest sense of the word "put out fires".

Another animal appears. A kind of fantasy animal that doesn't exist like that on Earth. It was a mixture of a dragon, a snake and a dinosaur. Around its yellow head it has a kind of collar that it can put up when it is angry. It looks like the head is on fire. It spits fire.

The two underworld beings are fighting. They give everything to destroy, to destroy harmony, to sow discord, to separate people from each other.

Now appears again the very unpleasant entity, which gives itself in the good appearance. The Antichrist. Again appears this special, diabolic smile, which has already been reported. He is a liar. He twists everything and makes an X for a U. He twists the words in your mouth. He twists words around in your mouth. He twists everything, any facts that you actually know how they are. He twists it so that you believe it. Unfortunately, he has a great popularity among the population. He is very skillful and should be taken with maximum caution. You basically can't believe anything he says. It is all lies. It is only for his purposes, for his goals. Those he serves, so to speak; only himself and no one else.

Now it's about the church. He is pretending to do something for the church. As if he is working for the church. Now follows an example of what kind of absurd proposals we can expect from the Antichrist concerning the church:

A picture of quite a few inverted crosses appears. Very unpleasant; disgusting.

As if he would say: We wear now, for some reason, the crosses the other way around on the chains. We are doing a reform with new chains and new symbol. Our symbol is now upside down, that doesn't mean anything. It won't necessarily be that he will tell the clergy to wear upside down crosses, but from the mindset, it is to be understood that way. It's as if he wants you to believe,

"This is normal now. This is our new order now. This is totally good now if we all wear upside-down crosses now." This is the level on which his arguments play out.

Now there is another picture. Violence. Military, soldiers. Lots of soldiers marching up, it's a little scary. They have been recalled and are now deployed inside - "for our protection" - in quotation marks. That's what we're being sold, but it's not for our protection, it's for intimidation and assertion of power. It's getting uncomfortable. It seems to be about Germany right now. It could still be Austria as well.

The vision continues. It is to be seen how people are led away, who are represented like a kind of state enemies, which they are not of course! They are portrayed as criminals, as insurgents, as dangerous people who endanger the security of us all. But these people are mostly normal people who are above all pure, who have the best interests of all in mind. Those are taken away who stand up for freedom rights, for a basic democratic order, who openly oppose, form communities, protest. This is the dimension in which it is happening.

They are taken away with police force, military force, they are put down, they are taken away, they are put away.

They are put in camps of some kind.

It is not a traditional prison, it seems to be something new. They are locked up there.

Some die there. They are tortured there. Not everyone.

It seems like the staff there is playing their vicious "games" with some of the prisoners.

I see as a picture, a flat building, which has only one floor. Quite plain, with thicker walls.

Now the sign of the cross appears brightly. This is to be understood in such a way that we are to pray for it, in order to avert these events.

Mary clarifies, it is an option of the future, which is still changeable. This is not fixed!

Mary is now saying that we must pray for this from now on. Every day! Prayers and fasting. Bread and water once a week. Three mercy rosaries a day. It is urgent!

We are to inform the churches about this. We are to inform the churches about the appearance of the Antichrist.

***"Plan three months for these activities."*** "For what activities Mary?" - ***"For praying and informing."***

It seems that shortly after the three months, the Antichrist, will be there, but will not be at his high. He will be slowly introduced or appear.

One hears then from him. Very inconspicuous at first.

It will not be recognizable at first. In any case, he will then become visible and slowly active.

And he will also be reported in the major media. It is someone who will be made known to everyone.

The big governments, in terms of Germany, the most important politicians, the central chess pieces are pushing him. They know about it.

They support this because they see their own advantage in it. They have a completely different perception about it. It's about power.

It's about getting power to implement plans. Not their own plans, but plans that are given.

There is no awareness of how the people [the population] are doing with it. Whether it makes sense, but it's selfishly oriented. It has to do with delusion and a kind of brainwashing.

The people involved were taught: "This is the plan, this makes sense, we're doing this now and they can participate in it. There's XY in it for them."

But what they don't know is that there is something else about this plan that has not been revealed. There is a devilish detail, which actually only the Antichrist knows and which is wrongly estimated, from the outside. From those who think they can swim with on the wave. What it is, is not recognizable here.

There is an ulterior motive, which the others do not know and estimate it because of that wrongly. They think that they have advantages by it, are considered, that agreements are kept. But with a liar one does not make business!

He will not keep his agreements! With no one. He does only what he likes. In the service of whom he serves.

A new image appears. Children. Children in poverty.

It is to be understood figuratively again. Begging children, poor children, orphans in rags being used for an evil cause.

They have a red glow in their eyes. This means that they have fallen to the other side. It is to be understood that children are being used for an evil cause.

It is as if they are going over to the other side, crossing over, because they cannot protect themselves. So many children's souls that are "lost" because of the actions that suffer like that, that are abandoned. The children suffer so much that they can't protect themselves anymore and because of that it's like they get lost.

The parents have to watch helplessly, because they don't want to rebel, they don't want conflicts with the youth welfare office or the school. Ground in this millstone of society and these developments that know neither in, nor out.

They themselves are torn and desperate, not really able to protect their children. It requires a lot of strength and power to react in the right way, but the Blessed Mother asks us once again to consider the well-being of the children.

To question guidelines. To question the guidelines for the children, with the background of the best interests of the children.

To really commit oneself to it. To commit oneself to protecting one's own child and also, if necessary, the children of other parents, the children of other people.

Because that's going to be the next generation. Who are you letting grow up?

What are you allowing to grow up if you don't intervene?

Maria says, **"I support every parent who stands up, who stands up for the sake of the children, for the sake of the children's well-being.**

**I stand up for every single parent and for all parents and families. I am with you. I assure you. I am always with you and will always support you and with a little courage and spit you will succeed!"**

Parents are asked to question any actions on their children and to stand up for the psychological and physical well-being of the child!

To stand up resolutely!

Another vision emerges. It was quite pleasant. A scene by the sea, the water blurring the sand.

It had different colors. The waves came and went. Then a huge wave appears, like a tsunami.

The sky darkens. There are very dark, thick clouds in the sky. Dark gray.

Perception blurs due to fatigue. The vision lasted 1.5 hours.

Mary says, **"We will continue at this point next time."**

**"Peace be with you,"** She says. - **"And with your spirit". "May the Triune God watch over you. - the Father, the Son and the Holy Spirit."**

## #25 MESSAGE FROM OCTOBER 23, 2021- PART 1

### JESUS CHRIST "THE ANTICHRIST"

**"I am who you think I am, I am Jesus Christ! You know me"** his forehead shone and I felt it in my forehead.

**"Get ready! Now find a good position to sit in, that you are comfortable, that your body is taken care of."**

**"But now for the message."**

Again, there is a picture of Jesus with sheep running from the background to the front, past Him, toward me. They are running very fast.

We now do a pan and now watch from behind as the sheep run. So it's first one stream of sheep, which now forks into two.

The sheep run and run. One part to the left, one part to the right. There are about the same number.

At the level of the bifurcation of the flock of sheep, a kind of person appears who feels very unpleasant, repulsive, nasty.

After a brief moment of shock, Jesus means to continue following this scene.

He says **"Go ahead."** Within the scene, he places himself protectively in front of the unpleasant apparatus.

When asked who this is, he replies: **"This is the Antichrist."** "OK, what about him?"

**"The Antichrist divides people into two camps. It is very important what I am saying now."**

**"The persecutions will begin. They will be initiated by the Antichrist. You cannot escape this process."**

**It is part of the divine plan and will be allowed. There will be much suffering and the fatal thing is that you do not recognize him. Not everyone recognizes it. Those who do not recognize him are misled and believe his words that he has good in mind for all people. Be aware of this, be careful who you believe.**

**Your heart can tell you who is credible and who is not. The development will be the following: Politics will change. The signs are stormy. You will have less freedom of choice, fewer opportunities to participate. Your rights will be further restricted. But that's not all. Military force will increase."**

Now ships can be seen, policemen, the Bundeswehr, directed against the people.

**"The violence from this side will increase. Reprisals and oppression will increase. Unfreedom will be your new companion."**

I see a big ship with megaphone reprimanding the population. There are deaths among those who disobey.

***"The Antichrist, dresses himself in beautiful garments and in beautiful words. He does not seem destructive at all on the outside.***

***He does not appear destructive at all. You can recognize him by his diabolical smile.***

***For everyone to see. It is a smile that makes you shudder. For those who listen to their gut, it is a clear sign that something is wrong with this person or that his intentions are not good intentions.***

***It will make your blood run cold. So you can recognize him and he will do everything to make you overlook this feeling.***

***He will bring all kinds of arguments. He will introduce all kinds of measures that seem to be for your good, but be careful with this person. He is not what he seems to be."***

Rome. We are now in Rome. Vatican....

#24 MESSAGE FROM OCTOBER 15TH + 19TH, 2021

JESUS CHRIST "WHAT IS THE PRICE?"

Warning from October 19, 2021

***"The reason why I am here [today] - I want to warn you. I want to warn you.***

***There is a danger coming your way. Of gigantic proportions. A danger such as you all have not yet experienced, nor have your ancestors, nor have their ancestors.***

***This has not happened on earth for a long time."***

Jesus Appearance October 19, 2021

"What is the price?"

Jesus appears. He has a white robe on with wide arms. It's quite plain.

A dazzling light emanates from it. A bright light emanates from the whole appearance, as well as a white light emanates from his forehead.

***"My child, Your brothers and sisters are not aware of the danger that is coming to them.***

***Thus, there are few who believe my words, even though the number is increasing.***

***This is gratifying, but the others must be warned. Find a way to make this information available to the general public. Be aware, I am protecting your path. I am the Lord.***

***What I am about to tell you is essential. Please, give yourself to this task and trust me that I know the right way for you and that you are protected by me."***

The word "conflagration" comes up. The image of a detonating nuclear bomb appears, with cloud and blast wave, etc.

The word "nuclear winter" is heard.

He confirms his presence and says,

***"I am the Lord, my child, I am the Lord, I am the Lord of love and mercy. I am Jesus Christ."***

***"What is the price, what is the price you pay,  
for blasphemy,  
for murder,  
for fraud,  
for theft,  
for euthanasia,  
for the murder of whole tribes of people,  
for killing living children in the womb,  
for the use of embryos for medicines,  
for the exploitation of nature for your selfish interests,  
for selfish and greedy machinations?"***

***What is the promised price for betrayal of the people?  
What is the promised price for abuse of power?  
What is the promised price for abuse of trust?  
Do you think this will be without consequences?"***

***Do you think this game can go on forever, violating God's laws in this drastic way?  
I have to disappoint you. Everything has consequences.***

***The storms and disasters that are coming your way are brutal in many parts of the world.  
Guatemala, Italy, France, South and Central America, Australia. There, there the hammer is  
falling.***

***The changes that lie ahead of you could be called God's punishment. But it is not a  
punishment in that sense. It is a Divine intervention before the world completely sinks into  
chaos and humanity wrecks itself. It is not a punishment in that sense. It is a kind of logical  
consequence of your behavior.***

***Germany has forgotten or betrayed its values and would be well advised to revive its  
Christian faith. But this is difficult to do with closed churches. Here is my request, my call to  
the Germans in the churches that carry my name, those who spread my word.***

***Remember my words.***

***If I were to walk the earth, how would I behave in this social constellation?"***

***Think about it. What would be my comment?"***

***What would be my behavior?"***

***Orientate yourself by what you know about me.***

***Be guided by what is written in the Bible, what I have taught you.***

***Hold up the faith.***

***Hold up the cross, my blood, my suffering, my work.***

***Doesn't that mean anything to you anymore?"***

To the Pope: (That just sounded like Italian. I didn't understand that.)

## #23 MESSAGE FROM OCTOBER 16, 2021

JESUS CHRIST AND THE BLESSED VIRGIN MARY  
"HAVE I SOWN LOVE?"

Mary appears with Jesus to the prayer group. They send their greetings to all of us.  
Mary sends the following message: ***"The darkest hour is before sunrise. Stay with me in prayer. Each one of you will be considered."***

After the prayer group

***"My Son who saves the world weeps. Godlessness is spreading unnoticed.  
Who still seeks him, my Son? Who seeks his nearness? Who honors his cross?  
Who is aware of the enormous value of his life in this world and of his work until today ?***

***If the world does not turn back in humility, it will perish. Perish in chaos, perish in hatred, in anger, in the disorientation of the material.***

***I tell you my children, turn back! It is not yet too late.***

***The evil can still be averted.***

***You can find your way to Him, to the Lord God, to my Son. To the faith that gives comfort, gives hope, gives love. Salvation is to be found there, my children. In the light of our Lord Jesus Christ, in love, in mercy, in peace. It is not too late my children. Pray, pray!***

***Find your way back to that silent place in your heart that calls you, whispers to you, guides you.***

***This silent place within you is always there and can be entered by you at any time.***

***Where love dwells, God is also to be found. In you. Be the blessing of the world. Spread your light, your love.***

***Give. Give with open arms from your heart and it shall be given to you.***

***Find your way back to humanity, charity, clarity, justice, truth.***

***Don't let fear take hold of your heart. Open it to love for your neighbor, for your brothers and sisters. Seek truth and justice, my children, and stand up for one another. So you can let your heart decide which way you want to follow. Which way is that of the Lord.***

***You can recognize the way of the Lord by the love he leaves behind.***

***So you can check, am I on the way of the Lord?***

***Have I heard love? So love!***

***In the name of the Father the Son and the Holy Spirit. Amen."***

## #22 MESSAGE FROM SEPTEMBER 22, 2021

### THE BLESSED VIRGIN MARY "ADMONITION TO MANKIND"

Mary has been present for some time. She is wearing a white dress. She has her light turquoise belt with the two ends hanging down.

She has delicate fair skin, medium to dark brown hair and a white veil in her hair. As we prayed, she had her hands folded and was holding a rosary.

***"My children, my children."***

She is standing on the globe. It looks like she has a white mantle on with a hood. The mantle wraps around the world. She smiles.

***"Your efforts in all honor. Thank you for your efforts. Thank you for your prayers. Thank you for your trust. Thank you.***

***I appreciate this very much and the heavenly hosts rejoice with joy because of your devotion. I love you my children!***

***Nothing gives me more joy than your prayers. My love is infinite.***

***My joy knows no bounds."***

Mary shows her heart.

***"I always accompany you. Every good word or good deed brings me great joy.***

***Now you are all brothers and sisters who help each other, support each other, but world events sadden me.***

***So few who take prayers seriously. So few who long for my Son.***

***So few who realize the seriousness of the situation.***

***My Son is the Savior, but no one wants to listen to Him.***

***Open your hearts! Find your way back to prayer. Take my blessing upon my children.***

***Find your way back to the Church. Where you will receive even more blessings."***

There are waters to be seen again. She shows the sun. It is as if she connects the sun and the sea. She stands in between.

She dominates the sea. She rules the fish in the sea.

She watches over the ships in the sea. She can make the water stay still.

She rules the elements because of the people who are out of control because of our misbehavior. Earthquakes, storms, tornadoes.

She shows the pictures of each.

In order for her to intervene on our behalf, she needs our prayers. Repent, confess, fast to remember what is really important.

Eating only bread. Bread and water one day a week to counteract the disasters. She warns, exhorts to the conversion of humanity.

To desist from killing one, to desist from sinfulness. It shakes her mother's heart.

She rejoices over the individual groups and individual lights and faithful people who bring light into the world, but they are few.

It is as if she is saying that there are too few for change to happen so that the disasters do not occur.

She shows pictures of natural disasters, floods, seas that make very high waves, storms that destroy cities, hunger, greed, suffering, earthquakes (Asia maybe China). In these catastrophes, people can be seen screaming, crying, despairing, completely losing their footing. It seems to me as if the world would go down into chaos.

(Africa).

There is always the word hunger, famine. Dying children. She asks again to put on supplies. Time is running out for that.

Germany:

Threats to slip into darkness and needs a reminder of its own values.

Austria:

Follows the German example, which morally speaking, has lost its role model function.

France:

It would also be advisable for France to find its way back to prayer.

***"The need is great, my children. The abandonment of faith is widespread.***

***My admonitions seem to be going unheeded.***

***Who seeks the way to the churches?***

***Who asks the priests for advice?***

***Are they still integrated?***

***Who still recognizes God's power? God's glory, God's blessing?***

***Who still seeks God?***

***Who is looking for my son?***

***Who seeks to honestly meet Him in prayer?***

***Who acknowledges His suffering and sacrifice?***

***Godlessness has entered the hearts of many people who have forgotten who created them, what their true being is.***

***So I ask you, my children, to carry the word into the world.***

***The word of my Son, so that people may remember what fills their hearts with joy, who created their lives, what brings them peace:***

***The Lord.***

***So I leave you in the name of the Father and of the Son and of the Holy Spirit. Amen."***

## #21 MESSAGE FROM SEPTEMBER 17, 2021

### ARCHANGEL MICHAEL "WARNING OF THE FINANCIAL CRASH"

During a meditation Archangel Michael appears. He shines in glistening golden light. First he delivers a personal message and answers private questions. Then he makes clear that he still wants to deliver a message to the general public.

The following is the dialogue between the seer and Archangel Michael:  
He warns about the financial crash. He says I should issue a warning.

*"What kind of warning Michael?"*

He wants us to be prepared for it. He wants us to know this. That the world is going to have a major shakeup, the structures like we have so far.

***"Don't be blinded by what is now being shaken up, what is coming to light, what the light can now fall on. The masks have fallen. The puppeteers are becoming visible and those who hold the strings. Soon the whole construct will be quite clearly visible, so that there will no longer be any doubt as to who is acting on whose behalf, who is connected to whom, who has what mission and why.***

***The truth carries tremendous power that cannot be nullified by any effort in the world. Watch it like a motion picture. Maybe like a documentary, without letting it worry you. Let it pass you by, take note of it, but do not let it affect you, for your ascension is inevitable. Your own true light is also coming forth.***

***You are coming into contact with your own light, your own qualities, what makes you you. Follow this path of becoming lighter. Entrust yourself to this luminous path, created in collaboration with God, which does not allow failure. The only thing we have to do, or what is necessary, is to go along, to get involved, to let yourself fall in the knowledge that your own soul plan will be implemented, trusting that everything is in the starting blocks for this and also that everything that is necessary for this will be taken care of. Connect with your angels, your light beings, those light-filled beings to whom you feel drawn, so that they can lift your energy in this moment, dissolve your shadow, dissolve your blockages. The energy just keeps flowing through you as you open to it.***

***It can be carried to you now in this moment. Choose to do this transfer if it feels right for you. We are transmitting energy to you that will support you in your ascension.***

***Trust, trust in God's comprehensive plan of becoming light. Turn your attention to the things that support you, that correspond to your life plan, that delight your heart, that fill you with lightness, that make your eyes shine. Find yourself more and more. Find your true essence."***

*"Thank you Michael, Thank you!"*

## #20 MESSAGE FROM AUGUST 15, 2021

### JESUS CHRIST AND THE BLESSED VIRGIN MARY "MESSAGE TO THE YOUTH"

Mary appears all in white, she always has a mild face and wears a white veil on her hair. She stands in front of a body of water, steps aside and shows a narrow footbridge that leads over the water. Then she opens a door and walks through it with me. I plop down from above into a scene.

I see a huge flock of sheep, hundreds, thousands, in a meadow as far as the eye can see. The sheep are in a confined area, surrounded by a symbolic little fence. Jesus appears and shows a large cross which is engraved and decorated. He makes a sign of the cross.

Jesus now warns, because the flock of sheep experiences hostility. Hard, unpleasant times are coming. He knows it is hard for us.

People will try to attack the flock of sheep. It will be hostile and there will be exclusions and upheavals. He warns that it is important to remain in faith in God and Him, Jesus.

We should not let ourselves be distracted, they will try to talk us out of our faith.

We should let that bounce off us and stay in faith with Jesus. We should stick to Him!

We can call Him at any time. He is always with us. He's never gone. He is our friend and takes us in his arms when we are sad and don't know what to do.

He asks us to take the host. He is sad that it is taken so little. It contains his body.

We should be aware of this.

It is important to receive him in the host while it is still possible. The doors of the churches will be closed and then there will be no possibility to take the host. I see a picture locked of iron church gates.

We should take this seriously!!!

Then I see the flock of sheep being herded into a separate area?! Locked away? Excluded?

There will be social movements that sheep will be excluded or even hunted. We are to show strength! Some will fall over and fall into the hands of darkness. He knows we are strong and will remain that way. We are to help others stay strong too.

### **Message to young people**

***"There are medicines that are dangerous, not safe and not well tested. You should be careful!!! Careful! You should follow the inner compass, the heart. It tells us the direction for our path.***

***God speaks to us in this way. Through our inner voice that knows our soul plan, our path. What feels right for me? What does \*my\* inner self say??? That is my truth. This is what we should stick to!!!***

***It may be that others have a different truth, but one should stick to one's own truth.***

***There is advertising and social encouragement for certain medicines. This has a confusing effect on people. One says a, the other says b. Which is right? Only one's own compass can give the answer.***

**Something is propagated that is socially regarded as "the right thing to do." We should not let ourselves be misled, but listen to our own heart, our own body. What does my body want? What feels right for my body? For me? My inner self knows the answer!!!**

**This time is especially hard for young people. But these young people who are here now have been prepared for it.**

**They have the power and the strength to do the right thing. To follow the right path.**

**When parents have different attitudes, it is difficult for young people. How can I find my way? What's right?**

**Everyone has a different path here. You have to follow your heart, your inner compass.**

**Young people are now laying the foundation for their lives and their future at this time.**

**This is important to keep in mind. You should not decide lightly.**

**You have the power. You have everything you need to know what to do. Even though you are still young.**

**You will discover powers within you that you didn't know were there. Community is the key.**

**You are going to find like minded people.**

**We are to remember Jesus suffering, what he endured. We are to remember him. He went through it with a certain consciousness.**

**He knew what he was doing it for. That it wasn't in vain, that it would be rewarded in the end. In the end, the sun will shine."**

Now He stands on the water, but it does not touch Him. **"We are to hold to it when the level rises. The level will rise, fall, rise, fall..."**

He shines with bright light, like a halo around his whole body.

**"We are to trust! Trust! Trust God!"** Bright cross of light in the sky.

Jesus gives orientation in dark hour. Everyone present is kissed on the forehead by Jesus, he places his hand on our heads, speaks softly to each.

**"We will learn new skills. They will be activated at the moment when they are needed. When they are needed, they will be there."**

## #19 MESSAGE FROM AUGUST 13, 2021

### THE BLESSED VIRGIN MARY ABOUT POPE FRANCIS

The Holy Mother of God appears during the prayer group. She appears with a wreath of roses on her head. She appears again in the midst of a sea, surrounded by much water, which, however, she does not touch. She stands there shining brightly like a lighthouse. She turns around her own axis, as if she were looking out for her children and being a lighthouse for those who are looking for her.

I ask, *"Why so much water again Maria. Where is that? Is that with us too?"*

Mary indicates that it will be everywhere and also with us. There are private conversations and answers to personal questions from two participants.

S. asks Mary about Pope Francis. Maria shows again the picture with the ruined church and the betrayal.

Mary says that the Pope is faithful to Jesus with his heart. He is surrounded by many who serve the other side.

He is being pressured and wants to die a martyr's death.

When asked what we can do for the Pope and the priests, She says that several times a day we can imagine Pope Francis and all those who serve the Church, as well as the Churches themselves, wrapped protectively in light.

She will speak another time regarding the purpose of the so-called vaccinations. (In the 10th message, she said that vaccinations are not vaccinations, but serve another purpose).

## #18 MESSAGE FROM AUGUST 01, 2021

### THE BLESSED VIRGIN MARY

During the prayer group, Mary appears in a white dress and halo with stars. She hands me a red rose. She was again surrounded with water which did not touch her. It was under her and did not touch her and a wave was above her, this also did not touch her. The water rose about halfway up her lower shekel, but did not touch her.

After the prayer group, Mary is felt in the room. I call St. Michael the Archangel and Jesus and ask them to let only Mary and Jesus pass through. I ask Jesus for a sign. A golden cross lights up.

Mary appears with a white veil and a bulbous crown whose struts converge at the top. She holds a sceptre in one hand and the infant Jesus wrapped in cloths on the other arm.

I used holy water and sprinkled it on her. She stayed there and the water slid down her and she delicately wiped it off and wet her face with it. Afterwards she patted me on the face smiling as if to tell me she appreciated my precautions.

## #17 MESSAGE FROM JULY 21, 2021

### THE BLESSED VIRGIN MARY "THE SUN RISES"

Mary appears during the prayer group and the reading of the litanies.

The children ask her questions. She assures them that she is always with them and no matter what comes, nothing will happen to them.

They ask what the world will be like after all this. Maria asks F. back how he imagines paradise.

Maria shows herself again with the pale porcelain skin, the white dress and a light blue headscarf and she smiles.

She shows me a picture. A gate as one imagines the gate of Peter. Ground made of clouds. Golden fence and golden gate.

I was allowed to go on. There was a wide path where the ground was also made of clouds.

Further away is a big white huge light.

It is again in front of me in the room.

I ask again, "Who are you?"

***"I am the mother of all nations! I am the Queen of Peace!"***

She radiates a lot of peace and love today.

***"My child the sun rises in the hearts of all peoples.***

***Move forward my child, move forward, the sun is rising.***

***Love and peace are rising in the hearts of the people.***

***It is a long and stony path. But it leads to the sunrise.***

***The adversary never tires of getting in the way.***

***But the love in people is increasing.***

***Continue your work, which has already yielded much.***

***Continue your work knowing the good outcome.***

***Be prepared for resistance and opponents who will try to talk you down.***

***But do not let them get through to you. Remain faithful to me in your heart.***

***Carry my mission in your heart. I am always with you. Be sure of that.***

***You are my chosen children."***

She makes the sign of the cross. She leaves and lets fly another flock of white doves.

## #16.2 MESSAGE FROM JULY 14, 2021

## JESUS CHRIST "I AM THE LORD!! AM THE SHEPHERD! I AM THE LIGHT!"

I'm sitting at the computer right now, editing a new video and looking for Jesus images. Now Jesus came to me again and tapped me on the shoulder and said, **"Come!"** At first I didn't take it too seriously, then He tapped again and said, **"Come!"** Then I turned to Him.

He said, **"You carry a heavy burden on your shoulders, let me lighten your load. You are fulfilling an important task. I am always there. You have called me many times and I have been there every time, but you have not been able to perceive me because of the fog you have been in. I am not angry with you for that. I understand that, but let me tell you, I am there every time you call me."**

Seer: *"Thank you, that's comforting."*

I see a bright white light now. It is barely visible behind it.

Jesus: **"Look to the future with confidence. You will want for nothing. Your desires will come true in ways you never thought possible.**

**But be patient my child, be patient and let events unfold. Everything will come at the right time.**

**Trust that the Father knows the right ways and the right time for you."**

Seer in tears, *"Yes thank you. This has been on my mind a lot."*

Jesus: **"You can call me any time. I am always at your service also for your family and your friends, because your friends are my friends. There is no end to my love. This is what you are made to believe. But this is not true. For those who are faithful to me, my love is endless. For those who have forgotten me, my love is endless. For those who have decided against me, my love still exists, but they do not want to accept it. They have chosen a different path and I cannot take this path away from them.**

**This will be discussed elsewhere, which way which soul takes. But no soul is lost. Unless it chooses to do so."**

Seer: *"That confuses me now Jesus! There are so many statements about it. Did I understand that correctly now?"*

Jesus: **"Don't worry about it. Keep concentrating on your task.**

**Continue on this path and fulfill your task. You bring the light to so many souls.**

**There will be more whom you may remind of yourself, for that is what you are here to do.**

**Do not worry my child. Everything will be taken care of at all times.**

**Memorize these words and pass them on.**

**Everything will be taken care of at all times.**

**I am the Lord! I am the Shepherd! I am the light!"**

## #16.1 MESSAGE FROM JULY 14, 2021

### JESUS CHRIST AND THE BLESSED VIRGIN MARY "GIVE ME YOUR SINS"

During the Rosary of Mercy, Jesus appears to me.  
He is simply there and attends the prayer.  
Those present rejoice and praise Him, through loving words and prayers as requested.  
They ask Him to come again soon and redeem humanity.

After the rosary, He shows Himself again in the midst of floods.  
He shines brightly, even his forehead shines especially brightly. He reaches out to us and says that we need not be afraid, that we are safe as long as we cling to Him. He is with us. He is admonishing, saying that the "dark side" will try even harder to turn people and also us away from Him and faith and prayer.

I feel another message coming on. We end the prayer group. S. prepares something to write.  
We begin to pray the Marian Rosary together and wait for the Mother of God.

Mary: ***"My noble children! Thank you for responding to my call. Thank you for coming together today to pay homage to the Light. How important this task. How important to defy the adversary."***

***My children, a word of warning: the waters , the floods!***

***Let me take away your sins, which are numerous and yet you are the beloved children of the Lord.***

***Give me the sins you have committed against each other, against your fellow men, or even against yourselves.***

***Let him who is without sin cast the first stone.***

***Give me your transgressions. Let the light flow into you. Give room to the light within you.***

***Everyone who reads this, hand over your transgressions to me. Only the intention is enough.***

***Let the Lord's sheep take their comfortable place, by His side.***

***Therefore, I invite them to follow my call and seek prayer.***

***No matter what language.***

***Even incomplete prayers that you can recite are prayers.***

***Let the prayer from your heart speak your mouth.***

***Your worries, your thoughts, what moves you.***

***Find the way to reconnect with the Lord your Creator.***

***So I leave you today in the name of the Father, the Son and the Holy Spirit.***

***Go in peace! Be the peace!"***

## #15 MESSAGE FROM JUNE 23, 2021

### JESUS CHRIST AND THE BLESSED VIRGIN MARY "FEAR IS NOT THE TRUTH"

Mary appears and she is holding a rosary. It is very bright, yellowish and the cross emits a very bright light. Various visual impressions can be seen.

Mary appears heavily pregnant again. She then holds up a newborn baby.

She holds it further upwards. She sends the child, surrounded by light which is also radiant itself, upwards into a blanket of light clouds where it disappears.

A kind of baby's cry can be heard. Then a white stone arch appears, an archway made of white marble with a golden inscription.

The arch comes closer and we glide through many such archways, which then form a tunnel of light. All of this is bathed in clouds and bright light. Many white doves appear flying.

Now Jesus is here.

He wears a white robe with embroidered edges, reddish, yellow and brownish pattern, and He has shoulder-length hair.

He sits down on a bench. He just seems to want to say hello.

A sort of small waterfall runs from left to right as if into a pool, but it is more white light than water. It shows a huge wave of waterfall of light that now fills the scene. Jesus is standing in front of the water. He is again wearing the golden halo with the engraved cross and His body is radiating light in the shape of a cross.

You can see his heart, which is glowing red. The waterfall of light becomes larger and even brighter, whiter.

It seems to have something to do with purification. It shows the earth from above, you can't see it clearly because there is a dark layer above it.

There are many lights that break through this dark layer.

These are the people who spread the light.

We believers, who are with Jesus in our hearts, can break through this layer.

Jesus: ***"For this, love is required, only love. Humanity, willingness to help, being there for each other, giving each other support, listening to each other and having positive thoughts. If you pray to me, this will be strengthened and so the darkness can be broken.***

***You should not give in to fear. Do not allow yourselves to be frightened.***

***This fear is not the truth, love is the truth.***

***Have faith and pray with them [the people], which is especially important at this time.***

***Be the light, exemplify it. Avoid [...] fuelling fear."***

[...]

Jesus: ***"Blessed are you!"***

Then he leaves.

Mary makes the sign of the cross and says goodbye.

## #14 MESSAGE FROM JUNE 17, 2021

JESUS CHRIST AND THE BLESSED VIRGIN MARY  
"LOVE WILL LIFT YOU UP"

Mary appears and confirms her identity after a request by holding out a white rosary with slightly thicker beads. **"I love you, my child."**

**"In the name of the Father and of the Son and of the Holy Spirit. Amen."**

**She is dressed all in white. She also has a white veil in her dark hair.**

**Soft skin, a gentle smile. She shows how pregnant she is.**

**"It is very important what I am telling you now, my child. [...] a mother's love knows no end.**

**My love for my children is also infinite. It truly goes to the end of the universe and beyond. It circles the globe once and touches many hearts.**

**How I love you, my children, can hardly be put into words.**

**My motherly heart weeps with joy and tenderness.**

**Do you feel this love, too?**

**Let it envelop you completely. Let it clear yourself completely.**

**Love will lift you up, my children, and make new people out of you.**

**The pure love, selfless love and yet I come to you in times of sorrow.**

**The world will no longer be as it was. You need not be afraid of this.**

**Because after the change, there will be no more wars, there will be no more suffering; it will be a new world."**

She threw many doves into the sky which fluttered and flew upwards.

**"Receive my peace my children, let it envelop you completely, envelop you in peace, gratitude and love.**

**But peace also needs to be preserved. Who hears my voice?**

**My children, a great danger is coming your way. I am constantly trying to warn you about it.**

**The sea will overflow its banks. Rivers will leave their banks.**

**Ice caps will melt. If you don't stop it.**

**You have this power.**

**Together with you, I can avert this danger. I already told Melanie about this.**

**Please take action in this regard. It is very important. All it takes is a few people praying for it.**

**It is my power that will stop this. With my help.**

**The water will increase in strength, fuelled by an evil will."**

I see America, a big city in the USA. Tower blocks on the edge of the water.

As if a tsunami wave were engulfing a large city.

**"What you perceive is right, there are dark forces at work here.**

**Start praying for it today.**

**The rosary of mercy. (From Sister Faustina)**

**Start a prayer group for this purpose.**

**Half an hour every evening. For three months."**

She shows a picture of this city as the water recedes and has left no damage behind.

Jesus appears. He smiles. He seems to have a sense of humor.

S. tells Him that she wishes she could give Him a hug.

He says that He will not deny S. any wish. Jesus hugs S.

He says: **"Fear doesn't really exist."** He has come here to hug her. Then He leaves.

Mary is back. She makes the sign of the cross.

**"Do as you have been commanded. In the name of the Father and of the Son and of the Holy Spirit.**

**Go in peace."**

She looks different now. She has a white dress and a white headscarf with blue embroidered edges.

She has a small golden crown, the width of her head with spikes.

She has her hands folded in prayer. **"Be at peace, my children, be at peace."**

### #13 MESSAGE FROM JUNE 16, 2021

#### JESUS CHRIST AND THE BLESSED VIRGIN MARY "LOVE IS YOURS"

Mary appears.

**"Trust, trust, trust the process of ascension.**

**Look at your dark side, look at them closely and then let them go.**

**You now have the opportunity to look at everything again to heal it and it will be easier than before and you will be surprised how quickly you can let it go.**

**Your mother has her own challenges, leave her in peace, leave her in peace, let her go in love. She did what she could, but her limitations are not your limitations.**

**Look at these limitations to understand them better and then move beyond them in love and dignity.**

**Spread this message because it is important for everyone now.**

**Everyone has a mother.**

**Femininity can be healed now.**

**This is a matter close to my heart.**

**Mother and motherhood.**

**My child, go forward in peace. What steps you have already taken. [...] celebrate your successes.**

**Do not grieve. The past is gone and yet it had a meaning, just as it was. Your past also follows a perfect order. If you could still remember so clearly, if you could compare the details, if you could look into every single little situation, you would see how perfect this order is.**

**And you would not weep in sorrow, you would weep in awe of the Divine order and perfection that our Creator gives us.**

**So do not grieve over supposed losses, circumstances that you perceived as adverse, stressful or exhausting.**

**You have also resolved karma in this way.**

**You have chosen this yourself. Remember that you have chosen this and this will instantly change your point of view, the awareness of it.**

**My children, go forward in faith.**

**Prayer groups are probably also a good starting point for your regions, for your environment.**

***They will grow. You will see.  
Grieve no more, my child. Let it be taken from you.  
I am here to help you. Let me take your burden now.  
My son will help you too, if you ask him to."***

Jesus: ***"You are free to choose, my child. I know the state of your soul.  
I know the intentions of your heart and they are pure. [...] and that is enough for me, my child. The love you radiate into the world is a great gift, even if you are not aware of it.  
Perhaps it is time for you to focus your attention on this.  
I know that you are devoted to me. Do not grieve, my child, love is yours.  
Love, love, love is yours! And so it is, that of the world.  
It continues to flow through you into the world. I know you well. I know who you are.  
I know where you come from."***

Jesus leaves and Mary is back. She points to the sky again with her outstretched arm. The picture of a meteorite can be seen. She shows me a meteorite hitting somewhere. It looks like a meteor is flying towards us. It looks as if it's going to hit the earth, as if the meteor is flying just above the earth. It flies towards the earth as if it were going to hit, but just before it reaches the ground it is deflected, continues parallel to the ground and then flies upwards again. People noticed this. They are afraid that it will hit the ground. There will be fear and unrest, but it won't hit the ground. Rather, it is as if it will stop in the sky. It looks like some kind of apparition. A person made of light that will be visible all over the world. Nobody will be able to explain it. But what is it Mary?

Mary: ***"More later."***

## #12 MESSAGE FROM JUNE 15, 2021

## THE BLESSED VIRGIN MARY "THE FLOOD IS COMING"

I prayed and asked Mary for help, first for the world and then for my situation. Then she said: **"Your fears are holding you back. Hand over your fears to me. Release them from your heart. You are flawless, flawless in the eyes of the Creator."**  
 "I don't feel flawless at all."

She is kind of giving a warning again. Warning for the future. I see different images again. I see a kind of meteor in the sky again. A white ball with a tail against a blue background. It looks like there's some kind of explosion, like an explosion of light, a shock wave. She warns us of it. I had her presence confirmed again. It sounds like her, like her voice.

**"It is I, my child."**

"Who are you? Tell me your name."

Mary: **"Immaculate heart"**

I see her image in front of me. She's wearing a white dress and a white coat with a golden edge, relatively chic. On the neck like a kind of lace collar, relatively high. She has porcelain-like skin and dark hair. She wears a golden crown, which is like a golden ball.

She warns us. There is this kind of meteor coming towards us, towards the earth. It does something to the water, to the sea, causing high waves.

**"My child, the flood is coming".**

"What flood?"

**"Warn your brothers and sisters of the impending danger. Make your preparations, be prepared for the final battle.**

**Arm yourself! Arm yourself in the battle against the disaster that is approaching.**

**Your prophetic gifts will save many people. Use them wisely, as you have already done.**

**Spread my messages. Speak the truth in all matters. Speak the truth.**

**Even if no one doesn't like to hear it.**

**Courage is necessary. Courage is needed. I support you and send you aid.**

**My child, thank you for answering my call. Keep moving forward. I am always with you.**

**I will never leave you. I am always by your side to support you in fulfilling your task. Do not worry. Soon I will show you the next steps.**

**Prayer groups. You must be the pioneer. There is nobody. It's you or no one.**

**Trust in my messages. Trust in your abilities. Trust in a positive outcome!**

**God keeps his sheep on dry land. Even in the storm, they are safe and warm.**

**Trust in us. Divine power of the Trinity. Father, Son and the Holy Spirit.**

**Await my next message with anticipation, for I'll bring good tidings.**

**Now I leave you in the name of the Father and of the Son and of the Holy Spirit."**

## #11 MESSAGE FROM MAY 30, 2021

## THE BLESSED VIRGIN MARY "DON'T LOSE FAITH"

The Holy Mother appears huge. She is completely white and has a bright white halo. It is hard to describe her. She demonstrates her power and holiness. She is the Mother of the universe and has power over the forces of the universe. Behind her you can see the universe in dark blue.

***"I am the Queen of Peace. I come to you on this day because time is short. You are my honored children who receive my manifest blessings. My children whom I bestow with my love. Be confident in my blessings, in my protection, in my mantle that I have placed over you. Which from now on is yours forever. No doubt, no fear, no worry, no attack can penetrate it. For it is woven from love, from the love of our God and from the love of our Lord Jesus Christ.***

***My children, listen to my warning. I am saddened by the state of the world. Sad, for the loss of my sheep. Sad for the loss of my Son's lambs who have left the path. My Son who embraces the world, who speaks to you, who speaks to the souls of men. To each and every one. He is everywhere. His power knows no boundary, His love is all-encompassing. My Son died for you. For love! He gave Himself for love of the Father. Knowingly that people do not understand.***

***Knowingly that it will survive time, when it is not understood. Knowingly that love will still reach you. My dear children, you are some of the few who believe the Word, His Word. The adversary never tires of thwarting His ways, but His power is limited. He knows the outcome. So it is his pitiful attempt to encompass the world as well.***

***But people's hearts are love, are love, are love. And people know this, deep inside they know the truth. But don't be fooled, my son is underestimated.***

***What I want to say to you today is:  
Don't lose faith!  
Faith in the cause.  
Faith in my presence.  
Act like sisters and lead the way!  
Move forward in faith, no one else can do it, you are the children who have to do it.  
No one else can do it.***

***Strengthen your bonds. Strengthen your love, conquer your doubts.  
The prophecies that I have shared with you.  
The pictures that I have shown Melanie came from Me.  
Don't despair, you can avert it. I will show you the steps.  
The pictures are real. My child, believe in you! Believe in yourself!***

***There are more prophecies to come.  
You are my prophets of modern times.  
With many others who do this work in my will, who have given themselves completely to the will of God.***

***My children are everywhere. My children are under my mantle and they spread love, they pass on love to people, just as you do. I know that you are pure of heart. So don't get lost in the details or the exact ways.  
You can confidently leave this to Me, who is the Mother of the world. I am the Mother of Love for all the children of this planet. My love embraces everything and everyone, my mercy knows no limit."***

She stands there with a small bouquet of red roses and looks down. She stands on the earth with a white dress and a white veil. It is as if the dress is wrapped around the earth.

***"Trust in my plan that I have prepared for you. You only have to think through till the next step. My children, I am always in your heart and send you my all-encompassing love - in the name of the Father and of the Son and of the Holy Spirit."***

## #10 MESSAGE FROM MAY 14, 2021

THE BLESSED VIRGIN MARY  
 "PRAY FOR MY CHILDREN WHO HAVE LOST THE WAY"

Mary feels admonishing and cautioning. She cries. A deep pain, a deep wound.

***"My children, thank you for answering my call.***

***Thank you for taking the time to listen to me.***

***The world is in great danger.***

***My mother's heart weeps with sorrow for the children of the earth.***

***For my beloved sons and daughters who have lost the way, the way to themselves, the way to God's grace.***

***Cruelty has taken hold.***

***Pray my children, pray for the souls of those who no longer know who they are.***

***Who have succumbed to the clutches of the beast.***

***Who have fallen for its tricky crimes.***

***Who can no longer distinguish truth from deception.***

***Blessed are my children who feel the truth in their hearts.***

***Blessed are those who are children of God in their hearts and have not succumbed to its tricky deceptions.***

***Illusions.***

***My children, time is pressing."***

Seer: "What can we do Mary?"

***"Show your brothers and sisters the way to God. Expose the deceptions."***

Seer: "They don't want to hear it."

***"The truth will prevail.***

***The truth cannot be suppressed forever.***

***The truth is the truth and remains the truth no matter how hard you try to transform it.***

***Be patient with your brothers and sisters who have succumbed to its clutches.***

***Show them true love and compassion. Don't let separation happen."***

She wants to take care of all her children. That we just have to call her and she will be there. Any time, because we are her beloved children. You are our beloved mother.

Question about the virus and vaccination:

***"It is Wuhan. The virus comes from that laboratory where it was created.***

***The history of the virus goes back a long time and has been planned for a long time. Many interests converge."***

***"The so-called vaccines you asked about are not vaccines. They serve a different purpose."***

Question about the information from Archbishop Vigano:

***"He has received truthful messages."***

***"Humanity is at a crossroad.***

***Everything will happen very quickly now.***

***Trust in the Lord your Creator. He will never let you fall.***

***You, His children, will find a place in His heart. And everything will always be taken care of."***

Question about supplies:

***"You would do well to prepare yourselves."***

To the Seer M.: ***"The spiritual world, the angels, your relatives, all beings of light stand by you to support you in your mission in the fight against the beast that is rising to its full height for the last time to tear the world into the abyss."***

***Many will give their lives in the fight against darkness. But they have agreed to this with God. They die a symbolic death to open people's eyes. To draw attention to the serious abuses."***

***"The darkness will continue to spread, my children, but pay no attention to it. You still have a dry spell ahead of you. You are hidden in God's heart."***

***"Publish all my messages."***

Melanie: *"What about the picture with the church?"*

***"You are receiving messages from heaven my child. Do you want to cut them down? I want the world to know. You are the light and the love, you are in my womb."***

## #9 MESSAGE FROM MAY 03, 2021

### JESUS CHRIST AND THE BLESSED VIRGIN MARY "DARK IS THE HOUR OF HUMANITY"

Mary has baby Jesus in her arms and she wears a golden robe. Her face is very large and she smiles gently. She wears a large, round, golden crown. She shows another picture. A huge wave of water. A tsunami! A huge wave of water is rolling in.

Mary is now very tall and stands protectively in front of it. The wave bounces off her and ebbs away.

Mary: ***"Prayer is your weapon in this battle.  
Be aware of how strong you are.  
Your power can be called upon.  
Your fear can be overcome.  
The beast has no power of its own.  
It needs to be nourished.  
Keep your thoughts pure.  
Your words true.  
Your actions for each other in the service of the other."***

***"Dark is the veil of forgetting, Dark is the hour of humanity!"  
She shows her red heart. She wears a white robe with a golden crown. She points to the sky with her arm outstretched.***

The ball of light can be seen. It is a kind of warning. Like a meteor! It's racing through space!  
***"No one is aware of the danger that is coming your way. Instruct your brothers and sisters how they can connect with God!"***

She is carrying Jesus in her arms again. It's a touching picture. She hands the child over to me. Then Jesus appears as an adult. He washes his face. Jesus shows a meteorite that is smaller than the warning sphere and it hits the earth. An earthquake follows.

Jesus: ***"Please spread my word!"***

Jesus shows me a beach and a sea. A large wave can be seen engulfing a large city. Jesus says that we humans can avert this through prayers. He says that if we don't avert it, there will be great suffering among the people.

The water will spread.

Then he raises His hand and makes the sign of blessing with His two fingers, as we know it from photos.

I felt my crown chakra being expanded. Something has entered the crown chakra.

Jesus shows the swirling tunnel again and He stands in front of it and we go in.

My third eye is burning and hot.

I see us arriving in Jerusalem. There is a market there and Jesus shows me a scene of Him standing there and giving a sermon.

But the people don't understand Him. Then He shows how He helps sinners.

I hear this sentence: **"Let him who is without sin cast the first stone!"**

In the next scene, we see how He heals the lame so that they can walk again.

People don't understand that either. His consciousness is so advanced, but that of humans is not.

They fear Him and admire Him at the same time. **"I am the light and the life!"**

I look up at him from below. He is standing right in front of me. He has a halo, a golden crown on his head with a golden cross engraved on it.

A golden glow emanates from Jesus. **"I am the King of the Jews."**

His life was dedicated to God. He was not understood, and the persecution began.

The scene with Jesus disappears,

Jesus is also gone and Mary reappears. She shows her face again with her gentle smile.

She says: **"There are hurried steps to be taken. The hour is late."** She radiates hope and real trust.

Mary: **"The Lord, my son, will bring salvation. But there are steps to be taken."**

Her expression becomes sterner, admonishing.

Mary: **"The beast is the adversary, you don't recognize him. He is well disguised.**

**Only the true believer recognizes his actions for what they are. As mischief, as wickedness, as infamy.**

**Lying, cheating, deceiving, defaming, being untruthful. These are his ways.**

**Only a pure heart recognizes iniquity. The others are deceived, hoodwinked, abused, manipulated.**

**Instruct your brothers and sisters to seek the truth before it is too late. In God they will find comfort, home, harbor, truth, love, light."**

She shows me a night sky with shooting stars, like a magical night. People are talking to each other.

Word is spreading that people have heard of a prophet.

Mary: **"You are the lamb. Your strength comes from God. Your healing comes from God. Your material needs will be fulfilled by God.**

**He has everything for you.**

**Surrender your doubts to me.**

**Open yourself to love. Tell your brothers and sisters that I love them and that there is no end for those who are faithful.**

**Those who are pure in heart have nothing to fear. Many go back to God.**

**Death is an illusion. A return. There is nothing to fear.**

**In truth, everything is love.**

**Tell your brothers and sisters that my love has no end, but they do not want to hear my message.**

**My warning.**

**My saving anchor.**

**You too, show them the way out of the darkness."**

"How?"

Mary: **"Through prayer!"**

She shows a picture. The ball of light can be seen again. [Asteroid or meteorite]  
It hits the earth. Floods, famines and droughts follow.

The world is sinking into chaos. **"But people can avert it!!! Through prayer!"**

She shows another picture.

A huge wave of water. A tsunami! A huge wave of water is rolling in.

Mary is now very tall and stands protectively in front of it. The wave bounces off her and ebbs away.

Mary: **"Prayer is your weapon in this battle.**

**Be aware of how strong you are.**

**Your power can be called upon.**

**Your fear can be overcome.**

**The beast has no power of its own.**

**It needs to be nourished.**

**Keep your thoughts pure.**

**Your words true.**

**Your actions for each other in the service of the other."**

## #8 MESSAGE FROM APRIL 2021

### THE BLESSED VIRGIN MARY "THE COLLAPSE OF THE CHURCH"

The Blessed Virgin Mary appears. She requests to show me something. I focus on her.

In my mind's eye, I see a picture. Standing in front of a church in the background, I see a nun. She looks in my direction. Suddenly her face changes. It turns dark purple and becomes deformed.

Her eyes became very big and very scary. She opens her mouth and a snake's tongue comes out.

It looks like a demon. She speaks with a "split tongue."

Then I see a picture of a priest kneeling before Satan. Satan is squatting on a wall and the priest makes a contract with him. The priest hands him a scroll of parchment with a seal.

That means he is in league with him.

I am so frightened by these images that I stopped the vision. I could sense the betrayal and the "evil" and I couldn't bear it.

About a week later, I asked Mary to show me again what she wanted to show me, as I could sense that this was not everything.

She starts from the beginning.

Again I see the nun who turns into a demon and the priest who has made a contract with Satan. It is noticeable that the betrayal of church values and ideology has taken hold. There are priests and nuns who praise Satan and proclaim words that lead away from Jesus Christ and God. They betray the church.

Satan rejoices over those who come over to him.

In the next picture one can see how the church building falls into pieces. The church is collapsing. This is to be understood symbolically.

Through the betrayal of church & Christian values, the institution of the church will perish.

A small stone archway opens up in the rubble through which you can see the light.

Through that gate you can see the horizon.

However, one can only pass through the gate if one makes oneself small before God.

## #7 MESSAGE FROM MARCH 08, 2021

### THE BLESSED VIRGIN MARY "THERE ARE ONLY TWO PATHS"

As I study the other written messages, I read again that it is a divine message and I realize that we should, as she said, that we simply pass it on without judging it.

Mary appeared all in white and shone very brightly. Her skin was also very light. I try to talk to her and she says: **"I'm proud of you."**

I laugh a bit and ask myself, of what?

**"My heart is your heart.**

**My love is your love.**

**My peace is your peace.**

**Go ahead. Pass it on.**

**Show your face to the world and pass the message on to the world."**

She spreads her mantle. I start to cry and pray to her. "I'm sorry that it took me so long and that I somehow couldn't process this." (I cry)

**"There's nothing to forgive."** She takes me under her mantle. Then she stays in the room and puts her hand on my shoulder.

I ask her to take everything from me that hinders me and separates me from her.

"You will soon receive a resolution from me." She shows me her red heart. **"I will show you the way."**

Meanwhile, I send these dialogues to S.

S. asks Mary to take away everything that is hindering her. S. asks Mary to sharpen her perception.

But Mary says that S. already perceives this correctly and that she is currently speaking to her in this way, as she perceives it now. (...)

**"I want to show you something."**

(Reaction Note: She often speaks to me through pictures. Here too, this representation is to be understood

figuratively. This does not mean that "paradise" looks like it, for example. It is to be understood in a figurative sense.

She uses images to pass on that I can understand. These images are usually complemented by feelings that are conveyed through images.)

She shows a junction in the road.

On the left you can see something like paradise.

A beautiful meadow of flowers, the sun is shining and butterflies are flying.

It's beautiful, it's peaceful and harmonious, it's bright.

On the other side, it shows a kind of hellfire.

It's unpleasant there, it's somehow agonizing.

It's hard to put into words. The abomination, removed from everything good, so to speak.

She shows this junction in the road and says: ***"There are only these two options for people. There is only THIS for you to decide. There is no middle ground anymore. The end times have come.***

***Pass this on to the people."***

I call S. to continue the conversation with Mary.

***"There are only these two paths left. There is nothing in between. Judgment Day is near and it is important to decide which path you want to take - the path of love or the path of fear."***

She makes it clear that she is concerned about humanity. She exudes urgency and concern. She points to the coming economic crash.

People should connect their hearts with God, then they will be taken care of.

Everyone who prays to her is under her mantle.

When asked again whether it is true that people should stock up, she shows us a loaf of bread, water, fruit and fire or candles.

However, one should not give in to fear, because if we turn to God with our hearts, we will be taken care of.

We should go into love and trust in God.

She tries to reach out and warn people through their gut feeling and other channels.

She is worried that people don't understand.

They ridicule her. Don't take her seriously.

We are supposed to pray a lot, for others, with our hearts, not like saying the litanies just because one wants it done. But rather enter into a deep connection with God with our hearts.

We should imagine how we would like the world to be. What should it be like?

[Personal questions followed, which were answered by the Holy Mother...]

Finally, Mary places S. and I under a cone of light and offers to hand her over everything we want to free ourselves from.

She places a hand on each of our heads. S begins to cry.

I see red roses falling to her feet about the height of her upper body.

Then she disappears.

## #6 MESSAGE FROM JANUARY 29, 2021

### THE BLESSED VIRGIN MARY "THE LAST DAY - MORE DETAILED INFORMATION"

Maria is suddenly standing next to me. She has put her hand on my shoulder. It feels very soft and warm. Loving, supportive.

She is 2.5 - 3m tall.

She is wearing a long light blue dress and a light blue coat.

She is bathed in white light and radiates very strongly.

I checked her identity with a rosary. She nods and responds with the sign of the cross.

She asks me to call S.. So I did.

**"I love you infinitely,"** she says at the beginning.

At first, she keeps showing me pictures in a certain order:

1. The sphere in the sky; Mary shows me the huge sphere in the sky that looks like a meteor, made of light and fire.

I can see the sphere from the side of the universe. How it flies around the earth, past the earth.

2. People running frantically;

3. A pressure wave passing over the earth;

4. Waves of light wafting through and around the earth.

She tells me it's about the Last Day. She wants to give us information about what this ominous sphere and the Last Day are all about.

She says it's very, very important to her that we share all this. Preferably today.

S. asks how much time there is in between. Between the appearance of the sphere and Judgement Day.

**"There are only a few days in between."**

She is with us. We shouldn't be afraid.

Can we know what year it will be? **"There is no time."**

We will be warned.

Now she shows me the sphere from the people's earth's perspective.

If you look up into the sky. From earth, it looks like a huge moon, a huge white sphere that is very bright.

She now shows the chronological sequence of future events.

1. The appearance of the sphere in the sky is followed by a great deal of unrest among the people, who run around, scurry about, frightened and do not know how to categorize the events.

2. A kind of wave goes through the people.

3. Then the sky darkens.

4. Now the creatures of darkness become particularly active. The dark side tries to keep souls away from the light. A last desperate attempt to keep God's children away from Him. She shows me how many small black creatures are darkening the sky bit by bit. The sight is reminiscent of large bats flying in front of the huge moon and obscuring it.

5. This is followed by a kind of bang, a pressure wave. Then there is complete darkness.

***"The world is in darkness, the soul vision begins.  
3 days and 3 nights. You will pray and ask and seek the Lord.  
For He will not show you His face.  
The world powers are at war."***

I see people huddling in their homes. They are shaking with fear.  
Mary instructs us to stock up on supplies so that we have enough storage at home.  
When we asked, she suggested having candles at home. Preferably consecrated candles, in stock.

***"Consecrated candles blessed by the higher authority."***

S. asks what we will do during these days and the three nights.

***"Pray, pray, pray to save souls. Create light from within as much as possible, i.e. connect with God."***

(Mary says get into your feelings. S.)

Jesus brings light into the interior of the earth and in circling orbits to the exterior of the earth.  
Then Jesus appears. He lets His children come to Him with His love. He hovers above the earth,  
He is gigantic.

Then comes the scene with the people who are pulled upwards in the cone of light.

We don't experience this consciously. It is a kind of sleep.

I see a lot of white light around us, as if we were "in heaven". Then I see a kind of tsunami, a huge amount of water that covers the earth.

***"There is nothing to fear. Because she is with us. We are in her womb"***

God will take the optimum number with Him. We can ensure that souls are saved by praying and fasting for them.

The more days the better. She shows me her burning heart. She is worried about humanity.

"What can we do?" asks S.

***"Pray the rosary."***

She shows me my crown. And says that I didn't get it for nothing. I am the spokesperson for the Queen of Peace. I should spread peace.

I feel the weight of the crown.

By spreading her message, I become The peace.

Jesus will teach us (S. & me). Comprehensively.

We will be His love. We are not to let anyone talk us out of it. We are to trust the messages.

We have its blessing.

S. asks why we as "ordinary people" receive your messages and not the members of the church.

***"Because we have no desire for power.***

***Because we pass on the pure message, with pure intention, we are chosen.***

***The church is too entangled in itself for that."***

We are to use our visionary power. Visualize. How Mary's light is poured into the world, from her hands onto the earth.

She is surrounded by very bright, white light.

We are to trust that she will find the right paths.

Mary instructs us to trust the process.

She thanks us for our work and our diligence.

She shows us her red heart again, red as blood.  
 She asks us to continue. To meet us, to take the news and bring it into the world.  
 She says she needs our help. She asks us to remain at peace with the task. And to go on.  
 She puts her trust in us. She knows that we will cope in the best possible way.  
 She says we should talk to people. Even privately with "everyone" without shyness.  
 Our Lady's word has its own weight. We should simply pass it on, without shame.  
 It is divine news and it must be passed on as purely as possible. Without our own judgment.  
 We should talk to her, leave our needs and worries to her. She takes it from us.

The time of decision is coming. Between good and evil, between light and shadow, and that is what we should say.

Prepare the people.  
 What does everyone want to choose?  
 How do they want to continue their lives?  
 What are their priorities?  
 What are their values?  
 Who do they want to be?  
 Am I the light or the shadow?  
 Am I the beast or the lamb?  
 Am I the fire or the embers?  
 Am I the star or the moon?  
 Who do I want to be?  
 How do I want to express God?

She shows her burning heart and that is her burning love for us. For the people. But she is worried that she won't be able to save everyone.  
 She weeps. She is very sad. Because people don't understand her. But She does not give up on us. She will fight tirelessly to save every single soul.

S. asks about the subject of abortion. She cries because so little respect is paid to life and it is ended so lightly. We should fast.  
 Light food, it should be a sacrifice. If possible, 3 days and then at least once a week, preferably two.

S. asks about the effect of fasting. It serves to purify, to clear the mind, to sacrifice, to strengthen the connection to her.  
 You are my beloved child. She kisses me on the forehead.

### THE BLESSED VIRGIN MARY "FINAL REHEARSAL FOR THE LAST DAY"

Maria says: **"The war has begun. The last war."**

**Vision:**

The sphere of light can be seen against the blue-black night sky. Mary shows the sphere very close. (My Comment: ? Is the sphere the Apophis Asteroid flyby on April 13, 2029?)

In my mind's eye, I can see that it is very large and very close to me. It seems to me that Mary is saying that the time is near.

In other words, Judgment Day is approaching.

**"Tell the people about this sphere.**

**Prepare them for their conversion. Tell them there is a possibility for them to find their way back to God.**

**Tell them about Jesus; what you have seen; what S. knows (about Him).**

**Tell the people about the virtues.**

**Tell the people about the sphere.**

**Tell the people about the love of God, about His all-encompassing love.**

**Of the possibility of returning to God. No matter how distant you are.**

**He will welcome everyone with open arms.**

**He will wash them clean of their sins.**

**He will be like a loving father."**

Jesus appears. Jesus still has a bit more extreme charisma. He's really big. I could fall into a half-ecstasy when he arrives.

He has such a strong aura. He radiates this white pink light ...I have to bow down a little more in front of Him.

Silence ... I completely bowed before Him, with my hands and forehead on the floor ... "Lord have I done something wrong?"

Jesus: **"I want to show you what it will be like... when the day comes."**

He radiates and extends His power so strongly into the room that you can't help but to simply throw yourself down before Him.

Just like what Muslims do in the mosques. I crouched down, my head on my hands on the floor. One felt the need for this.

His radiance is difficult to describe.

It's like soul-searching, as if "I'm x-raying you". It feels like He can look into your soul ... of course He can and that's how it feels and that He is already penetrating your soul with a star look.

You have no choice but to kneel down, to throw yourself to the ground before His power, that's how I feel now.

**"Get up, my child!"**

I cry.

**"I love you! You have nothing to fear."**

"Yes Lord, thank you!"

**"I extend my hand to you! Feel my love! You are my beloved child! Let go of your sins!"**

He put his hand on my head.

I remain standing and swinging without subconscious influence.

**"Let me wash your soul clean! The remaining 'trash', let go of everything that holds you back.**

**You have nothing to fear. You are My beloved child!"**

"Thank you" I cry bitterly.

"I admit to you my mistakes, I'm sorry!"

**"You have a pure heart.**

**Tell your brothers and sisters about My love.**

**Tell them what I can do.**

**I will set the world free!"**

I am crying a lot.

**"Let me heal your heart!"**

I knelt down and cried again.

Then I got up to clean my nose and He put His arm around my shoulders and walked with me to the sofa.

I sat down and then he left. That was it.

**#4 MESSAGE FROM JANUARY 01, 2021****PERSONAL CONVERSATION WITH THE BLESSED VIRGIN MARY  
"GOD LOVES YOU"**

***"Tell the people God loves them.***

***Tell the people it will pass.***

***Tell the people God is there.***

***God knows them.***

***God knows about their problems.***

***God knows of their being, of their pleas, of their begging, of their worries, of their weeping.***

***God knows of their loneliness.***

***God knows of their pleas to be heard.***

***And remind them that He is there. That He was never gone. That He will always be there.***

***Until the end of time.***

***There is no end to His love. His help is near. His help is real.***

***The light is your essence.***

***Remember your brothers and sisters who they are. You can do this with your own words. [...]***

***Keep moving forward. Show people who God is and what He can do.***

***Be a beacon to the world. And overcome the limits you have imposed on yourself.***

***I'll ask you once again. Go out and proclaim. Bring the world the memory of itself.***

***Many souls are waiting to be able to remember. This can be the turning point for your misery.***

***One can be the turning point.***

***Believe my word. It is trustworthy.***

***"He" (the "dark one") ultimately loses the battle.***

***Make your contribution.***

***Proclaim the message. This is my request for you.***

***Proclaim the news of God's love."***

### #3 MESSAGE FROM DECEMBER 01, 2020

#### THE BLESSED VIRGIN MARY CONFIRMS THE TASK

Mary, I ask you for your guidance. I am very uncertain and I humbly ask You to confirm the task that You have given me and S.

***"Stop doubting, beloved child of God. Let me pour my love for You into You. Soon You will be exalted above it and You will see Your way clearly. Do not be afraid of me. I am not here to punish you. You have asked me for help and I have rushed to your aid. Don't you trust in God's plan? In His help? In His guidance? Beloved child, you are a seer. A medium. A messenger. An agent of the Light. You have chosen this task. Also the burden that goes along with it. And yet you will carry it and master it brilliantly. What worries you?"***

Holy Mother, is it true that I am supposed to pass on your messages? This is what scares me. Have I misunderstood you?

***"No, beloved child. It is true. You have the gift of foresight. What do you doubt?"***

About the correctness of the message. Have I made a mistake? Why would the Holy Mother give me such a task?

Or did I misunderstand the intention? Did you perhaps not mean it as I understood it?

***"Do not be afraid of me, my child. I want to be your friend. You may trust the messages I give you. It is trustworthy. HE [the "Dark One"] has no power when I am there."***

"Yes, Holy Mother. Thank you."

***"Back to your question. Trust me. You will find a way. In truth, you already have."***

"Can you please repeat the message? Is that possible? The message you want me to pass on?"

***"Go forth. Proclaim that God is causing Judgment Day to come. Show people that there is a way out of sin. That means coming back to their true selves and remembering who they are and where they came from. They have forgotten and they need help to remember God. To their true core of being. They will see God again, feel His presence, praise His glory. With Your help they can face the Last Day without worries. Wash their souls clean. Tell them God loves them. He has not forgotten them. Even though it may seem that way. Tell them nothing is lost. There is a new heaven and a new earth. The apostles show the way of perfection."***

"What about your son Jesus?"

**"I wasn't finished yet.  
 Tell them God loves them. They don't need to earn His love.  
 He loves them and He loves them without ceasing.  
 There is no end to it.  
 Tell them they may leave the way of iniquity, of going into fear, of loneliness.  
 They will need you.  
 Everyone will need you and your friend S.  
 You can show the world that God exists.  
 That the saints exist.  
 That love is endless and it is especially important in times of need.  
 The unnecessary obedience destroys the world and it is important to connect.  
 To establish the bonds between people.  
 Not the fear.  
 The rules of society take over and only a few benefits.  
 There will be signs. Signs that the Savior is coming.  
 And He will come. With all His power. And He will spare the souls.  
 Those who will help build the world. Who are pure of heart.  
 The new age is coming. And they shall be prepared.  
 Show them who God is.  
 Show them who you are.  
 Spread the word that God is drawing near and has great things in store.  
 Take S. with you. Let Her be your right hand. Your equal companion.  
 She plays a big role in this. Support each other. She will help you to bring the glory... [didn't understand]....  
 Tell them God is near.  
 They need you."**

"How, Holy Mother? How many?"

**"All of them. Everywhere. Anyone and everyone. Spread the word."**

Mary, this will make huge waves if I spread it internationally, and the Church will want to have a say if I claim to have spoken to Mary. [...]

**"Trust me when I tell you this change is for the good of all.  
 Be courageous and you will be richly endowed with blessings and render an important service to humanity. I will help you in this. Put your head in my hands."**

[I place my head (spiritually) in Mary's hands. A cone of light surrounds me. I feel energies flowing]

**"Go ahead, child of God. Go the way of the soul. You will not regret it."**

"Thank you, Holy Mother"

## #2 MESSAGE FROM NOVEMBER 26, 2020

### THE SECOND APPARITION OF THE BLESSED VIRGIN MARY WITH JESUS CHRIST

I'm on the phone with S. and suddenly I see Maria again. She is standing still about 1.5 - 2m away from me in my living room.

She is wearing a white dress with a bluish turquoise fabric belt, knotted together at the front, the ends hanging down.

She has shoulder-length brown hair, 80% of which is covered by a white veil. She radiates a soft, bright light and a kind of grace.

She has a serene beauty.

To confirm her appearance, I nod at her and cross myself.

She crosses herself and bows her head briefly as a sign of recognition.

At the same time, she feels as if she wants to discuss something serious, to express a kind of warning.

I tell S. that Mary has appeared and I listen to the Holy Mother.

I immediately passed on Mary's messages to S. over the phone.

*(Most of the messages were written afterwards solely from my memory. Only in some sentences I could remember phrases word for word.*

*The rest were described in indirect speech.)*

The Holy Mother lays her hands on S. and on my head. She says that a serious time is coming. There will be even more fear in people's hearts, even more anger and aggression.

She emphasizes, it is important to remain in love.

Mary shows me a huge bright ball that appears in the sky. There will be a kind of purification.

Those who are pure of heart have nothing to fear. The world will be cleansed and liberated from lower energies and life forms.

It feels like "the Last Judgment" as the saying goes.

Then a large floating white cross of light (the Cross of Christianity) appears. The cross remains stationary for a while.

It contains a message. S. gives to understand that Jesus saved the world through love.

**"My Son saved the world and He will do it again. Love will save the world."**

**"I am sending you my son."**

Jesus appears.

His face is a little different from the pictures you see of him. He has somewhat shoulder-length brown curly hair and brown eyes. He wears a simple white robe. It radiates a very strong white and pink light.

His presence is relatively impressive, but difficult to describe.

Her son Jesus came to earth and freed the earth from suffering and He will do so again.

In a somewhat different way. He will once again save the world with the help of love.

Jesus: **"I know how difficult matters can seem. Don't let it irritate you. There is a higher reality. The Father has knowledge of the higher reality and all that is in it. He can penetrate matter.**

**Turn to the Father to let you remember and the higher reality will also become real for you. We come from the Father and go back to Him."**

[...personal messages]

Jesus tells us, time does not exist and is meaningless. A new earth and a new way of life will be created.

He says, we can turn to God for everything we need. **"All graces come from Him."**

Jesus is now no longer visible, Mary appears again.

Mary emphasizes, it is of utmost importance that S. and I remain steadfast and that we should not forgo our faith and relationship with God. She asks us to be an example of faith. To tell others about her and her apparitions. We should prepare the people for what is to come and remind everyone to strengthen their relationship with God.

To live by example for them.

It is very important that we, S. & I, each in our own way, pass on our relationship with God, faith and prayer to our fellow human beings.

We should remove people's fears.

She emphasizes, we should not scare people, but prepare them. If they remain with God, nothing will happen.

We should convey this to the people.

Mary continues to say, there will be signs when it is time. We will recognize them and know that the time has come.

She shows me a large floating burning heart.

[...personal messages]

**"Lay your head in My hands. Leave all your mistakes and suffering to Me."**

In my mind's eye, I place my head in the hands of the Holy Mother and she holds it. I cry bitterly for a few minutes.

She tells me that it is now time for personal matters. We receive answers to personal matters.

After a while, she tells me that the question time is over.

She shows me a picture of S. and I walking through a dark forest at night, each of us holding a lantern. Behind each of us is a whole line of people who have no light themselves. They follow our lantern light. Together we walk towards a golden dawn.

I am grateful for your comprehensive messages and continuance.

In conclusion, she shows us that we would experience miracles if we would stay in touch with God.

She emphasizes, we should remain steadfast and in relationship with God, pray more and trust God.

She said, we should see her as a friend who is there for us. At the end, I can see her placing us respectively under a white cone of light.

## #1 MESSAGE FROM NOVEMBER 09, 2020

### "THE FIRST APPARITION OF THE BLESSED VIRGIN MARY"

During a telephone conversation with S. the Holy Mother of God appears in my living room. S. is talking and I'm beginning to get nervous that Mary might leave again. She says she is waiting and at the right moment I interrupt S. and tell her: *"Mary is here."* She is quite tall (> 2 m) and radiates a strong, bright light. It feels gentle and very loving.

At first I had the feeling that Mary appeared because of S. I should tell S., Mary is grateful for her constant reverence and that Mary loves her. I feel how Mary is wrapping and closing S. and I with a cloak of mercy. S. asks Mary personal questions and Mary answers them.

After these personal questions, it feels as if Mary wants to share something else.

It felt like a warning. It would soon become serious and she urged S. and I to remain steadfast. It is important to pray. She needed us, or rather our "cooperation" for others. It would be turbulent. We should remain in trust, she said. It is important to stay in touch with God, not to let the relationship break. There would be a kind of "test". [Wording cannot be fully reconstructed] We should be the rock of strength and should remain strong.

She loves us, she says. She is there for us. We can always ask her for help and call on her. And not only is she there for us, but also myriads of light-hearted helpers.
