#167 MESSAGE FROM DECEMBER 27, 2024 JESUS CHRIST "THE DECEPTIONS WILL SOON BEGIN"

+++ UFOs are a stage event/ Jesus appears in the sky/ The warning/ Saudi prince +++

UFOs

Jesus appears to the seer Melanie at the end of the prayer meeting and asks for an additional ten Hail Marys of the Holy Rosary.

The seer sees a dark, cloudy sky. She sees many UFOs slowly emerging from the clouds. Some are hovering over the earth.

Jesus asks the seer to look closely. The image of the UFOs hovering just below the clouds is frozen and Jesus stands in front of it in a transparent form. He asks us: ***"Watch it carefully, very carefully. Observe all aspects of it and accurately from all sides. Soon the deceptions will begin."***

The image changes to the "Christ the Redeemer" statue in Rio de Janeiro. The seer sees a UFO firing a laser over the statue and smashing it. This attack symbolizes **massive attacks against Jesus**. She sees the UFOs firing lasers vertically at the earth, as seen in various films.

For a brief moment, the Taj Mahal in **India** appears before the inner mind's eye.

In the next image, an unusually large mothership floats down from the clouds and moves over a city. The seer has the vague feeling that these could be actual UFO sightings and is quite astonished by this.

Now there are drones in the sky. The seer has the feeling which is hard to describe and intangible that it is a stage event as far as the aliens are concerned.

Jesus in the Sky

Jesus appears in the sky and it looks as if people are trying to use drones to disrupt the apparition. When Jesus appears, there will also be signs visible to everyone in the world that indicates Jesus' existence. There will be signs for the faithful that will have an uplifting effect and convey peace. They will be comforting. They will be like lights that one wants to approach. Being close to the signs moves something in people.

The faithful who deal with Marian apparitions will recognize and feel the signs. People who are not familiar with such apparitions will sense that it is something good and feel attracted to it.

Jesus' appearance on earth looks as if He is walking across the earth. His glory shines over the whole globe. It is something unprecedented. It heralds something. People will bow down in awe.

The seer remembers the warning she has already known. Jesus will let everyone feel His power. He will send a source of pressure over the earth so that He can reach everyone and everyone can feel His presence. This will set people straight. Through this sign, people will naturally realign themselves. They will be able to feel it instead of reading about it theoretically in books or in church. This intense experience will lead more people to Jesus.

Those who are not on Jesus' side will try to spread confusion about this. They will try to portray it as if it was not Jesus but, for example, a weather phenomenon or something extraterrestrial.

Prince Bin Salman

The picture changes. The Saudi Prince Mohammed bin Salman Al Saud comes into the picture. He is wearing a red and white headscarf and is laughing happily. He is holding a cross which he is breaking with his hands. He tramples on the broken cross and throws it onto a pile of other crosses. He sets the pile on fire and everything burns.

On closer inspection, his eyes turn black like those of a demon. Under his robe, his figure is also black like a shadowy creature. The seer sees this as a sign of a “black soul.”

Jesus bids farewell: **“Go in peace, My children.”**

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#166 MESSAGE FROM DECEMBER 26, 2024 THE BLESSED VIRGIN MARY “FLOODS AND ATTACK ON IRAN”

During a walk in the woods at Christmas, the Blessed Virgin Mary shows herself very briefly to the seer Melanie with only her face and a gentle smile.

Mary transmitted fleeting images. First, a kind of meteor could be seen falling from the sky and gliding over water for a short while. This meteor affected the water and caused flooding.

Furthermore, the inner image of a very high cloud of smoke appeared which had obviously come from an explosion. Crowds of frightened people ran in all directions away from the explosion. As an image, it did not look like one, but it resonated with that of a nuclear weapon. The scene of the event was a wide, vast flat land in shades of brown with hardly any hills or greenery. Iran came to the seer's mind.

This is where the brief vision ended.

#165 MESSAGE FROM DECEMBER 10, 2024 JESUS CHRIST: “ATTACK ON THE AL-AQSA MOSQUE AND NORTH KOREA'S TUNNEL SYSTEM”

+++ It's urgent! / Naval battle / al-Aqsa Mosque under attack / North Korea's arsenal of weapons / Horsemen of the Apocalypse ++

When the seer Melanie opens the window towards the end of the prayer meeting, Jesus suddenly stands behind her. He appears to her in His white robe with bloody wounds on His feet.

He says: **“It's urgent. We have to hurry, child. It's getting tight. There's no time left.”**

The seer concentrates more on Him. He radiates a beautiful light. This triggers the seer's desire to prostrate herself before Him. Jesus raises her up again and begins to transmit inner images to her.

He then places a man-sized hourglass in front of her in which almost all the sand has already run through. Only a few individual grains of sand slowly trickle down from the top of the glass.

Jesus puts His arm around the seer's shoulder and walks off with her. **“I have something to show you,”** He tells her. Shortly afterwards, they are walking barefoot over the hot desert sand. The heat on their feet is almost unbearable. They are in a very hot area.

At the same time, it feels as if they are standing in a storm. Jesus' hair and His robe are being tossed around as if they were in the eye of a hurricane.

“I have something to tell you,” Jesus repeats. “Yes, what is it?” **“Please don't be afraid of what I'm about to show you,”** He asks the seer. “Okay, what is it about?”

He asks: **“Are you ready?”** “Yes, I am ready, Lord.”

Naval warfare

The surroundings change. In the first image, someone suddenly appears in front of the seer and shakes her violently, unexpectedly throwing water in her face. Again and again he pours whole buckets over her.

He pours so much that at some point she is knocked over by the force of the water. She lies on the deck of a wooden ship. Crows fly around and start pecking at her and at the dead men lying on deck.

The person comes back with the bucket of water. Now there is a fish in it.

The fish seems to be suffering from some kind of disease or rot as if it were decomposing. It is a fish die-off.

In addition to the dead men, the dead fish are now also lying on deck. A sight that makes you shudder. It makes the seer think of England.

The ship begins to rock strongly and hooks suddenly grab the ship and pull it into the depths. Once at the bottom of the sea, many more sunken wooden ships can be seen.

Jesus and the seer move underwater, past the algae and coral. They pass a kind of ship graveyard.

It looks as if half of a fleet has sunk. A submarine swims past. Its country of origin is unrecognizable. It looks like reconnaissance or espionage.

Jesus and the seer look up from beneath the surface of the water and fire and flashing fireballs flare up above the water. It looks as if a battle is taking place on the water. Back on the surface, the sea is calm.

It is night and the starry sky is shining. A sailor rows away apparently having managed to save himself in an inflatable boat.

Al-Aqsa Mosque

Jesus and the seer return to the desert. It is a stark contrast from dark and wet to bright, warm and sunny.

The seer is now wearing a long white robe and a white headscarf - probably a reference to the traditional clothing of the country.

She hears the word “Al-Aqsa Mosque.”

She sees what looks like bullets being fired at the bright, sand-colored city from a relatively long distance.

A bullet heads towards the Al-Aqsa Mosque and a loud detonation is heard. She sees a turquoise dome and turquoise-colored patterns.

The seer sees the bald eagle drop something which then explodes. Jesus and the seer are thrown away by the explosion. People scream in panic and run away. The people are horrified that a place of worship is under attack.

North Korea's Tunnel System

The image changes.

Jesus hands the seer a torch and they walk briskly through an underground tunnel.

It is dark and damp. It looks like a tangled tunnel system in which you have to be well versed to know the way.

There are several directions. The seer feels something dripping from the ceiling. Jesus opens a heavy steel door which they pass through.

They find themselves in a large, dark military hall. A nuclear bomb of monumental proportions fills large parts of the room. The bomb is obviously being stored here. North Korea comes to the seer's mind.

They move to the next room and enter a laboratory where experiments are being carried out on diseases and chemical weapons.

The scientists don't look Korean, but it is not easy to recognise them because they are wearing protective goggles and suits.

In the next room, one looks into the darkness and sees nothing at first. Suddenly, Kim Jong-Un stands directly in front of the seer.

He takes a step in her direction, his gaze penetrating and cold. He exudes a threatening, unscrupulous and unpredictable aura that triggers fear. It feels as if he is harboring thoughts of world domination.

Jesus reveals a flashback to Kim's childhood. From an early age, he was taught that, figuratively speaking, the ground he walks on turns gold. This also reflects his behavior today which is characterized by an exuberant self-confidence.

He radiates unpredictability, slight madness and almost megalomania. It is impossible to predict his behavior, especially in war. The vision reveals that he could be trusted to launch uncoordinated military maneuvers.

Horsemen of the Apocalypse

Jesus and the seer leave the room and climb a staircase.

They come out into the fresh air. The sun is shining pleasantly. The wind is blowing strongly and they are standing on a hilltop with a beautiful meadow of flowers. In the distance a new land begins.

Much of the horizon is covered in dark clouds, lightning and clouds of smoke. It looks as if one is watching battles from afar.

The seer thinks of the Horsemen of the Apocalypse - death, disease, war and another horseman. 7 years, 5 plagues.

She walks past glass boxes containing people who each have one of these diseases. The people are all deathly pale.

The seer stumbles back and grabs her neck, and falls over dead. This tells her that it is about deadly diseases.

One of these deadly diseases affects the brain, as if the gray matter is being attacked as if one is losing one's mind. One of the dead men in the glass box pulls her towards him and attacks her in his mental derangement.

Another dying man in the glass box explains to her that his illness is about the throat, swallowing and coughing.

It also seems to be how a pathogen enters the body.

Jesus and the seer leave the scene and find themselves back on the peaceful, sunny hill of flowers.

The vision shows her a gloomy outlook for the future, that wars will break out in different places, in different countries at the same time.

“Go in peace, my children. Peace I leave with you. My peace I give to you.”

In the name of the Father and of the Son and of the Holy Spirit. Amen

#164 MESSAGE FROM DECEMBER 8, 2024 THE BLESSED VIRGIN MARY: "UNITY IN THE NAME OF PEACE"

The Blessed Virgin Mary appears to the seer Melanie during the evening prayers and begins to transmit to her inner images of a special church in Fatima. She also shows herself as she appeared in Fatima, with a white veil, white cloak and white dress. The globe becomes visible, with a chain of people holding hands around it. This is to be understood as Mary urging humanity to unite, to form a unity and to come together in peace. May humanity recognize itself as the unity that it already is.

The Blessed Mother says: ***"People do not know me. People do not understand me. They do not understand my power."***

Sadness and anxiety can always be seen in her facial features. A comet is repeatedly visible, flying far through the night. In the first picture, it is not clear if it is a bullet. It covers a great distance as if its trajectory were halfway around the world. However, one can't see it hit the ground. Then something very bright shoots through the night sky. One can see several times in a similar way how a kind of comet falls very quickly from the sky. The comet's flight triggers floods.

In the next picture, Mary is standing on desert sand. She is again dressed all in white with her large, spherical Fatima crown. In front of her in the desert is a densely populated city with something like a white city wall. Suddenly, fire and billows of smoke can be seen. Fighting seems to break out of nowhere in different corners at the same time. The city is in turmoil - military helicopters are flying overhead, lowering soldiers on ropes. The soldiers look very frightening in their military clothing, helmets and visors, completely hooded and fully armed. They move swiftly through the city and shoot at the civilians.

One of the two parties to the conflict is Israel. It is not clear whether Israel is attacking or being attacked. Many of the homes and buildings are destroyed. The houses are without roofs, with torn walls and in ruins. Smoke rises from the houses. Dead women and children lie inside. It's about Gaza. Maria asks for special prayers for Gaza.

A huge fireball becomes visible. Then there is a massive explosion from which a circular cloud of smoke emerges. It happens inside this city. Military jeeps drive there.

The city is bathed in pastel shades. The light appears strangely in a very light pastel yellow, orange and even pink. Everything looks very bright and beautiful. Another white round dome can be seen in the city. It protrudes a little above the city.

A bull comes into the picture below. He is very angry, snorting and pawing the ground with his hooves. He runs off and tries to antagonize someone or something by the horns. He keeps throwing his head up in lever movements, but it is impossible to tell who this extreme aggression is directed at. The bull runs wildly at a town and knocks the houses away with its horns. He is furious with rage and wants to destroy everything. Spain comes to the seer's mind.

The bull runs into the sunset. He runs very far - all the way to the horizon - that's how angry he is. Then he stops and realizes that he has lost his way. Out of sheer rage, he has taken the wrong path. He comes to and asks himself what he has just done. He stands there, takes a few steps and watches the sunset. But what he sees there frightens him. He sees jets hovering in the air, seemingly waiting for a signal to take off. The bull is afraid. He doesn't want to go to war. Could it be Spain?

Mary says goodbye: ***“Pray, my children, pray. Stand together as one people of the world. Go in peace.”***

In the name of the Father and of the Son and of the Holy Spirit.

#163 MESSAGE FROM DECEMBER 3, 2024 JESUS CHRIST “MULTIPLICATION OF BREAD AND HEALING BY JESUS”

Jesus appears to the seer Melanie during prayers of the group.

The visionary sees a falcon. It flies peacefully for a long time over a very beautiful landscape.

It is a rather flat, wide country with rivers and streams, few flat hills and little greenery.

The falcon's facial expression changes to a critical look, as if it is eyeing something, perhaps a target.

The picture changes. Now the evening sky glows in bright orange-red colors, but it triggers a queasy feeling. It's about the war.

A squadron of dark jets flies towards the evening sky. They fly further and further into the red, from which a sudden pressure wave seems to emanate. The impression of lurking danger and shock spreads. The sky is full of dark jets flying ever closer to the red.

Now she sees Jesus stepping into the backdrop against the red evening sky between the jets.

He appears huge so that the jets can fly no further. She sees the jets swoop down, in the sense that the attack is stopped. It is like Jesus appearing on earth. He indicates that he will find ways for us humans to intervene. Even if people become afraid or even lose faith because of the war and horror scenarios, He wants to reassure us that He will be there and that He is there.

For the seer, the red in the evening sky now takes on a different meaning. It stands for threat and fear of the wars and their expansion that are taking place in people's minds.

Jesus wants us to know: ***“I protect My sheep. There is no reason for My sheep to be afraid.***

You cannot necessarily be spared everything and one thing or another will come to mankind.

But I ask you to anchor yourselves in Me.

Even more, even stronger. Connect with Me even more and thus come even more into love, even more into peace, even more into unity and into trust in Me.

Should there be food shortages, for example, I will make sure that the food you need comes to you.

Or I will enable people to multiply bread.

I will work through people so that you will all have everything you need. I want you to rely on Me to

provide you with water and food, to protect your homes and to protect your loved ones and your

children. I will take care of you in everything. Even if you cannot imagine this with your imagination.

The greater your faith, the more miracles I can work.

I am asking you to let go and surrender yourself to Me. I want you to know that I will entrust certain of My sheep with the task of healing in war.”

Jesus emphasizes once again: ***“Do not worry. Trust me completely. I will take care of you - in every situation of your life. I have never stopped and I will never stop. The stronger your faith is, the more you surrender to Me, the more I can do for you.”***

Just as it is prayed in the novena *“Jesus, I trust in you, I surrender myself to you, you take care of me.”*

“It is indeed so,” He says. ***”It is a fact that the more you surrender your control over your life to Me, the more I can work with My love.”***

Jesus then offers certain people in the group to take their burden from them. He asks those who feel addressed to agree inwardly that He may help them. On the other hand, He also advises some of those present to let their feelings flow freely.

He says: ***“All is well and all will be well. I will take care of everything. Please leave everything to Me.***

I love you! I know you long for My love and you can be sure of it. I love you all and I know that many people long for My love and consume it. Everyone can be sure of My love. Each one is loved and every single person is accompanied.

Go in peace, my children.”

#162 MESSAGE FROM NOVEMBER 30, 2024 THE BLESSED VIRGIN MARY "CALL FOR NEGOTIATIONS"

+++ British Prime Minister in doubt // Atom weapons against Nevada // Russia threatens // Canada gets involved in the war // The door is opened to the Antichrist +++

The seer Melanie attends the Advent carol singing in the church. During the hymn “Maria durch den Dornwald ging”, the apparition begins and Mary, the Mother of God, appears huge in the church. Mary transmits spiritual information to the seer.

Back at home, the apparition continues. The British Prime Minister Keir Starmer is seen in a vision. His reaction to the letter he had received from the seer and her colleagues consisted of anger and incomprehension. However, his reaction subsides and he looks again at the contents of the letter. Starmer puts the letter aside thoughtfully. He considers talking to the seer's colleague Steve, one of the authors.

The scene changes and the British Prime Minister now appears with a sad expression on his face, dressed in a black suit and white shirt.

He attends the funeral of the British King Charles III.

Starmer then takes a closer look at the future British King William and analyzes him. He prepares himself for how he would have to deal with him in the future. It seems somewhat calculating.

There will be a short phase in which England has no king until the new king is crowned.

With nuclear weapons against the USA

The image changes and the visionary sees white gliders flying in loops.

While the group is praying, she sees inner images from a bird's eye view.

The sunset appears on the horizon with the last bright rays of sunlight still shining from the right. From there, a sleek, lightning-fast-airplane in high-gloss white paint comes flying in. It looks high-tech and faster than any jet everyone has seen before.

In the background are sandy orange tones reminiscent of the Grand Canyon indicating that it is about America.

In the distance, far inland, you can see a large detonation in the form of a mushroom cloud.

One can see the detonation from afar.

A squadron of fighter jets flies towards the explosion, a dark gray jet separates itself from the others.

The seer then sees Russian President Putin pressing a button to activate or use a weapon.

A familiar scene is repeated. The seer sees a jet over Nevada.

Putin presses another button and a second bomb is dropped over Nevada.

The seer sees Putin sitting at the next button. He is signaling that he has enough “more buttons” and therefore weapons so that no one can stop him. It is a threat.

Putin is surrounded by an atmosphere of coldness. Strategy and calculation are now his priority. Putin is acting as a warlord with a cold rage against America. He wants to signal to America that he will not let them impress him or get him down. From his point of view, he will “pay them back in kind.”

Powerful alliances

The next picture shows Putin standing at the head of a V-formation. To the left and right, two rows of many people walk diagonally backwards from him. Kim Jong-Un, the North Korean ruler, is standing in a row directly behind Putin at an angle.

This V formation symbolizes the countries allied in the war that will join Russia. **It is to be understood as a warning that if the war in which Russia joins forces with these many allies is unleashed, there will be no turning back.**

The seer strongly senses the cold calculation emanating from Putin.

There are powerful alliances on both sides.

On the other side is America. At its head is the American president, who seems interchangeable and as if it doesn't matter which president is there.

It looks like a roulette game in which the people change in quick succession.

The image stops at Donald Trump.

A sequence develops in which Trump talks to Putin and tries to mediate. It looks as if Russia will attack America when Trump is in office.

The seer sees swans in the sky. The image changes to England.

She sees a tank shooting something down. Jets fly past. A group of animals appears: Duck, snow leopard, deer and a stag, each representing a country.

Canada gets involved in war

The seer sees a falcon with light brown feathers and outstretched wings gliding overhead. The falcon perches in a fir tree in Canada.

A beautiful landscape with mountains and lakes stretches out in the background. The falcon looks out over Canada.

It is noticeable that Canada seems to be involved in the war.

Canada is attacked and then sends jets itself.

Canada and the USA are standing together, but it seems as if Canada is being drawn into it rather unintentionally.

It is a warning from Our Lady to come to our senses.

It is a warning for peace negotiations and against further escalations and acts of war.

A new union of states helps the Antichrist to rise.

The seer sees flags on flagpoles standing in a circle. Something malevolent emanates from this formation.

A one-world government comes to her mind.

At first, the flags shine brightly. A light blue, white and yellow flag stands out.

The seer briefly thinks of former American President Barack Obama.

The image returns to the flag formation which is supposed to represent a union of states and a new order. On the outside it looks bright, shiny and morally pompous, but it is the opposite. Behind it is something with very bad intentions.

At the beginning, the picture is as bright as day, but suddenly a kind of wave of darkness from the background covers the flagpoles and the darkness of night takes over the entire scene.

The flags form an upright ring. The Antichrist strides through this ring. This new union gives him a special position and a new office. It opens the door to this man. He brings darkness with him.

He will pose as a bringer of peace, but he will bring evil. He will appear good on the outside. He will present himself as an angel of peace.

The masses will fall at his feet. It will be a reign of terror that will change the world. The seer senses great coldness, inhumanity and imperiousness. Evil will be encouraged.

The seer sees the following dates: 2026, 2027, 2028, 2029, 2030.

The seer senses technical cold and sees that the landscape is changing. Everything seems very bleak. Something large made of metal rises into the sky. It looks like a direction finder.

Mary tells her that creation, the original biology of human beings, will be changed, that creation will be interfered with.

Small flying objects like drones buzz back and forth in the sky. It feels like control and surveillance. It is very dystopian. A dark and degenerate world.

The vision ends with Mary's words: ***“Go in peace, my children.”***

In the name of the Father and of the Son and of the Holy Spirit.

#161 MESSAGE FROM NOVEMBER 25, 2024 JESUS CHRIST "A WARNING TO ENGLAND TO COME TO ITS SENSES"

+++ Major explosion in desert city // Jets over London // Flooding on England's coast // Warning to England's politicians +++

Jesus Christ appears to the seer Melanie. He conveys various images to her in her mind's eye. Bright bodies fall from the sky. In the first moment they look like stars, in the second, they look like satellites. The objects fall down over the sea. Then a bright rocket flies a long way through the night and a high wave of seawater is created. Then an airplane crashes and fire tongs dance on the seawater.

Jesus stands before the seer and tells her: "Time is running out." A falcon with light brown feathers sits on Jesus' arm. The falcon then flies over a city in the desert. It looks as if a large black cloth is being laid menacingly over the city.

Shortly afterwards, an explosion occurs in the desert, triggering a large fountain of sand.

The vision changes the country. The seer sees fellow seer Steve from the team in his car watching a bomb explosion from a distance on the coast of England. Jets fly towards the explosion.

In the next picture, the British Prime Minister Keir Starmer is seen sitting in his office. He flips through written documents in a panic. Starmer re-reads through the letter that the seer was instructed to send him. He wants to recall the information it contains. He had not taken it very seriously until now. However, on re-reading it, he seems to think about it again and realizes that the prophesied situation described in the letter seems to be coming true. He paces back and forth in his office, pulling his hair out and thinking about what decision he should make regarding the war.

The seer sees England being attacked. Enemy jets are flying rapidly over London. The bells of Big Ben are ringing. This is a warning to the British people to reconsider their political decisions in relation to Russia. Russia is too powerful an opponent for England, as Jesus puts it.

The image changes and the seer sees, as in the 154th message, the British King Charles III looking out of the window of Buckingham Palace. He sees a bomb explosion in the distance. The pain of this attack is clearly visible on his face; there is a feeling of fear and helplessness. The king appears physically weakened.

Now the term guided missile comes to the seer's mind. A jet fires missiles at London. There is massive flooding on the English coast.

The seer has confirmed once again that this is a warning to the British people to think carefully about the decisions they make. It would be a massive disaster for England. Russia will not hold back and will stick to its decisions.

This is where the vision ends.

#160 MESSAGE FROM NOVEMBER 15, 2024 JESUS CHRIST "JESUS AS A FRIEND"

Jesus appears during the group's prayer time and gives the visionary to understand that He would like to tell the group something directly after the end of the prayer time.

There is an equally serious and loving mood in the apparition. Jesus makes it clear that He wants to give hope and show the believers the way. He knows that it is a difficult time for everyone and for humanity. There would be more, but this difficult time would be easier for those who had already found Him for themselves. He offers to enlighten, envelop, strengthen and guide these people.

Jesus says it is certainly difficult for us, but He advises against becoming too preoccupied with the bad news in the world. Wars, conflicts and all the events that cause people great fear.

Jesus suggests that, if possible, we should not let it get to us emotionally.

Instead, He advises us to focus more on what we actually want, namely peace and security.

Bringing light, faith and love, because this is an important counterweight in the world at this time. He encourages people to shine even brighter, together with Him, with His help.

He explains that anyone can call on Him for help at any time. He is always with us anyway.

Jesus explains it like this: We humans can imagine Him as an invisible friend who is always at our side anyway. This friend turns His attention to us when we think of Him.

He is the "most powerful friend" you can have.

Wants people to shine into the world. So bright that they dispel fear - like small, very bright lighthouses. As bright as little suns that shine in all directions.

Together with Him, you are on the right path, He says.

"Trust Me. I know the best decisions for you. I know the best path for your life. I have the best in mind for you."

He makes it clear that He has a better overview because people naturally cannot see things as far and as good as He can from their limited perspective. Therefore, he asks the believers to perhaps trust Him even a little more. People think they know what is right and go by what feels right, whether this is the right thing from a divine perspective should be left to Jesus.

To him and to God the Father.

Jesus blesses all those present, all relatives, all family members.

And He wants to give everyone His help as a gift.

"Imagine that I stand before you and spread out My hands. And you place everything in these hands of Mine and hand it over to Me."

He asks people to hand over their fears to Him, to let go: Any fears, everyday worries, fear of war, existential fears, worries about family members, worries about illness, fear of illness, professional issues, partnership and spiritual issues, spiritual fears.

Each individual may feel accompanied by Him, as if He would put His arm around each person's shoulders like a friend and walk a little way with him or her and keep them company.

“Just as you tell your best friend what is on your mind, you tell Me. I want you to feel light, I want you to feel liberated.

Wherever you are, you shine your light into the world. The more liberated you are, the brighter you can shine and help your fellow human beings simply through your radiance, through your light.”

He thanks the prayer group for their daily prayers, for their perseverance, for the love they are willing to give to help the planet. He says that this is very important and He blesses everyone present and everyone who needs His blessing.

The apparition ends here.

#159 MESSAGE FROM NOVEMBER 14, 2024 THE BLESSED VIRGIN MARY "HE WHO HAS EARS, LET HIM HEAR"

The Blessed Mother Mary appears to the visionary and after a personal message she becomes very sad. In an oppressive atmosphere, she shows her inner images of the military in front of a sandy landscape. A high fence with large coils of barbed wire can be seen in the foreground. In the background there is a kind of bomb explosion accompanied by a flash of lightning. This attack is being carried out on a city with rather flat buildings. It seems to be about the Middle East.

Mary says: ***“The time is near, my child. Warn your brothers and sisters. Pass on my words. Also pass on the words of my Son.*** [Note: an appeal to the visionary to publish the last message of Jesus in a timely manner]. ***He who has ears, let him hear.”***

The vision ends here.

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#158 MESSAGE FROM NOV 3, 2024 JESUS CHRIST "URGENT WARNING OF IMMINENT EXPANSION"

+++ Escalation in the Middle East / 1 to 12 / Bald eagle brings chaos// Jesus provides insights into a new era / Heaven on earth +++

Jesus Christ shows the visionary Melanie various inner images. First, Jesus shows the image of a lamb with a flagpole and says: **"Child of truth, hear My words."**

At the beginning, she sees a constellation of stars in a semicircle and then repeatedly sees a satellite gliding through space.

Jesus also shows her white gliders again and again.

In the next image, she sees the dreary gray high-rise building again which she has already seen in previous apparitions. Her thoughts jump to "Lebanon" and "Beirut".

Jesus is signaling an urgent warning until a significant event and expansion of the war already raging in the Middle East. A warning, so to speak, of an imminent development.

The visionary sees the bald eagle in the form of an airplane and half eagle, aggressively swooping down from the sky. The visionary has the impression that the attack is intended to cause chaos.

In the next image, a whirlwind rages in the desert and a large pocket watch hovers in the middle of the picture.

The hands of the pocket watch turn quickly, as if time is running out. The pocket watch falls over and the glass window cracks. It means that time is passing quickly until something happens.

Jesus stands in front of the desert with a white robe and a clock in front of him. **"My children, time is running out,"** says Jesus. **He sets the clock to one minute to twelve. Jesus repeats that this is an urgent warning.**

Jesus implies wordlessly that He wants to go through the clock to another time within the vision and He wants to take the visionary with Him. The atmosphere of the desert scene is oppressive and conveys the feeling of having to prepare for something. There is a sense of urgency and threat in the air.

Then Jesus opens the small glass window of the clock and steps through it into another time.

The atmosphere changes abruptly. Jesus radiates a special love and is like a friend at the same time. He says that there is nothing to fear because He is there. His charisma is hard to describe.

Jesus puts his arm around the visionary and walks with her for a while. She feels his protective love.

He also talks about trust. He talks about letting oneself fall into Him, about abandoning oneself completely to Him in personal and world affairs. He does not want people to worry.

He wants us to leave everything to Him and entrust everything to Him.

“You are safe in My love and I will take care of everything. I look after My sheep and protect them.”

He asks the visionary and all fellow worshippers who are present online during the apparition to leave everything that is still heavy in their hearts to Him. He spreads out His hand before everyone and may everyone imagine placing what is heavy in their hearts trustingly into His hands. Let the feeling of worry and pain flow into His hands. He now works on the listeners and conveys a personal message to a member of the group.

This is followed by the inner image of a large group of people walking together with Jesus in a line towards the sun. The Christian community is important to Jesus and He leads them.

The visionary sees how the community continues to grow and more people join. More and more people find Jesus and it is about the connection in love that emanates from Jesus. It permeates the people and all those who are on the side of love will find their way to Him, He says.

The visionary senses a soft and strengthening feeling emanating from Jesus. This feeling is like a web of love that is stretched across the entire globe. He encourages us to learn to find our way into this love again and again and thus to consciously connect with Jesus and Mary.

Connecting to this divine love puts us in a different state of mind than our human mind.

Jesus explains that walking in this love is the future. It will change humanity. In the love of Jesus, we will be with Him and in Him. This connection will be so strong, so present on earth, that everything else will fall away and people will treat each other differently.

This conscious connection to the divine will change people's consciousness. Those who want to walk with Him, who are on fire for Him, will experience a new state of being as if after a cleansing. The visionary feels a deep sense of peace. It is, as the saying goes, “heaven on earth”. Spiritually cleansed, walking in love and peace. However, this is not about death, but about life on earth. In a new era. Like having “heaven on earth.”

Jesus describes that in order to get to this state, one can orient oneself by how He would act. What would Jesus do? What would love do?

Jesus says: ***“Pass on my words, child. Speak my warnings and also bring my good news.” He goes on to say: “Help people to find Me.”***

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#157 MESSAGE FROM OCTOBER 30, 2024 THE BLESSED VIRGIN MARY “THE STORM FROM THE MIDDLE EAST ON THE DOORSTEP”

+++ a great dying / expansions imminent/ unions of states soon to clash/ on the threshold of World War III/ attack on a specific building +++

Mary has appeared during the prayer group. She is carrying the baby Jesus on her arm and in her other hand she is holding a kind of golden sceptre.

A vision begins and suddenly the seer finds herself on a battlefield. It looks gray and desolate. She kneels there and there is nothing around her, just fallen soldiers on the battlefield. The scene seems to take place in the Middle East. On closer inspection, flat hills around desert sand become visible. A little further away is a small village. One can see tanks, troops, running soldiers dressed in pale colors. A large rocket flies past like a great ball of fire. There seems to have been a great loss of life in this battle. It is a sight to weep for. Great sadness and deep compassion run through the seer.

Suddenly, a star over Bethlehem becomes visible. It is very beautiful. It is the place where Jesus was born. The star has a tail and shines over the house where Jesus was born. It looked poor, but was filled with so much joy and a holy atmosphere. There is so much love in the air. A donkey can be seen with the straw on the floor and the baby Jesus in the manger. It is a beautiful day full of joy.

A time leap of 2000 years brings the seer back to the present - for fractions of a second to Jerusalem. Mary wants to remind us that Jesus also came from the Middle East and that it is particularly sad for Him that war is raging there.

A particularly strong power emanates from Mary today. She seems to want to emphasize this. She shows her face and her eyes are filled with tears. She says that this war cannot be avoided if people continue like this and do not turn back. Mary's eyes are big and full of tears as if it would tear her heart apart. It is almost unbearable.

She says: **“Child, pass it on. Warn your brothers and sisters. Warn them about the horrors of war. Warn them that it will soon break out, the [great] death of the innocent.”**

It feels like a great horror is approaching. It's like a sandstorm, not a tornado. It looks like sand moving like a wave of water. The sand wave rears up. A very unpleasant darkness can be felt inside it. The sand wave continues to rise, getting bigger and blacker inside as it approaches the seer. It is terrifying. This wave represents a great threat that is rising up to bury everything beneath it. It is not only gaining height, but also taking up more and more space in width. This disaster is widespread.

Mary points out that this threat to the sand wave is also getting closer in time.

Military helicopters keep shooting into the picture.

Mary warns: **“The storm from the Middle East is on our doorstep.”** The storm will soon break loose, she warns urgently.

The image of the shooting military helicopters is repeated over and over again and Mary stands next to it with teary eyes. It seems to be a very special event. Our Lady makes it clear that it is only a small step to the next stage of escalation in this war. In terms of meaning, as they say in the vernacular, “shortly before 12 o'clock”. Mary seems to be trembling - an image that something frightening is imminent. A further escalation.

The war interdependencies between countries are expanding. Networks of state associations already exist, but these coalitions of the warring parties which have already been formed in the background are now becoming clearly visible. The next step in this war is the expansion of the links between the countries. They are being brought together. There is a connection between Russia and North Korea.

The significance of this image is that the warring parties will soon clash. We are on the threshold of the Third World War.

When Mary is asked to let this cross pass before humanity, she responds with a very sad look: **“This is just the beginning.”**

Next, there is a large attack on a building that cannot be specifically identified. It is a specific attack that results in a large explosion from a bomb. Mary is still standing next to it with tears in her eyes.

The bald eagle swoops down into the picture from the sky and drops a bomb over the significant building in question. A mosque comes to the seer's mind and the aggressive call of a muezzin is heard in response to the building. This event will have serious consequences. The seer hears the name of a mosque. The name begins with an “Al-...”

"Pray, my children, pray. Pray for peace. Continue your prayers. "

The prayer group is instructed to extend the prayer time to 75 minutes a day to pray for peace in the Middle East and for the postponement and/or mitigation of the war.

"Pray for the peace of the world. Thank you for your faithfulness. Thank you for your trust. Thank you for your trust in my visionary.

Be there for one another, my children. Strengthen your faith, do good to one another, spread peace in word and deed, the peace of my Son Jesus Christ. Call me and I will be there. Call Him and He will be there.

In the name of the Father and of the Son and of the Holy Spirit. Amen"

**#156 MESSAGE FROM OCTOBER 22 2024
JESUS CHRIST "JUST LOOK AT ME!"**

Jesus appears to the prayer group and conveys the following to His followers:

"I send you My love, My children.

Do not despair and turn your face away from fear.

Just look at Me.

In the moment of greatest fear, look only to Me. Look into My face and I will instantly bring you My peace.

Practice this daily if necessary.

I always accompany you and will never leave you. Learn to call on Me, My children.

In the name of the Father and of the Son and of the Holy Spirit."

Amen.

The visionary had the impression that Jesus particularly wanted to address and reassure those people who were very worried about the war and give them a sense of security.

The following night, the visionary woke up from her sleep and had a very brief vision. The immense detonation of a nuclear bomb in the North Sea appeared before her inner eye. It was an enormously high wall of water rising out of the sea. Like an immense column of several thick layers of seawater breaking through with the force of the water.

**#155 MESSAGE FROM OCTOBER 10, 2024
THE BLESSED VIRGIN MARY
"THE ALLIANCE OF STATES AGAINST THE USA"**

+++ Great shock // Middle East war spreads to Europe // Prayers for peace needed // England saves itself at the last moment // Attacks on New York +++

Mary appears during the group's prayer time. She radiates a lot of love and purity. **She asks us to continue praying for peace.** She assures the people that they could feel safe and be sure of her protection.

The Blessed Mother announces an imminent great upheaval for humanity. Something that will shake the world. It feels like an announcement, not a warning.

Mary assures us that she will protect her flock, but at the same time radiates great seriousness. The faithful should be sure of her protection at all times. The situation seems serious.

Everything will now develop very quickly, she predicts. The escalation of war is just around the corner.

When asked which countries would be affected and what exactly all this means, Mary answers wordlessly with a very sad look full of regret. People have no idea what they are facing, she warns. Our Lady is referring to the whole world. The war in the Middle East will spread to Europe, she warns. **She advises people to prepare, to be prepared and to continue praying for peace.** These are urgently needed.

Mary shows her large immaculate heart in red on her chest. She assures us that she will provide everything necessary when asked for in the name of her son Jesus Christ (e.g. food).

The Mother of God now shows a kind of map with various sources of fire. She places one in particular in the foreground: Russia. She has great sympathy for Russia. She embraces this country lovingly, very gently with her hands, as if it were a miniature in a snow globe. Russia is very close to her heart. One can feel it. Putin is visible for a brief moment. Then St. Basil's Cathedral appears on Moscow's Red Square. An armed troop appears. Fully armed soldiers are creeping forward there.

In the meantime, swans are flying in the sky. They appear to be flying in the direction of Russia. This is to be understood as British involvement. They are sending a relatively large number of fighter jets in the direction of Russia.

But from there, something very threatening (symbolically) approaches the British, like a large weapon. The object cannot be seen as such, so it acts as a symbol for a concrete threat. This threat is only recognized by the British at the very last moment.

The enemy seems to warn "this far and no further". The British jets turn in panic and fly away.

A single swan is now visible. It is flapping wildly because it is being attacked. Someone is trying to kill it - depicted as a knife at its throat. However, it manages to free itself and run away. Injured with a cut on its neck, it runs away, ducking. The swan is bleeding slightly, but the wound is not life-threatening.

In the next picture, a turbulent sea with high waves appears. A very large jet appears. Many flags are painted on the underside of the wings so that they form a colorful rectangle. This image has already appeared in earlier visions and today it became clear what it represents - a union of many countries. That is why the jet flying over the sea is so large. Judging by the number of flags, it could be around 20 to 30 countries that have joined forces.

One of the flags is highlighted. It is light green with a yellow cross, with the lines of the cross running diagonally from one corner to the opposite corner.

A strong pressure wave emanates from this jet. It affects the water with great force and creates waves. This stands for the strength and power of the alliance. Great determination also emanates from the allies moving across the water.

The next scene is shown from the perspective of a ship. There is a cloud of haze around the ship over the sea, preventing a clear view. Only as the ship continues its journey, some land slowly becomes visible in the distance. As it gets closer, one can see that it is New York. The ship is heading towards New York and the Statue of Liberty also becomes visible.

An attack on New York takes place - both from the water and from the air.

A bombing raid in cooperation with Russia, but with many countries joining forces. The Russian flag can be seen. A special kind of jet flies by. They fly faster than usual and they can fly particularly far. America is the target. They drop a small bomb with a white umbrella which then sails to earth.

At the same time, an underwater attack takes place. It looks as if there are pipes running under the surface of the water from Europe to America.

Mary also warns of an EMP attack which is depicted as a burning circle. Like a lit cigarette that is pressed onto a piece of paper and burns itself in with a hissing sound. It has the effect of several such attacks.

Mary says that she would like to place her protection over America, over the whole USA, but especially over New York. **She asks the world for prayers for America so that she can place her protection over this country.**

In addition, a huge lightning bolt lights up as a result of a bomb attack.

There will be many and varied attacks on America. These things will not all happen at the same time but at different times.

Another picture can be seen. Migratory birds, geese or swans (it is not entirely clear) are flying towards America. Suddenly they change direction. The birds turn into rockets and fly back in the other direction towards Russia. Like darts landing on a map.

Among US opponents are Saudi Arabia and Iran.

White marble gravestones can now be seen.

Maria says: **“Thank you my child. Pass on my words. Pronounce my warnings and please continue your important prayers for peace.”**

In the name of the Father and the Son.

**#154 MESSAGE FROM OKTOBER 5, 2024
JESUS CHRIST
"UK PRIME MINISTER STRUGGLES WITH DECISION /
DECEIT IN THE US ELECTION CAMPAIGN"**

The visionary sees various images as Jesus appears to her.

The first image shows a bomb gliding down from the sky on a small umbrella. The bomb is intercepted and encased by a radiant white dove of peace against a blue sky which flies very steeply upwards. It seems that something is being prevented.

In the next image, the visionary sees a man in England driving a car and seeing a cloud of smoke rising in the distance. The cloud of smoke was created by a large fire caused by a bomb being dropped. It is so large that it can be seen from a great distance. A prophecy seems to be coming true.

The picture changes and the seer sees swans in the sky. The British government sends out rows of fighter jets. However, the jets all subsequently crash from the sky at a certain point. An air alarm sounds. Now the British Prime Minister Keir Starmer comes into the picture. Jesus emphasizes that Mr. Starmer is an astute, critical thinker with a sharp mind. A good observer.

Prime Minister Starmer is pacing back and forth in his office, pulling his hair out and thinking about what decision he should make regarding the war.

Jesus relays the information that King Charles is weakening and slowly fading away. It feels as if he is barely there. He will still be alive at this time, but very weak.

The seer asks Jesus to come closer. It is as if she is standing and he is standing directly behind her, placing his hands on her shoulders. She sees the rising clouds of smoke from the beginning again. They can be seen as a sign or signal that something has now been set in motion.

In a brief image, Putin can be seen sitting somewhere in his mischievous manner. The image changes again and Donald Trump and Kamala Harris can be seen campaigning. Trump is shaking someone's hand and having a cheerful conversation. Harris sneaks up on him in the background. It gives the impression that this is a sneaky campaign strategy.

She takes another step closer to Trump from behind and stabs him in the back with a knife. Trump looks frightened and tries in vain to pull the knife out, gesticulating wildly. Meanwhile, Harris nonchalantly walks past him as if nothing had happened.

In the next image, the seer sees a huge crowd of people bearing Trump's image streaming to his campaign event wanting to support him and vote for him. It is a positive and exuberant atmosphere. People are cheering and he is celebrating himself and the people. Next to it, one can see Harris' campaign event with far fewer people. The atmosphere at her event is subdued, bad and quiet, and she looks over at Trump's event with suspicion and a little envy. She doesn't seem to be as acclaimed as Trump.

It seems as if she is thinking about campaigning against him or discrediting him.

This is where the vision ends.

#153 MESSAGE FROM SEPTEMBER 27, 2024 JESUS CHRIST "MY LOVE WILL REACH ALL"

Jesus appears to the visionary Melanie while she is driving. She sees Him very close to her and she feels warm and cozy.

Jesus opens His hand slightly which causes a wave of love and revelation to flow across the entire earth. A feeling that is hard to describe.

Jesus says: ***"Tell everyone that My love will reach them and they will confess Me all by themselves."***

The visionary is overcome by a strong feeling of wanting to bow down.

Jesus shows Himself walking through the streets and touching people very gently with His index finger and they are healed as a result.

Jesus asks the seer:

"Are you ready to follow Me?"

S: *"Yes Lord, I know of no one better."*

J: ***"Are you ready to do what I have done? Are you ready to follow Me and do My service? Service to the people."***

S: "Yes, of course."

J: ***"I will send you. You will experience great miracles. And you will experience them in My name."***

The apparition ends here.

#152 MESSAGE FROM SEPTEMBER 23, 2024 THE BLESSED VIRGIN MOTHER "USA AND THE MIDDLE EAST"

The Blessed Virgin Mary appears to the seer Melanie.

The vision begins with an image that makes her heart and stomach tighten.

A large, patterned fighter jet, with a tip as pointed and long as a needle, stands on a tarmac. It radiates a frightening menace.

It appears to have a special military mission and may be carrying something special. The seer sees the jet flying towards a large city in the Middle East.

In another picture, tanks, rockets falling from the sky and lots of explosions can be seen. It seems to refer to the already acute situation in the Middle East.

In the next picture, mini busses are being driven by men with full black beards and turbans. They are carrying some kind of handgun that can trigger explosions. The men drive a long way together from a suburb towards the center of a city with high-rise buildings. The landscape is characterised by a change of hills. The region is in the Middle East.

A wave, as if after a severe shock caused by an explosion, passes through the seer. It is as if the earth is shaking for a few seconds.

A jet flies over a large city. The military is dropping something over the city. Mary warns of a great danger from the air that will take many lives.

Bald eagle in the Middle East

The seer sees a bald eagle grinning maliciously. Screaming, it glides in the sky and holds a bomb in its talons. It seems to be interfering in the action.

The bald eagle's appearance is irritating. Mary looks sad and asks the seer: '**Look.**' She gets the impression that the USA is supporting one side in this war and supplying it with weapons. This military involvement of the USA leads to an expansion of the fighting and prolongs the war.

This causes great suffering and anxiety for the local civilian population. They will suffer from hunger and water shortages and will be dependent on aid supplies.

Mary shows the seer the people who are trying to hide and hope not to be hit. She sees women with babies who do not have enough baby food.

Aid organizations will be needed to provide medical care. Doctors, nurses and paramedics are needed to care for the wounded.

The misery of the people is clearly depicted. The fear of not being safe at home. Destroyed houses, constant explosions, bombs dropping.

There is a growing feeling that the war will escalate if the U.S. gets involved. It could be prevented if the U.S. won't interfere.

This is a warning to those responsible in the USA.

Mary emphasizes that the U.S. is not (yet) making well thought out or peaceful decisions regarding war.

Harris against Trump

In the course of the previous warning, the idea of the future president of the U.S. emerged. As a result, the image of Kamala Harris and Donald Trump appear side by side in the presidential election. They stand on a pile of small tiles. One tile represents one vote and they both rise to the top. It is clear that people are trying to prevent Trump's victory by any means possible.

In the next image, the seer sees Donald Trump being shot in the right leg, approximately at knee height. He kneels down and holds his leg and foot with his face contorted in pain. It seems as if he has stepped into something sharp.

It looks as if the spike through the foot is a sign of Jesus. Trump should not perceive this as something negative, but as a kind of honor. It is as if he is being sprinkled with the blood of Jesus.

The vision ends and Mary says goodbye with the words:

“Go in peace.”

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#151 MESSAGE FROM SEPTEMBER 19, 2024
JESUS CHRIST
"THINGS WILL HAPPEN QUICKLY NOW"

Jesus appears to the visionary Melanie very briefly throughout the evening. Images flicker quickly behind Him and disappear again.

Images with clouds of smoke and flickering lights. Then Jesus appears barefoot, in a white robe. His feet have bloody wounds.

As the evening progresses, Jesus tells the visionary: ***"Things will get much worse."***

He is referring to the flaring war in the Middle East.

He also predicts: ***"Things will happen quickly now."*** This refers to the escalation of the war there.

Jesus says: ***"I have something important to show you before you go to sleep."***

Then the inner images begin.

A large city in the Middle East, stretching over a wide area, becomes visible.

It is not made clear exactly which city it is. As if from a hill, the view slowly sweeps from left to right and back again. The houses are completely flat, some with half-rounded roofs like domes. One can feel the warmth that prevails in this area.

From the mountains, a terrifying large number of men wearing black robes come out.

They move slowly and quietly in the background.

They are an unspecified terrorist group that has been waiting for this opportunity for a long time. This enmity has very old roots.

These men have the notion that only great bloodshed is the right way. In their eyes, their enemies have the wrong faith.

It is also about territorial claims to the land. It seems to be very important to this terrorist group to shed as much blood as possible.

The situation seems very complicated and Jesus says that this path will not lead to peace for these hostile people.

The conflict seems to spread to many other areas, first inland and then to another country.

For a brief moment, a glimpse of other countries is given - a symbol of the expansion described above. These countries are also drawn into the conflict and send planes and jets.

Even Western countries and Russia are getting involved.

Jesus warns that the consequences will be serious. He repeats that things will happen quickly now. It will spread rapidly and its effects should not be underestimated. He asks people not to underestimate this escalation.

In the last picture one can see rockets flying. The big city is in flames. There are a lot of deaths. The apparition ends here.

#150 MESSAGE FROM SEPTEMBER 17, 2024
JESUS CHRIST
“A KING OF ALL KINGDOMS”

In the car on the way back from Sievernich (this day was the renewal of the consecration to St Michael the Archangel), the visionary Melanie sees the image of a huge lightning strike in the sky. It feels like a righteous wrath that will come upon people and all nations. Jesus then appears before her inner eyes in an infinitely tall figure in the sky - with his feet on the ground and his head reaching up into the clouds. He walks towards the people in a warning figure, surrounded by lightning. He wants people to know that He will come to us in His glory. Then His righteous wrath will reign.

Jesus raises His hand and says:

“I come to judge the living and the dead. I am the Lord.”

He explains that He will judge sins and lists some of them: turning away from faith and from God, licentiousness, intemperance, the decline in values.

People will shiver and tremble and beg Him for forgiveness because of their deeds and sins, He predicts.

But those who have not found the right path (to Him) during their lifetime will find it difficult, He warns.

For there is a point at which He will no longer allow mercy to prevail.

Jesus now pleads with people and warns them, He calls on them to return to Him. To turn away from polytheism, from abortion, from the sins that people commit against each other, e.g. murder through greed, theft through greed.

Jesus says: ***“There are things that are to be condemned. There are things that do not conform to life and the laws of life and certainly not to the laws of the Church.”***

There are grave sins, He says. There are sins that weigh particularly heavily and weigh heavily on the world. These are also the reasons why nature turns against people such as natural disasters (floods or hurricanes, for example). Everything has a consequence.

Our human actions have consequences, however little we may sometimes realize this. Everything has an effect on everyone and everything works collectively. Nothing is lost. Nothing good is lost, but nothing bad is lost either, He explains.

There are things that need to be corrected. People who commit sins must ask for forgiveness themselves. They must want to make amends, turn to Jesus, go to confession and do penance. They should strive to make amends.

If they do not do this, these sins remain in the world and the effects of this also remain in the world. Jesus goes on to say that He is love and mercy. But He cannot tolerate certain things.

Some sins are particularly serious, Jesus explained further. If there are many sinners who do not endeavour to make amends, confess and repent, and if they do not repent for their mistakes and do not feel sorry for their fellow human beings, then all these sins will remain in the world, He said. These serious transgressions remain and this has consequences.

Some things cannot be left as they are. They require judgement. Just as there is earthly judgement for broken laws, there is also heavenly judgement to restore the necessary order.

Jesus calls for conversion.

If people do not learn to turn to Him and come to Him, if they do not recognise Him, the time will come when it will be too late. When the Last Judgement comes, it will be too late. Then He will have to judge the living and the dead.

It is a **warning to humanity** to confess to Jesus early on because at some point the time will come when it will be too late and He will no longer be able to help despite all His mercy. Some souls will then be lost.

Jesus repeatedly emphasizes the importance of the sacraments.

“Repent and believe in the Gospel,” Jesus warns, **“for if you do not, the consequences will be devastating.”**

At the end of the vision, the visionary hears the verse of a German Christmas carol within her.

First verse of the song *“Macht hoch die Tür, die Tor macht weit”*:

*“Open wide the door, open wide the gate;
the Lord of glory is coming,
King of all kingdoms,
Savior of all the earth at once,
who brings with Him salvation and blessing;
therefore rejoice, sing with joy;
Praise be my God,
my Creator is rich in counsel.”*

The apparition ends here.

**#149 MESSAGE FROM SEPTEMBER 8, 2024
THE BLESSED VIRGIN MARY
"DO NOT WAVER UNDER THE SHOCKS OF THE WORLD"**

On the day of Mary's nativity, the Blessed Virgin Mary appears to the seer Melanie during the group's prayer time. Mary radiates a loving and at the same time respect-inspiring power.

Mary begins to show the seer images of a skyscraper and a passenger plane. The images of a plane in the sky are repeated and suddenly a strong spiritual shake is felt, a kind of tremor.

When a member of the prayer group begins to pray in Aramaic, Mary shows her affection and approval. During the Aramaic prayer, Mary begins to spread a kind of field of peace around her. She explains that people should not underestimate the value of prayer.

“Prayers strengthen love and peace in the world and this contribution is greatly appreciated and has great significance. Every prayer spoken from the heart has an effect and is used for good.”

She continues: ***“Do not waver under the shocks of the world. Rather, strengthen your confidence when you pray for peace. Everyone who prays for peace. Then imagine that I am building a protection that I am placing around the world like a wall of light and love. Each prayer builds a tiny stone in the protective wall of love that I am building where it is needed. Your prayers make healing and protection possible. I send out the dove of peace for you and bring healing for wounds, strengthening in doubt, orientation in chaos, hope in fear and faith where God has been lost. So do not despair where your world seems to be crashing and sinking into chaos. It must become new and for this to be possible, the wrong must be eradicated. But first it must become visible.”***

Mary gives the seer a comparison. Rats, for example, become visible and show themselves to leave a sinking ship.

“So remain in complete trust in God, my children, and do not be afraid. Everything is in God's hands. Trust in the loving and caring hand of the Father, who never goes astray and always arranges everything for your good even if it seems to look different to you from time to time. The Father directs your life according to His will, so trust Him in complete surrender. Your trust will be rewarded for graces flow to the faithful. Faith moves mountains. Rejoice in the manifold blessings that the Lord is preparing for you. For you, His children, will see the kingdom of heaven. And so do not despair, for the victory of my beloved Son is near. Look forward to His return, you who are His children. Rejoice and be glad, for HIS time is near. My Son, the Lord, will bring you joy. And so go in peace. In the name of the Father and of the Son and of the Holy Spirit. Amen. May the peace of the Lord be with you always.”

**#148 MESSAGE FROM SEPTEMBER 7, 2024
THE BLESSED VIRGIN MARY
"PARIS AND PUTIN WITH THE FACE OF A WOLF"**

Warning to France

The Blessed Virgin Mary appears to the visionary Melanie.

She has a particularly strong presence in the room on this day and says: ***“War. I would like to express a warning.”***

The Blessed Mother then begins to communicate information via inner images.

At first, the Arc de Triomphe in Paris and the Champs Élysées can be seen. In the vision, fighter jets fly through the city and fire salvos in flight. Military vehicles drive along the Champs Élysées. Something large falls from the sky onto the city and a very large light flashes there.

But then Mary shows a picture of her upper body bending over the city. She wants to assure the French population of her protection and at the same time express a warning.

It is a warning for France.

Now Mary asks the visionary to look closely. Something unrecognizable flies past in the sky in a flash. Then a large, long bomb falls from the sky onto the city.

It hits a church. Sacré-Cœur comes to her mind. However, the image “freezes” during this detonation, so that the full extent of it does not take place. Mary indicates that it should be understood as a warning to the French population which would act as a consequence for something.

Our Lady wants the French to know that she sees them as a proud people with great national pride. Images of past times with marching armed troops come to mind. It symbolizes war-toughened France. Among other things, it is the splendor of history that the French are proud of - as part of their identity, Mary explains. The resulting self-confidence seems to make them ready to fight or combative. But Mary warns that times have changed and that this attitude could have a negative impact on them today. Mary therefore suggests that the combative attitude from its country's identity should now be put to rest and that she should focus on peace. The scenario in Paris described above can be averted.

Putin holds a trump card in his hand

The image changes to Russian President Putin and an unrecognizable interlocutor. Putin's face keeps switching between a human face and a wolf's face. This image is reminiscent of the fairy tale "Little Red Riding Hood and the Wolf". It points to an insidiousness that poses a danger. Putin's wolf's smile looks unpleasant and mischievous. As if he had something evil in mind or something up his sleeve that nobody suspects.

Putin signs something in the next image. It conveys the feeling of his attitude and looks as if he is allowing the idea of a radical strike now or in the future.

The image changes again. A pocket watch appears and the visionary hears the words "Time is running out." It is the announcement that the entire situation will about to change and as if everything will turn upside down as a result. Mary refers to the tipping point that was already described in message #112. It seems that this would be triggered by something that is actually insignificant and that the situation would escalate as a result. "Time is running out." is repeated. "Time is running out." This development will take place in a very short period of time, perhaps days or a few weeks.

The last image - A bald eagle screaming loudly. A smaller jet has caught fire and falls from the sky to the ground trailing black smoke. Before it crashed, a larger jet flew past it. It looked like an attack.

Mary says goodbye with the words:

"Make haste to post this message.

Take my blessing with you. Take it to your brothers and sisters in faith. Assure them of my motherly care.

Assure them of my immaculate conception. I am always available to you and always ready to help you.

Call me and I will be there. If you call me from your heart, I will answer from my heart.

Thank you, my child, for making yourself available."

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#147 MESSAGE FROM SEPTEMBER 2, 2024

JESUS CHRIST

"WARNINGS TO AMERICA AND ENGLAND - PUTIN WILL NOT BACK DOWN"

Jesus appears to the visionary Melanie during the group's prayer time and begins to communicate with her through inner images.

The first image shows a kind of white glider or light aircraft. The glider is flying through a hilly landscape in the USA.

In the next picture, one can see an industrial area from an elevated position on the hills. From there, a round cloud of smoke rises in the distance as if after an explosion. An aggressive-looking bear (symbolizing Russia) stands on its hind legs, its front paws raised angrily into the air.

Above the cloud of smoke, orange-pink colors begin to glow in the sky, appearing unnatural. Like a post nuclear explosion.

A flock of large birds (e.g. geese) flies towards this cloud. The visionary also hears a warning signal and feels a shock as if triggered by a strong pressure wave.

In the next picture, a khaki-colored military aircraft flies in the sky, opening a large flap on its underside from which a massive bomb of the same color is dropped. Attached to the bomb is a small rectangular plaque - yellow on the left half and black on the right half.

The plane passes over the English Channel in the south-east of England and shortly afterwards a high wave hits the coast of England near London. However, the water does not reach the capital. Jesus seems to foreshadow the consequences of England and America not taking Putin's threats seriously.

The picture changes again. In front of a gray-white cloudy sky, fighter jets mentally fly towards the visionary. She then sees one of many bright warships with a Russian flag firing a missile towards land. Buildings are destroyed and people appear to have been hit directly.

The visionary sees a map of the world on which waterways or water movements originating in Russia are marked. The movements go across the North Sea past Germany and England to America's east coast. In the east of the USA, small triangular flags are engraved on the map as target markers. There are two pairs of flags (i.e. two targets) consisting of a red and a white flag as target markers.

Below one can see the interior of a warehouse with initially only one dark grey torpedo a few meters long. Behind it, many more torpedoes appear in the hall, stored one behind the other and lying ready on metal rolling racks. Their enormous power potential is clearly noticeable. A very threatening and intimidating sight.

The visionary is made aware that Russia is the owner of these underwater weapons and that Russia has an extraordinarily large quantity of weapons at its disposal.

Russian President Putin comes into the picture and is ready to bring out the big guns if - in his view - he continues to be provoked.

A glass box with a red button underneath first appears in front of him which then becomes a rather long row of glass boxes with red buttons. Putin can be seen unlocking one of the glass boxes and pressing a red button. This means that he is confirming the use of a nuclear weapon.

An elongated missile is then fired from which fire sprays out in flight.

The long row of around twenty to thirty glass boxes with nuclear weapon buttons of which he has many more, underlines Russia's nuclear power and its willingness to use them. Because in the next short picture, a wave goes through the row of boxes and all the boxes open.

Jesus now explains Putin's stance. The Russian president is a strategist and has worked out various tactical considerations and well-considered plans. It seems as if he is attacking a country (in addition to Ukraine) as a warning and then waiting for the reaction of his opponents as if he wanted to express that people should be careful about testing their strength against him. The visionary sees Putin standing at the lectern with the red buttons under glass boxes, ready to use them. Once again, Jesus gives the advice to enter into negotiations with Putin and to deal with him because he will not give in. He would rather bomb England and America and possibly other countries with all available weapons.

Jesus appears next to the visionary and draws her gaze to Himself. She sees a white robe and a large red heart as well as the bloody marks on His feet. The visionary feels Jesus place His hands on her shoulders. It is an insistent feeling that she must be strong now and He invites her: **“Come.”**

Jesus and the visionary are now mentally back at the Grand Canyon. Jesus feels very depressed and sad, as if He regrets something very much. Standing at the Grand Canyon, flying fireballs can be seen again over the USA - as already shown several times in previous messages. But then she sees the fireball of light and fire which points to the Last Judgement. It is clearly different from the fireballs that symbolise warlike attacks in the vision. It looks like a temporal classification for the Last Judgement. This comes when there is war in America and when the country is “on fire.”

Jesus leads the visionary on.

She sees a white Russian bomb with little wings on the sides which turns around itself in flight. At the tip of this bomb is a kind of disk with a short, elongated projection.

This specific bomb is dropped from an aeroplane and falls from the sky into the English Channel. The perspective changes to the King of England, Charles III, in Buckingham Palace. King Charles looks out of the window and sees in the distance how the water on the English coast is bursting its banks and a large wave is rolling towards the land, causing flooding. The king looks very weakened and is very worried about the country. He sees fighter jets and air raids on England. It is a clear warning to England and its decision-makers.

These events are not yet certain. They can still be averted.

"Pass on My warnings, child,' says Jesus, 'pass on My warnings and do not be afraid to ask Me for help. I am always there to take care of My children. Turn to Me. I am the Lord your God."

*"In the name of the Father and of the Son and of the Holy Spirit. Amen
Praised be Jesus Christ, for ever and ever. Amen"*

#146 MESSAGE FROM AUGUST 21, 2024 JESUS CHRIST "USA UNDER MASSIVE ATTACK - A WARNING TO OUR BROTHERS AND SISTERS IN AMERICA"

At the beginning of the vision, the seer Melanie sees the described desert landscape in Nevada, USA (from message 143).

Fires are blazing and large, dark clouds of smoke are rising in the distance as a result of an explosion.

The military is already on its way towards the site of the explosion when another attack occurs.

In the sky, a large military aircraft flies over America. During the flight, volleys of bombs are dropped from the plane onto the ground.

The picture changes briefly and one sees Switzerland. From a higher point in Zurich, fighter jets can be seen flying over Switzerland from the south to the north without attacking. Lake Zurich stretches out in the background.

The picture changes again to the south of the USA. Huge fires and debris of destruction fill the picture. A black, elongated and relatively small bomb slowly glides straight down from the sky on a white screen. This is followed by a circular explosion and fire spreads.

The perspective changes to a close-up view of the large fires.

A person is caught in the fire and runs away in an attempt to save himself.

The fire causes widespread destruction and Jesus warns that the EMP will cause many deaths.

The scene changes - fireballs fly through the air, still in the USA. As in one of the previous visions (No. 142), the feeling of "the USA will burn" arises again. It is an announcement that there will be large-scale fires caused by an EMP and great destruction caused by air strikes during the war.

Jesus now presents another image: Three mushroom clouds appear one after the other in the landscape in the USA.

Warplanes move towards the atomic bomb explosions.

Jesus appears to the seer and changes the image with her.

The seer sees the Golden Gate Bridge in San Francisco. She sees the water level rising slightly. The sky turns black over the city.

Heavy rain can be seen pouring down. The images trigger fear and anxiety.

The seer hears the warning in English "*Beware! A storm is coming.*" which translates as "*Vorsicht! Ein Sturm kommt.*"

She sees the water rising rapidly until it is as if the seer herself is standing in the water and watching the rapidly rising water level above her.

The American people should be warned, Jesus asks.

The seer sees a small white airplane and then a seemingly unreal tsunami wave which is higher than the bridge itself rolling towards San Francisco.

This is reminiscent of a warning already received in the past in message #64 of February 9, 2023, in which warnings of storms and severe flooding were already given.

Jesus looks very sad and says: **"They must be warned."**

The visionary tests His appearance again with holy water. Jesus then comes closer and repeats: **"They must be warned. Warn your brothers and sisters in the United States of America. I am guiding you.**

Assure them of My love and protection. They must prepare themselves.

They need to prepare emotionally, materially and spiritually.

They may also need to relocate."

The American people are to ask Jesus for guidance that they can understand and that He may give them direction as to whether they should stay where they are now or how Heaven directs them to be protected.

Jesus urges the seer, **"Get this message out quickly. You need to prepare yourself."**

The picture changes. The seer sees dark clouds gathering over the Middle East. They are not to be understood as storm clouds, but that despite all the current events, a "storm" is yet to break loose in the Middle East.

In the next picture, one flies over a large expanse of water towards and over a city in China. An unpleasant feeling spreads.

It is as if China is secretly preparing for something and making plans behind closed doors.

In the next image, the Chinese flag is raised and the seer hears a kind of anthem.

It looks like a preparation for war. It seems like a pact in alliance with another country.

Now the Chinese President Xi Jinping appears. Jesus gives the impression that Xi is not revealing the whole truth and that he is pursuing his own strategies and plans.

There is a feeling of "to be taken with a grain of salt". He smiles politely, but it leaves the feeling

of not knowing what he is really thinking or up to.

As a final image, the seer sees fighter jets flying over the Brandenburg Gate in Berlin. As if war was coming to Berlin.

“Pass it on,” says Jesus. **“Pass it on. In My name.”**

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#145 MESSAGE FROM AUGUST 18, 2024 THE BLESSED VIRGIN MARY “WARNINGS TO UKRAINE AND THE USA”

The Blessed Mother Mary appears during the group’s prayer time and begins to show the visionary Melanie various short inner images:

The first is of a jet spinning out of control and hurtling towards the earth. Another jet flies into something, causing a strong vibration.

The image of a ship on the high seas on strong waves appears very briefly, but repeatedly.

Then a tank drives through a desert. Another image shows a hurricane or tornado.

Images of countless satellites moving through space appear again and again.

Suddenly something big falls from the sky. A large bomb is dropped on America. It is a warning of an attack on the USA that will cause a massive shock. It will be a really hard blow for America.

Mary appears all in white with a veil in her hair and a white dress. She is very devout and radiates love, softness and generosity.

She appears depressed, and while she lovingly embraces us humans, she utters the following final warnings.

A relatively thick missile is launched from the ground. It is about the war between Russia and Ukraine. Mary tells us to be careful. She warns urgently that Ukraine's plans - the provocations and not giving in or giving up - will lead nowhere and should be avoided.

The official part ends here.

#144 MESSAGE FROM AUGUST 14, 2024 JESUS CHRIST "A WARNING FOR SEPTEMBER"

Jesus appears to the seer Melanie and begins to transmit inner images to her. Images of flying fighter jets are repeated. One of the jets flies uncoordinated as if it has gotten out of control. One is flying unusually fast. Several jets emit colored smoke, but the appearance is gone too quickly to capture the colors. It seems to be taking place in a mountainous landscape. The images of the wildly flying jet appear again and again.

It becomes clear that it is about war. Jesus emphasizes that the time is very urgent and that this message is important.

It is a warning. Jesus repeats that there is not much time left until something happens. It feels like a very short period of time as if it could even be only three to four weeks until what Jesus is warning about happens. The seer hears "September."

Furthermore, the feeling arises that Jesus' warning is related to one of the latest three or four messages or that He is referring to the information from it.

From the inner eye, a wall or rampart rises from the ground. Jesus looks sad and grieved about the situation. Jets can be seen flying behind Jesus' image.

Again, this wall pushes its way out of the earth. It rises far back on the horizon and in front of it lies flat land. A jet flies towards the wall.

There is an association with the 112th message, in which the vision of a wall represented NATO. To repeat the core message of the 112th message: their actions would provoke Russia to extremes and there would be an immense escalation. If this escalation were to occur, one would wish turning back the time.

Jesus warns:

"Hurry up. Tell my children, tell my beloved children that the war is coming and that they must prepare. Tell them I will protect My children.

Those who turn to Me and also those who have newly found Me will also receive My help. I will help everyone who turns to Me.

It will start soon.

September.

I want my children to know. Those who count on it and those who are pushed towards it.

Go in peace. My peace I give to you.

In the name of the Father and of the Son and of the Holy Spirit. Amen."

#143 MESSAGE FROM AUGUST 11, 2024 THE BLESSED VIRGIN MARY "RUSSIAN AIR STRIKE ON NEVADA, USA "

The Blessed Virgin Mary appears to the seer Melanie. It is about a war.

The visionary sees white and silver fighter jets coming from all directions and flying somewhere. She sees jets in V formation and a tank - she sees them as symbols of war on the ground and in the air. This should be understood as a warning.

She sees a kind of desert landscape in the USA with light-colored desert sand and cacti. The state of Nevada comes to the seer's mind several times.

A tank drives through this landscape and jets fly over the desert. Something drastic has happened.

The jets leave behind a white-blue-red fog, like a flag.

In the background of this landscape she sees a flat mountain. Open military jeeps are driving along this flat mountain in convoy.

A very large, very long white bomb with three small white wings on the sides and a red ring in the front falls from the sky.

The bomb rotates slowly around its own axis as it flies. The thought of a nuclear weapon arises. The country responsible for this massive attack has a large number of highly potent weapons.

The explosion of the bomb triggers a shock wave and great vibration. The Americans had not expected this attack. In great turmoil, they rush to the site of the bombing with a large military contingent.

This massive attack throws the entire country into turmoil. Mary looks very sad and expresses her regret about this event.
It will not stop with this single attack.

This is where the vision ends.

In the name of the Father and of the Son and of the Holy Spirit. Amen.

**#142 MESSAGE FROM AUGUST 9, 2024
THE BLESSED VIRGIN MARY "IMMINENT WAR IN EUROPE "**

- WAR AND DISEASE IN EUROPE -
- RUSSIA IN SUDDEN WAR AGAINST GERMANY -
- USA UNDER MILITARY ATTACK AS ECONOMIC CRISIS ERUPTS -

The Blessed Virgin Mary appears to the seer Melanie and she looks very sad.

At the beginning, various inner images appear. She sees a single jet in connection with a wave. This jet drops many bombs vertically at intervals of seconds, the explosion of which is not visible.

In the next image, another single jet with a colorful pattern appears. The image changes to a whirlwind of sand.

The jet flies off towards the horizon. At first it can be seen alone, then the sky fills up with rows of other jets.

The sky is covered like a "carpet" of jets.

An anxious feeling spreads through the seer and that of a great threat. The "carpet" of jets spreads further and further across Europe.

More and more countries are being covered by this dense, dark carpet flying over Europe.

The view changes as if one was looking out of a skyscraper over a big city.

The dense "carpet" of jets flies over the city. All that can be seen is a dense, dark blanket of clouds through which only the occasional small sunspot shines through. This menacing dark shadow passes over Europe.

The seer shudders.

The war will spread. The people feel surrounded by darkness and are afraid.

Another blanket of darkness lies over the darkness of the jets - a disease.

There is an image of a city with a dark blanket of clouds above it. A black fog is drifting over this darkness - death. It spreads across Europe.

The focus shifts to Italy. Italy will suffer greatly from this threat.

All in all, the pictures mean that a disease will appear and spread at the same time as the war. There will be many deaths.

Mary keeps looking sad and expresses her regret. She indicates that there is something else in the future that she wants to point out.

Mary looks warningly. She makes it clear that there is little time left and that an escalation and accompanying expansion of the war on the part of Russia is imminent. From one day to the next, the war with Russia escalates. No one expects this escalation.

It looks like a surprise attack that will come from Russia on Germany.

Mary bends over the seer, comforting her. She envelops the seer in her love and speaks to her well.

Mary asks the seer if she is ready for another prophecy. It is about America again. Mary and the seer stand on the familiar platform at the Grand Canyon which symbolizes the whole of the USA. The seer sees fireballs falling from the air onto America. The USA will burn under massive military attacks.

Mary suggests that the American population should prepare for this and stock up on food.

In the course of this war there will be a currency crash.

Mary asks the American people to increase their prayer efforts.

She sees the efforts and prayers of many. These have already had a positive effect.

The country needs many more intercessors and many more prayers to counteract the horrors of war and poverty.

In order to achieve a real impact of change or aversion the entire country would have to pray together.

Mary bids farewell with a greeting of peace.

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#141 MESSAGE FROM AUGUST 4, 2024**JESUS CHRIST "THE CONFLICT IN THE MIDDLE EAST IS ESCALATING INTO A WORLD WAR"****JESUS LOVE - FIGHTER JETS OVER EUROPE - WORLD WAR III BEGINS IN THE MIDDLE EAST - UK PRIME MINISTER STARMER IS ABOUT TO MAKE A MOMENTOUS MISTAKE -**Jesus' life and His love for people

Jesus appears to the seer Melanie. He shows her various images.

Jesus first tells her about His life. He tells the seer that He has been very much misunderstood. In His time, many did not understand Him although He only wanted to spread love and the truth.

The truth that people are connected to God and that He speaks to them and through them. One can dwell in this connection.

Nevertheless, Jesus did not allow himself to be dissuaded. He remained true to Himself.

He was fully aware of this.

He did not allow Himself to be swayed no matter what was done to Him. He wanted to prove His love. The love that the Father is capable of.

He wanted to present and spread among people the miracles that the Almighty Father is capable of because He had understood what miracles the Almighty Father is capable of and through the Father the people too. Jesus wants to give us the opportunity to spread this divine form of love here on earth and bring it closer to the people.

He is still trying to bring this form of love to people today through those who are willing to let it spread like wildfire.

Jesus loves everyone. His love is not limited or restricted.

It has no conditions. He loves everyone - everyone unconditionally, everyone infinitely, everyone just as they are. We can trust in this.

This love sustains us. This love can carry us through life if we leave everything to Him, He says.

The more we can surrender to Him, the better He will take care of us because our ego, our personality, our wealth of experience, and our limited thinking cannot interfere.

The more we surrender everything to Him, the more He can let pure love, pure order, pure beauty and perfection come to us.

War in Europe

The vision now changes. The seer sees the sky full of jets flying side by side in rows. They are dropping umbrellas.

There is war in Europe. Germany could also be affected. The warning sound of an air strike is heard.

She sees that Jesus is very sad. He regrets something. His heart feels heavy and sad.

The beginning of World War 3

Jesus asks the seer to drop all her assumptions and everything she thought she knew so far and to look at what He wants to show her in a completely neutral way. She endeavors to comply.

It is about the beginning of the Third World War.

The seer sees a very large military airplane. A sudden flash of lightning comes from it.

The seer perceives a heavy, unpleasant feeling as if she had a stone in her stomach. She finds herself in a desert landscape on an orange-red sand with scattered rock formations.

An enormous explosion occurs in the distance and a shatteringly strong jolt emanates from it.

The seer appears to be in a rather small town above which the enormous explosion occurred. There is a weekly market there with market stalls made of white tents. It seems to be in the Middle East. Military planes fly over the town.

A very wide rivulet of blood forms in the sand at the edge of the town. This means that there has been massive bloodshed.

A very sad and shocking sight.

The picture changes to a very large city in the Middle East. The area is hot and you can see the shimmering heat. There is a large, white building, a kind of church with a large, white, round dome in the western architectural style. A massive bomb explosion also occurs in the middle of this city. The bomb was dropped from the air. The city is on fire.

Several cities are under attack. It is a conflict in the Middle East. She sees on a map how the conflict is spreading.

The seer sees the sky full of unfamiliar objects floating towards the earth.

They are relatively small, nail-shaped, pointed and a small black bow connects the tips of small white umbrellas.

It's like a carpet of these objects being lowered over the city. It looks like a kind of weapon.

The picture changes. A skyscraper on the outskirts of a city. It seems as if something is flying into this skyscraper or as if it is being shot at.

A passenger plane with vacationers flies over the city.

A particularly large, dark jet flies into the picture and slowly descends. More jets land behind it. There is a small USA flag on one of the jets and a British flag on the other. The jets appear to be in a hangar.

The seer keeps thinking about Palestine.

Great Britain

Jesus says: "One last picture for today."

The seer sees swans flying. She sees the British Prime Minister Keir Starmer who has sent out a large number of swans - i.e. British jets.

It looks as if he wants to appear decisive without knowing what he is getting himself into. He would bring serious danger over England. He seems insecure because he has a difficult decision to make.

The seer receives an assignment in this regard.

Finally, there is a feeling that something big is about to happen. A vision of a solitary explosion in the background creates a strange feeling. An announcement that an old prophecy will come true.

This is where the vision ends.

#140 MESSAGE FROM JULY 29, 2024 THE BLESSED VIRGIN MARY "PALESTINE UNDER MASSIVE ATTACK AND AN OLYMPIC ASSASSINATION ATTEMPT"

The Blessed Virgin Mary appears to the visionary Melanie and announces a serious message. She shows her various inner images.

The vision begins in a kind of desert. Flat houses can be seen in the sandy, yellowish-white surroundings. It looks like the Middle East.

There will be an escalation here. Mary shows the visionary jets flying behind her, shooting directly at people with rapid fire.

People run away and try to get to safety. Stronger weapons are also deployed.

Mary shows a beige, grayish armored pipe.

A hospital and a school are then bombed.

Mary looks very sad. She wants people to be warned.

The visionary senses that today is the beginning of the Third World War.

"I will show you what is coming, child. I'll show you the abomination, I'll show you the shameful deeds. Are you ready?"

Mary takes the visionary with her spiritually. It is as if Mary is walking quietly, on silent paths as if she and the visionary are walking undercover.

This is about someone who cannot and does not want to be seen.
A man walks through narrow streets past white-beige houses.
The ground is rather sandy.

A large missile flies towards a city. The city is under American fire.

Men with very dark hair and long black beards walk through the streets.
A woman in a headscarf and desert robe tries to get her baby to safety.

The image of the shelling of the city is repeated several times - a massive attack on a small town from afar surrounded by sandy desert.

Palestine comes to mind and again a heavy military attack that destroys half the town.
American soldiers are there.

The picture changes. A hilly landscape appears. The visionary hears the American anthem.
It is another attack. A tall American soldier with a cap is handling a weapon.

A burning missile comes flying from behind a hill. The whole thing looks like an ambush in a valley. The small town appears to be surrounded on all sides.

An image emerges from a place where something evil emanates as if something bad were to spring from it.

The image changes again. The visionary sees a man dressed in black, completely hooded and is running fast. He is carrying a black, round bomb. The fuse burns and crackles. It seems as if the man is secretly preparing to blow something up.

Now it is about the Olympics. The visionary sees a tall, blond runner with a red and white running shirt on an athletics track.
The athlete is shot in the chest while running.

Mary has tears in her eyes and announces that an athlete will die at the Olympics.

The visionary repeatedly sees the American visionary Brandon Biggs. His upper body floats over Paris and he spreads his hands over the city and prays, among other things, to protect the city.

It seems as if he has already prayed and that these prayers with his community have been effective and have taken away a certain danger.

The vision ends here.

**#139 MESSAGE FROM JULY 28, 2024
JESUS CHRIST
"A DECEPTIVE PEACE AND JESUS' WARNING ABOUT THE ANTICHRIST"**

Jesus had appeared to the visionary at the evening mass and asked her the following questions:

"Do you believe in Me?" - *"Yes, of course."*

"Do you believe in My miracles?" - *"Yes Lord, of course I believe."*

"I am sending you, child. I am sending you out. Are you ready?" - *"Yes, Lord. I am ready."*

"I am sending you out into the world. Go in My name."

Jesus came back to the prayer group.

He wore a white robe and had a large red heart with flames in His chest. He showed the visionary pictures of fluttering doves.

In the church, an inner image of birds had already appeared, flying in a circle over a spot. In addition, a white dove that flutters in the air on the spot.

Jesus held a white dove in his hand. He held it in both hands so that it could sit there safely. He released it and threw it up so that it would fly away. The people ran after the dove. It was a strange picture because the dove was trying to take off and younger people were running after it. They almost reached it and could almost touch it with their hands. It felt as if the dove was fleeing and as if it shouldn't be touched.

Suddenly, out of nowhere, a bird of prey, a bald eagle, came and grabbed the little white dove and attacked it. The dove was lying on the ground with its feathers ruffled and people were standing around it. The first impression was that it was dead, but it recovered and lay still on the ground. The bystanders treated her with care and kindness.

When it rose to the sky again, it had changed and looked like a white peacock. The dove had a longer neck, larger wings and tail feathers. Behind it shone the glistening sun and a glowing radiance. The scene seemed luminous, but left an uneasy feeling. It is a false radiance. As if peace was emerging, but a deceptive one.

Jesus said:

***"There will come a time when the need will be great. There will come a time when the need will be so great that you will need My help.
All of you.***

***And I ask you to dwell in Me. I ask you to strengthen yourselves with My sacraments. I ask you to remain firmly anchored in faith, for only I, your Lord, can help you then. A time will come when the tribulation will be great. When fear prevails. When poverty is rampant.
When faith is lost and Christians are few.***

A time when Christians will be persecuted and dissenters [those who deviate from the faith that will be dominant and accepted at that time] will be persecuted.

I have always told you and I tell you again. My peace I give to you. Yes, I will give you My peace if you seek it. And I will always be at your side. I can never leave you. I can and I will never. And I do not want to.

I want every Christian in this world to be aware that I am the Lord. That I, the Savior of the world, Jesus Christ, am your only salvation, your only peace, your only light. And there will come a time when you will feel that only I am the light. Only I am love, and only I am life, and only I am the truth. I pour out My mercy on you, my children, now and always. I will never leave you.

But I warn you! The enemy is on your doorstep. The enemy is getting ready to pounce. The enemy who has been proclaimed for all time and oh, what abominations he brings and what shameful deeds and what false beliefs!

And I tell you, do not underestimate him, for he is everything that I am not! He is not the light, he is not love, he is not life and he is not the truth. And he can never be. And yet he will make you believe it. And it will work like the truth and it will work like love.

And he will perform miracles, supposedly in My name, but it is not My name that he worships. The miracles he performs come from another source.

They come from the darkness. They come from dark magic. And so I beg you and warn you urgently, my children, whom I love and whom I protect, do not fall for his games. Do not fall for his illusions for his deeds are pure evil.

Turn to the Children of Light, the children, [people] who follow My light, who call My name, who speak in My name. And listen to your heart, for your heart will tell you whether they are true or not. You recognize the children by this, My visionaries, My prophets, by the love they speak about. By the love of God, by the love of life. They speak of mercy, they speak of the Bible, they speak of the testaments, they speak of the love of the Lord, of the omnipresence of the Lord. And they will not be dissuaded, no matter what anyone threatens them with. These are My children.

Remember these words when the time comes when you will hardly have any air to breathe.

It is the time of tribulation. It is the time before the last judgment."

The visionary then sees a burning cross, as if Christianity is burning. The image means Christian objects will be burned.

Jesus continues to warn:

"Take heed, children. Hide your Bibles, keep them safe. Your crosses, your rosaries. They will offer you protection in My name, in the name of your Lord Jesus Christ. I will offer you protection. I will refresh your faith. I will give you strength. I will strengthen your hope.

And I will send you My children who are pure in heart to do My will. And perhaps you will not understand them.

And yet they are My children.

And so go in peace, strengthen your faith, come together, pour out your hearts, if necessary. You will need your fellow human beings, your Christian sisters and brothers, to stand firm.

And these are the children of Mine of whom I have spoken. Some will bear my wounds and you will not understand that either.

But those who seek the truth will also find it."

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#138 MESSAGE FROM JULY 25, 2024 THE BLESSED VIRGIN MARY "TRUST IN GOD IN DIFFICULT TIMES AND A NEW PANDEMIC"

Our Lady has appeared and brings a new message. As usual, the visionary tests the apparition with holy water.

Allowing difficult times with trust in God

Mary begins to convey inner images and shows herself how she came to Jesus after Jesus' crucifixion with textiles and wrapping Him in them. She was also humble at this hour and completely withdrew her own will. She did what God wanted and completely surrendered herself to God in trust.

Then she begins to show Jesus' crucifixion and it is like looking at Jesus from below as He hangs on the cross. It is a very painful and sorrowful sight. Mary talks about how these are the hardest moments in life. In such difficult moments, questions may arise such as:

"Why is this happening? Why do I have to experience this? Why do I have to go through this suffering? Why do I have to go through this pain? Through the disappointments, the thwarted plans that I had for my own life? Plans that I made for my life. Why does it have to turn out differently than I had planned for myself?"

Mary explains that it is because there is still something better than we humans could have imagined. This applies to everyone who is going through difficult times. In such moments, it is important to trust in God. She says that we humans only have a limited imagination, a limited overview, limited knowledge, limited capacities. Mary explains that God has an overview of what is important for our souls to experience.

And that it is precisely these difficult moments that matter. Because they ultimately lead to something great that cannot be foreseen from a human perspective.

Jesus' crucifixion also led to something wonderful. Even if people generally did not know this at the time of His death. One can apply this to one's life. It means that when difficult times come such as wars or global diseases and one's own plans are once again diverted by higher powers, it is important not to build up any inner resistance, but to say "yes" to them. It is about surrendering completely to God at this moment and allowing whatever comes. Trusting that it is important to experience exactly that. Mary wants us to know that things are never futile or hopeless. Nothing ever goes outside God's plan and that is also not possible because the divine plan is flawless and faultless. Even if it doesn't seem that way to us humans or because we can't see it. This is because we lack the necessary foresight, wisdom and comprehension.

And that is why it is important to trust that it is right the way, the way it is and the way it comes.

New pandemic

Mary is now announcing that there will be a disease that will devastate many, many people and that it is indeed dangerous.

The spread of this disease will be global and airborne. It is a warning to prepare for it. This disease is artificially created and is deliberately unleashed on people.

Mary transmits inner images of living and slaughtered pigs and birds. It seems to be about a gene or a mix of pathogens.

Pathogens that infect certain animals.

The globally pervasive disease will spread quickly and lead to restrictions. People will have to wear masks over their mouths and noses.

The virus will be very contagious and will frighten many.

This real pandemic will kill countless people. Over 300 million.

There is an evil spirit behind it that is driving this. Preparations are already underway.

The visionary hears the words "Food. Food supplies." Mary advises to stockpile food.

During the course of a war, there will be this pandemic. It will be a difficult time because there will be various serious global developments at the same time.

The visionary hears 2026 and 2028. It sounds like a 2-year period.

Mary warns people to be careful of the global disease. Young people will be affected. Now she shows a picture of a heart.

It looks as if the organ has deposits, too much fat, too much cholesterol. It attacks obese people with an already compromised heart.

There will be lockdowns. Severe restrictions will be imposed on society for protection. Life will be very restricted. The visionary sees images of barrier tapes. Travel will be restricted or not possible at all. Deliveries will be restricted; delivery routes, supply chains, food deliveries. People will have to rely more on what they have in stock or what grows regionally.

People's faith will increase because they will seek God's help more. Because it will be such an overwhelming and dangerous situation.

This will change something in people and lead many back to faith.

On a psychological level, it will be just the right time for those who die during the pandemic to leave.

Because after that, the world situation will get even worse.

"Thank you, My child. Pass it on. Pass on My warning. Prepare your brothers and sisters."

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#137 MESSAGE FROM JULY 17, 2024 GOD THE ALMIGHTY EVERYTHING IS LOVE

The blessed mother mary appears during the group's prayer time and leads the visionary melanie spiritually to god.

God gives the visionary a long personal message and also wants to tell the general public something important: everything is love!

From a spiritual perspective, it is also in every human being. Every person carries the divine spark and divine love within them.

Be it the king, the chancellor or the master baker, the beggar or the teacher, for example. God is at work in every person.

In some people, the divine spark is obviously easier to find. Many people have forgotten that god lives in them.

But, however, it may work. He lives in everyone.

But god is not only in every person, but everywhere and in everything in the world.

He created everything. There is a spark in every person and in everything that exists and it is part of the greater whole.

In everything that has happened and is happening in the world. Every big or small situation, every development or event, be it on a continent or in a small moment at home between two people, be it global catastrophes or major positive developments - god is really in everything because god is creation itself.

From the soul's perspective, everything is of equal value. God does not judge. There is nothing that is not wanted or permitted by god.

Because everything is god, every little, good or bad emotion, every good and every "bad deed". Nothing is left to chance.

There are many misunderstandings about who god is and what god wants or does not want.

This is understood differently everywhere and has been at all times.

It is god's grace and love to be able to live and shape our lives.

It is his love and his freedom that he gives to people.

At its core, all of life consists of love.

And this is also how god brought the prophets into the world. At all times there have been people who were able to receive prophetic words and warnings and they were asked to pass these on to warn the people around them. Sometimes they were instructed to go to certain cities e.g. To address certain people there and warn them.

Prophecies are to be understood as friendly warnings from heaven to change one's mind.

These people fulfill an important task by warning and passing on information from god. They outline the development that will happen if people do not change their minds. Being warned and being shown the future consequences of one's own actions is god's love. This enables people to consciously weigh up which path they should take. And so the prophets are sent to speak god's words of warning.

There are souls who make themselves available for this purpose, sometimes even to protect against great catastrophes by showing, guided by god, how these can be averted.

It is the consequences of people's actions that are pointed out in order to protect and prevent great suffering.

He wants to show the way that is more pleasant.

God is neither punitive nor judgmental.

**#136 MESSAGE FROM JULY 16, 2024
THE BLESSED VIRGIN MARY
"SUBMARINES AND DOVE OF PEACE WITH PUTIN"**

The Blessed Mother Mary appeared and began to transmit visions to the seer while she was half asleep. It begins with ships on a turbulent sea. The waves are very strong. A nuclear submarine appears among the ships off a coast. There is something threatening and dark about it. Lying there inconspicuously, it seems to be waiting for a launch signal. Flooding occurs on the east coast of the USA and it looks as if the flooding was caused by the submarines.

In the next picture, the bear (stands for Russian President Putin) can be seen standing up on its hind legs. Suddenly a Dove of Peace appears fluttering in the sky and flies in front of the bear on the spot. The bear watches it spellbound with positive excitement and relief. He becomes very calm, sits down and gazes silently at the dove which represents peace. But suddenly the dove is shot by an arrow. Startled and irritated, the bear carefully tries to get the dove to get up with his paw.

The Ukrainian President Selensky now appears opposite the bear, the dead bird on the ground between them. Both look at the bird in dismay and bewilderment. They had believed that there would now be peace. Selensky accuses Putin of being responsible for the bird's death. But Putin replies in his calm manner that he had nothing to do with it. Suddenly, one can see the immensely bald eagle running through the picture.

He transforms into the American President Joe Biden who looks very strange in this picture because he moves like a remote-controlled robot; mechanically and unnaturally. He smiles smugly, as if he were happy to have prevented peace at the last moment.

Overall, this sequence of images conveyed the feeling that upcoming negotiations would be undermined, preventing a possible peace.

After the Dove of Peace has been fatally shot, the bear now runs angrily in circles. It circles the seer and looks at her menacingly. It is not entirely clear whether the seer stands here for Germany. In the vision, she feels the need to make it clear to the bear that she is on the way with peaceful intentions which she does symbolically. The bear then leaves her alone. His gaze is drawn to something else and he moves on.

Furthermore Mary shows former US President Donald Trump who recently escaped with his life in an assassination attempt. His face beams with upliftment, cheerfulness and confidence. He looks at the Grand Canyon (symbol of the USA) and then sees a transparent staircase leading to the sky. He reaches towards it as if he has now gained a different spiritual access to God, as if a development has taken place. In heaven, Trump passes through a transparent door so that he is no longer visible for a short time. While he is out of sight behind this door, he receives higher

insights and guidance from God which are of immeasurable importance for his country as it moves further and further away from God.

On a sidewalk in New York lies a chain with a cross on the ground. People passing by step on the cross without paying attention to it. Blood begins to flow from the cross until it becomes a trickle of blood and spreads into a river.

The river of blood now extends to the intersection in New York in front of Madison Square Garden. There are large screens hanging on the outside of a large building. These screens seem to be important. Beneath the pool of blood appears an even larger cross which seems to scream loudly in sorrow. The crowd of people ignoring the cross grows larger and larger.

The ground beneath the intersection now seems to become transparent and one can see the face of Jesus with the crown of thorns as He looks at the people from below and tries to draw attention to Himself. But the people simply continue to trample over Jesus.

The picture changes. By ignoring Jesus, a turning point occurs. Now the face of the Antichrist looks down on the people from below. However, the Antichrist does not remain below the glass surface, but comes up and stands with the people at the intersection. His eyes glow green. The seer wears protective goggles so as not to be affected by those eyes. The Antichrist begins to manipulate people. He can only succeed in this with people who are not anchored in faith. Only those who have a close connection to Jesus are able to distinguish good from bad, truth from lies. The danger lies in being particularly susceptible to the lies of the Antichrist due to a lack of (or non-existent) connection to Jesus.

In the vision, the Antichrist soon begins to poison the minds of Americans.

In the final image, a comet comes hurtling towards the city of New York. It crashes to earth on the east coast of America.

The apparition ends.

In the name of the Father and of the Son and of the Holy Spirit. Amen.

**#135 MESSAGE FROM JUNE 26, 2024
THE BLESSED VIRGIN MARY "THERE IS NOT MUCH TIME LEFT BEFORE
ESCALATION."**

**"NEW PRAYER ASSIGNMENT- A WEEK OF FASTING AND INTENSIVE
PRAYERS FOR PEACE"**

The Blessed Virgin Mary appears to Melanie, the seer.

Mary looks very lovely. She radiates a beautiful tenderness and tender love. Her charisma can hardly be put into words - perfect purity, modesty and tenderness. Her heart radiates perfect purity and devotion.

Mary allows people to know that she has given everything of herself: her wishes, plans and her own ideas.

Her complete devotion and boundless trust in God make her so pure. She is without any evil thoughts, without blemish.

On the one hand, she looks like a very young woman and at the same time she is very powerful. She has only become so mighty through her devotion. This power is an empowerment, an entrustment to her that she didn't ask for. She would never have claimed it for herself because she is very humble.

This grace and ability are a gift to her which only make her a queen because she is completely pure in her intentions.

She has given her life to God. She has given God room for His Will, His work, His light and His presence to take effect in her.

A vision of a mountain range begins which is covered by water beyond the top. This means that the earth will be covered by water in the future. The seer sees herself swimming in large, calm waters and a small island in the distance.

The stars of the night sky are reflected in the water. There is complete peace, but there are no other people to be seen, nor any birds or aquatic animals.

The focus goes to the stars and there are planetary movements in the sky, a different kind of constellation.

It looks as if the planets are in a different position - like on a string of pearls at a slight angle to the top right.

It looks as if the earth is at a different angle to other planets. It seems to indicate a certain age with a different planetary position.

The earth will be under water at this time. This peaceful yet lonely sight ends here.

The vision switches back to Our Lady and she asks all people to unite in peace, in all countries, in all languages. It is about unity and peace.

She gives the prayer group an intensive prayer assignment. The focus should be on peace. She explains that the prayers are necessary because: **"People are not aware of the danger they are facing. There is not much time left before escalation."**

Here is the week-long prayer and fasting assignment in detail:

She asks for two hours of prayer every day for a week.

During this prayer time, four rosaries and five prayers for peace are to be prayed.

The choice of prayers for peace, their length and language are optional.

No additional prayers or reflections are necessary.

The petition prayers which can be said by anyone can be kept simple. She further explains that she is present at all times and hears everything we think and say and therefore the prayer of petition can be simple:

"We thank you, Mary, for accepting our prayers for peace. We thank you for peace. Amen."

As a prayer assignment, Mary asks us to fast this week.

This means giving up something every day that is difficult for us, such as luxury foods, meat, sugar, sweets or alcohol.

It should be a noticeable renunciation.

It would be best to fast at least light food such as bread, fruit, vegetables and salad or, if you can, bread and water.

Mary knows that a lot is required, but she asks for prayers due to the urgency (of the world situation) and thanks us for our cooperation and devotion.

The call to prayer will be published very soon.

**"Stay in my peace, child.
Bring peace. Speak with a divine voice.
Abide in humility.
Abide in my immaculate heart.
Let me wet you with the blood of my Son.
Follow my guidance with trust."**

The seer is asked to let herself fall completely into the process and obediently follow every step that is shown to her.

She is told that she has earned the honor of being sprinkled.

In the name of the Father and of the Son and of the Holy Spirit. Amen.

Praised be Jesus Christ for ever and ever. Amen

#134 MESSAGE FROM JUNE 21, 2024 JESUS CHRIST "FLEETING IMPRESSIONS OF NUCLEAR RADIATION"

Jesus appears. That evening, during prayers, the sorrowful mystery of the rosary was prayed and Jesus transmitted images of His torture to the seer. He makes her feel three of the blows, but only the pressure on her skin, without pain.

It must have been an inhuman torture. Rivulets of blood pour over the floor. The torturers make fun of Him. Jesus is wearing the crown of thorns and the blood is running down the side of His head. Jesus indicates that He has also been beaten in the face.

Jesus now hangs on the cross and cries out: "Father, why have you forsaken me?"

The vision changes. The seer sees an unknown land. The landscape appears dark as if a shadow lies over it.

An unnatural glow emanates from it. It is reminiscent of nuclear radiation. She sees a mushroom-shaped cloud in the colors of the sunset.

They are strange-looking colors in shades of pink, yellow and orange. President Putin fleetingly comes to mind.

At midday, the seer had already seen a brief image of a mushroom cloud. She saw jets flying over the mushroom cloud.

One jet belonged to Russia. She could not exactly identify the other three jets. They all came from other countries.

The public part of the vision ends here.

In the name of the Father and of the Son and of the Holy Spirit. Amen

#133 MESSAGE FROM JUNE 13, 2024 JESUS CHRIST "LIFE ON THE NEW EARTH - ENTRY AND UNITY"

During the course of the day, Jesus had already announced his arrival as the seer kept seeing the sphere of fire outside her attic window.

In the evening, Jesus appears during prayers and again it appears in a vision. It is quite impressive even if it seems frightening at first.

One could perceive a sharpness and intensity that raised the question "Have I done something wrong?"

After feeling God's judgment, the sharp confrontation, the seer opened herself up to this sharpness and gave it her "yes", so to speak.

The sphere is allowed to look into her soul and the seer looks at her inner self together with the sphere. The sharpness then disappears.

As the seer willingly opens herself to this sharpness, the sphere also opens itself to her. The sphere unfolds and a passageway opens up.

It looks like a meteor, fiery and glowing on the outside, as if it were made of some kind of lava.

The upper half folds open and a path opens up in the middle, leading to paradise. It is a light-filled, pure, beautiful place that the seer sees.

It is as if the sphere has a pull that wants to draw one in, but in a good way. It is like having to pass a test or examination. Once one has passed it, however, the logical consequence is that one is drawn into this beautiful, heavenly pull. When one has mastered the sharp judgment, one is allowed to walk this path.

Now the seer stands on the threshold of the path to paradise. It seems like a different dimension, but that means a different and new way of life. She wonders whether she is really pure enough and worthy to be here. And it seems that not everyone can cross this threshold to reach the higher level. The seer feels very humble in this place in an appropriate way. The people here are in a greater unity with God, a humility that comes from the fear of God, from an awareness that all is one.

The key to this is love.

It is a higher form of love, an unconditional love, such as you might expect from saints or angels. It is a very pure love that is difficult to describe in human words and is very touching.

The important thing is: one doesn't need to decide for oneself to enter, one is invited. Comparable to a closed society.

One is either on the guest list or not. The vibration, the splendor, the beauty and bliss go far beyond what words can describe.

Jesus makes the seer understand that He is satisfied with her description and asks her if she would like a glimpse of paradise and grants her this insight.

She has the impression that it is the place where she had already been in an earlier vision - the place of modern times. It is the New Earth.

Jesus now walks beside her and shows her everything. He radiates great love.

It is a different life there, a different attitude to life, not just for the seer, but for all the people who are there.

They are fine people, fine characters, very positive people who are focused on charity, on love and cohesion.

They are heart-centered, very respectful, very compassionate, very spiritual and also in a conscious connection with God.

It is possible to communicate more strongly through thoughts. All the people who are there are able to communicate with higher spiritual levels (e.g. angels, Jesus, Mary). Inner vision is also much more pronounced in the new era (visions that perceive the future).

In this place, these abilities are much more pronounced. People communicate differently, they can understand each other differently by simply being able to look into each other's souls.

It's a unique kind of interaction because you feel each other, any words are hardly necessary. The communication is very subtle.

One can sense how the other person is doing, his/her feelings, intentions or wishes, etc. Dealing with each other is very natural and highly empathetic. It takes place on a more spiritual level of perception.

God is perceived differently in this place and looks like a kind of sun. He is present, closer to the earth and shines very brightly, radiating white and communicating with everyone. He is much more tangible, much more perceptible and yet everything is very subtle.

It is a joyful co-existence, pleasant, cheerful and loving. Being together is easy and really beautiful. It is blissful just to be there.

Life there is organized diversely. It is not industrial or capitalist in nature and not based on money. People live more modestly and naturally - "back to the roots". Society is coordinated in various ways, as is the organization of professional life. Everything that distracts or removes people from their true essence is no longer necessary in the new era.

Everyone will do what they are good at and what they enjoy doing, and in return the individual will be valued, loved and accepted - just as they are. It is a completely distinct life. It's no longer the case that, in the worst case scenario, one only works to make a living.

Money seems to play less or no role at all anymore.

Then the vision is about the institution of the church of the new era. It seems to be a different form here too.

It is said that the people who carry on the faith are actually the church.

A church building can be seen and it represents the higher structure of positions, hierarchies and rules. These belong to the old era.

The church will arise anew in the New Times and regroup.

The person with the purest heart will be allowed to lead it. People will choose the one who is most like Jesus.

The smartest, the wisest, the most spiritually developed. But above all else, it will be the one with the purest heart.

Comparable to Indian tribes, whose wisest tribal elders may be the spiritual leader of the village.

This is where the public part of the vision ends.

**#132 MESSAGE FROM JUNE 12, 2024
THE BLESSED VIRGIN MARY "EVERY CHRISTIAN RADIATES A LIGHT
THAT CAN KINDLE THE CHRISTIAN LIGHT IN OTHERS"**

The Blessed Mother appears during the prayer group and thanks all those praying with her.

She appeals to the faithful and the group to remain firm in their faith and emphasizes that this is very important.

She said that she loves us very much and her Son Jesus as well.

Mary warns that the collapse of the Christian faith is threatening Christianity. She wants to protect the Christian faith and therefore wants to strengthen every little sheep and its light. This light spreads through the mere presence of a person and thus helps other people to rediscover their own Christian origins.

Like a domino effect, Christians can thus strengthen each other.

The light of every Christian spreads in this way. Of course by openly living out your faith.

But it also contains a warning. This refers to the persecution of Christians, the massive occurrence of which is approaching.

She then bids farewell with the sign of the cross.

In the name of the Father and of the Son and of the Holy Spirit. Amen.

**#131 MESSAGE FROM JUNE 9, 2024
THE BLESSED VIRGIN MARY "ITALY, FRANCE AND GERMANY WILL
BLEED IF THEY DO NOT REPENT"**

- CALL FOR NATIONWIDE PRAYERS -

Mary appears to warn of a great approaching danger. She shows the visionary her large red heart which takes up half her chest and is surrounded by flames. It is the great love that Mary feels for Christians.

The first picture shows a large, misshapen monster like something out of a children's fairy tale - a symbol of a destructive threat. It is running towards a city and leaving widespread destruction in its wake. As on the previous day, jets can be seen flying over Rome, dropping and scattering black spheres. Mary shows Italy on the map from above.

Troop movements are indicated on the west coast. The thought of a march comes to mind. To name the section roughly: between Genoa and Pisa. As if predicting where the war will take place. Hannibal, who crossed the Alps with his army, comes to the seer's mind.

In the lower third of the boot you can see fires and in the south there is a coastal town where there is a lot of fire.

It looks like a particularly severe warlike attack. Naples comes to the seer's mind.

Mary warns the Italian population to be especially careful when the planes/jets come.

Mary calls Italy to pray. The Italians themselves who are generally even more God-fearing and faithful, may pray for the protection of their country, for protection from war and destruction and for the preservation of their capital city.

May they turn to Mary as Queen of Peace so that harm may be averted or reduced from their country which is in turmoil and upheaval.

Mary can and wants to help the Italian people and encourages them to remain firm in their faith and to become even firmer in their faith.

Mary suggests offering more masses in churches for peace and also lighting candles.

Mary thanks the Italian people for their reverence and promises them rich blessings, her loving hand, her loving help and guidance.

She emphasizes that she will grant help if it is requested.

She recommends that the Italian people unite in prayer for peace. On a specific day, united in one place or in spirit. It is about unity.

This unity is particularly important and effective. Mary had already asked for prayer in unity in connection with America, England and Germany.

Mary emphasizes that in these times people will not be able to look to the Pope for guidance. He is currently in a kind of crisis himself and is temporarily unable to provide guidance. This is not a criticism of Pope Francis. It is Mary's neutral description of the moment.

Mary is asking the Italian people to stock up on food: food that will last for a long time, water, baby food, bandages and medicines.

Things that are needed in emergencies.

Mary wants to protect as many sheep as possible and asks that her words be taken seriously, regardless of which mouth they come from.

Now the focus shifts to France where the conditions appear to be significantly worse than in Italy.

The whole country is affected. Bombs hail from the sky like terrible fireworks and they leave widespread destruction in their wake.

Port facilities in Brittany and the French side of the English Channel are attacked. A blood-soaked sword lies on the map of France.

The image changes by a closer look on the sword. A huge symbolic sword is stuck vertically with its tip in the heart of the country, with its ornately decorated handle. Blood runs down the shaft. A large pool of blood forms at the puncture hole. An image that hurts the seer's heart and makes her weep bitter tears for a long time.

Great suffering is coming to France.

Mary would like to let this cross, this sword, pass France by.

The visionary hears the name of former President Mitterrand again and again, but cannot classify it.

Macron believes that he is serving his country and doing it good through his supposedly heroic actions.

He has no idea what destruction this will bring.

The next picture concerns Germany.

A military aircraft flies in loops and drops bombs several times over the Rhineland, presumably over Cologne. This threat is not yet definite.

A bridge west of Cologne-Deutz which is used for rail traffic is destroyed.

The thought of the North Sea comes to mind with the thought of an oversized wave of seawater hitting the Rhine.

It should be a warning for Germany, for German politicians, to move away from the path of war, to turn away from warmongering.

To turn away from the temptations and promises that accompany war. Not to be lulled by the song of war whose sounds are so meaningful.

Our Lady laments that the admonitions go unheard, the warnings are dismissed.

Mary makes it clear: ***"The words of warning, spoken out of love, to come to their senses, to bring the divine children to their senses are deliberately ignored. And so it remains only for those who believe the words to pray for the peace of the whole country.***

To unite with all those who believe the words. All those who utter the same admonitions all over the world, in all places, and whose admonitions are despised in the same way. And so the prayers are necessary to bring at least a little light, to give a little hope.

For those who see the spark of truth flashing. They carry the whole country with them. The list of countries affected could continue.

But for today, let us leave it at that and find our way back to the peace that my beloved Son Jesus gives you. Find peace in His pure heart. Find peace in His love. And find peace in the arms of His Holy Mother."

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#130 MESSAGE FROM JUNE 8, 2024 JESUS CHRIST "HUMAN CONSCIOUSNESS CHANGED WITH THE POSITION OF THE PLANETS"

At the beginning of the prayer group, Jesus Christ appears to deliver a new message.

First, the visionary sees in her mind's eye that there is war in Rome. Jets are flying over the Trevi Fountain towards Rome and beyond.

A new image comes to her mind. A man in America stands at the fence in his garden and looks up at the night sky. Some planets or stars are arranged on a vertical line. It stands out in white against the background.

A horizontal line is also visible forming a cross of light in the sky. However, the two axes do not appear static, but mobile.

This means that they have moved to a different position in the sky over time.

The movements of the axes contain the information of many centuries or even millennia of human history with thousands and thousands of human lives that have come and gone. The axes each represent different eras:

The vertical axis represents a light age in which people were more spiritually aware and the horizontal axis appears darker and lower vibrating. The darker axis seems to stand for a later age in which the majority of humanity is earthbound and without spirituality or a conscious divine connection.

These two ages now meet. The axes cross, the spiritual and earthly axes unite. Jesus now emerges from this cross of light and fog.

He is Consciousness (as a pitiful attempt to describe Him with human words).

With the appearance of this special constellation of stars, a new age begins with Jesus Christ, so it is explained.

With the focus on Jesus, His consciousness and on Jesus' love. It seems that the beginning of this New Era is imminent.

Jesus' figure is very tall, bright and sublime. There is a great power emanating from Him that is spreading to humanity and raising their consciousness - raising it AGAIN, as it once was.

It corresponds to earlier messages and can be understood as a different kind of presentation or perspective.

For here Jesus' words are repeated "there will be new heavens and a new earth and death will be no more."

This event, the beginning of the New Era, seems to be imminent. The wheat will be separated from the chaff. This means that there will be a distinction between those who want to belong to Jesus and follow Him and those who decide against Jesus. Only those people who can and want to live like Jesus and accept Him as King of kings will remain on earth. The rest will leave the earth.

In the New Era, people will live at a higher level of consciousness. They will be able to communicate with and perceive Jesus and the spiritual world quite naturally. People will live peacefully and in unity with each other. They will communicate with each other telepathically and do so with ease, love and acceptance of their neighbour. It will be completely natural for them. They will sense what the other person needs without having to speak. Everything will be in flow. Everything is in love and everyone is accepted as they are.

In the New Era, there will be strong healers and stronger healing methods than today.

This is where the vision ends.

#129 MESSAGE FROM JUNE 7, 2024

JESUS CHRIST "NUCLEAR ATTACK ON PARIS - SHOCK FOR THE ALLIES - CHINA AND JAPAN JOIN FORCES WITH RUSSIA AGAINST THE USA - JAPAN'S RETALIATION AGAINST GERMANY"

Jesus appears and tells the visionary that he would like to show her something. After examination of the apparition, Jesus begins to transmit inner images.

The seer sees a jet flying into a kind of sunset. The one jet became many. A large crowd, as wide as the horizon, of black jets fly in a row. It seems creepy and unpleasant. It looks like a dark alliance of warring factions. One jet breaks away from the line. It flies ahead and shoots across, the others fly straight out. It looks like a ricochet or someone who is not sticking to the agreements.

"Jesus, what does that mean?" asks the seer. **"Look closely,"** He says.

It seems as if they are flying towards the end together. That they don't know the impact of their decisions. They are flying towards their end and they are not aware of that either. "End" in the sense that there will be devastating consequences.

The seer sees a brown eagle (Germany). It flies one row behind the black jets lined up in the sky.

The eagle is flying fast, it has spread its wings and briefly transforms into a jet. It looks as if it has flown out to hunt.

In the evening sky, towards which they are all flying together, a massive nuclear explosion has taken place. The seer sees a huge mushroom cloud. The pressure whirls everyone involved through the air. They are simply swept away by the shock wave.

Jesus brings the seer closer to France's future. She has the feeling that France (President Macron) is making a serious mistake and that a nuclear bomb will be dropped on Paris.

She sees a large bomb being dropped from an airplane. The bomb has three small wings at the back and is shaped like a fish - it gets narrower at the back and then wider again. It falls in a circular motion, nose first, causing massive destruction.

The seer sees a pilot descending from the sky over France on a kind of seat with a parachute. It does not appear to be an emergency situation, but rather a deliberate act. The pilot is holding binoculars and a kind of spittoon, as used by some primitive people. (Poison-soaked arrows are shot from the spittoon.) The seer concludes that poisons could be used in war. It seems as if the pilot is firing his poisoned arrow at a specific area. The seer has the feeling that she is breathing in something strange.

There is a feeling that a real world war is taking place. Many countries around the world will be involved and affected.

The impression is that nobody expected the atomic bomb to explode at sunset. It came very suddenly and complete chaos would break out afterwards.

Jesus goes on with the seer. He wants to show her something else. It is something that also makes Him very sad. He says: **"You must be very strong now. Concentrate only on Me. Are you ready? Then come."**

Japan comes to the seer's mind. She keeps seeing a very sleek, modern jet with the Japanese flag depicted on it. The seer is surprised that Japan appears. It seems as if they are also choosing their side - namely Russia against America and as if Japan wants to return the favor.

Japanese jets fire missiles. The missiles have alternating red caps and red stripes. This is symbolic information for the seer that these are nuclear weapons.

The feeling repeatedly arises that Japan will use weapons against Germany. Cluster bombs.

Japan and China joining forces despite their strained relationship seems to have a different meaning in war.

This is where the vision ends.

#128 MESSAGE FROM JUNE 6, 2024

JESUS CHRIST "RUSSIA FINDS ALLIES IN THE EAST - ZELENSKY ONCE AGAIN REJECTS PUTIN'S OFFER OF PEACE - AND WILL REGRET IT"

Jesus first made personal predictions for the collaboration with Sandra and Steve and then began the vision for the general public.

Jesus shows swans flying like migratory birds in the sky in a V formation. One of the swans in front is suddenly hit by a bullet and the other swans see how the first one gets hit and falls. The leader then stops all the others from flying further or stops them from turning back. This causes a slight collision. The swans turn around. In the next image, one can see how one of the swans turns into a jet, turns and flies in the direction it came from.

A rocket is shown flying towards the swans. When the swans turned back, the rocket also turned back. The rocket returns to its starting point and, despite its high speed, lands softly like a dart in a dartboard without exploding.

In the next picture, a Russian jet flies through the picture. It forms a line with others and symbolizes a union of different countries that have allied themselves for war.

Jesus now shows how the row of jets dissolves and a kind of map on which the jets now spread out and return to their home. It indicates the eastern part of the world. Some of the jets' countries of origin are depicted. The vertical landing of a jet can be seen. On the ground there is a large red flag with yellow symbols reminiscent of the Chinese flag. The other countries are Belarus, Saudi Arabia and Iran. One can then see the presidents of the respective countries shaking Putin's hand. They all stand in a row and are now allies for the war. You can see Putin shaking hands with Chinese President Xi Jinping.

The picture changes and President Putin is seen shaking hands with the Saudi prince and Antichrist Mohammed bin Salman. Putin, however, does not know that this man is the Antichrist. They too seem to be allied for war.

The next image shows Ukrainian President Zelensky and Russian President Putin. They are standing opposite each other on a chessboard. Both look at each other fiercely, each taking turns to move his piece on the chessboard. Putin's face appears huge above the chessboard. He becomes a giant while Zelensky becomes as small as a pawn. So they stand opposite each other, Zelensky tiny and Putin huge.

Putin once again offers Zelensky the opportunity to negotiate. The Russian language can be heard in the vision, but the seer does not understand it. Zelensky rejects Putin's offer to negotiate again, as in previous visions.

Zelensky is shocked and runs after Putin. He stretches out his arm for help. As if he wanted to change his mind and symbolically asks him to come back.

However, Zelensky has wasted the opportunity and the chance to negotiate has passed.

Zelensky sees a very large projectile approaching Ukraine. There is another immense destruction.

Zelensky regrets not having seized this opportunity. Putin had warned him: "Brother," brotherhood in the sense of nationality, "think it over carefully, give in." Zelensky, however, opposed Putin and tried to inflate himself, trying to appear bigger and stronger than he actually is.

They are now still facing each other in the dimension of the Lego figure and the giant. The Lego figure now has a kind of air pump and repeatedly tries to inflate himself, which he is only moderately successful at. However, the air escapes with each attempt and he becomes tiny again.

Selensky's attempt is unsuccessful and Putin faces him, overpowering and oversized.

To the Holy Alliance (Sandra, Steve and Melanie) Jesus says: **"You must focus. Thank you for your courage, thank you for your unconditionality."** And then He says goodbye in the name of the Father and the Son and the Holy Spirit. Amen.

#127 MESSAGE FROM JUNE 3, 2024

THE BLESSED VIRGIN MARY "AMERICA OVERESTIMATES ITSELF - AND WILL EXPERIENCE A HEAVY DEFEAT - URGENT WARNING TO RETURN TO GOD"

-NUCLEAR BOMB IN NY - END WARMONGERING - CATASTROPHIC DEVELOPMENT AVERTABLE-

The vision begins with Mary standing at Jesus' cross and watching her Son die. In doing so, she lovingly expresses that she too had to endure the most difficult situations in her life.

The Blessed Mother now starts to transmit a picture of the Statue of Liberty. She is standing on the pedestal and the city of New York stretches out in the background.

Standing at the Statue of Liberty, the seer sees several dolphins jumping out of the water in front of a coastline in the sunshine. The image merges with that of the Statue of Liberty so that the dolphins are swimming in front of the Statue of Liberty. The seer sees water and high waves splashing against the Statue of Liberty. It looks like an announcement that high waves are reaching the city.

The image of the Statue of Liberty can be seen again. In the background, many jets fly over New York. An unnatural and colorful glow can be seen above the city. It looks like nuclear radiation.

Mary hereby warns of severe attacks that await America: **"It is an urgent warning for America to refrain from warmongering, otherwise it will be hit hard. The population cannot imagine the extent of this."**

Again, she shows a large number of jets flying over New York. The image is accompanied by a sense of world war. Mary explains that the US population should pray for their own protection from war and for protection from the use of nuclear weapons. It is an urgent appeal from Mary because she wants to protect her beloved children. Otherwise America will have to endure air, sea and ground attacks. She also shows pictures of warships and repeats that the American people do not know what danger they are in. The attack on New York will hit the USA very hard.

Kim Jong-Un, the supreme leader of North Korea, can now be seen in the mind's eye. He presses a red button to trigger a nuclear attack on America. This attack will terrify the US population.

The image changes and a fast-moving motorboat appears on the water. The motorboat moves in loops towards land. It initially appears as if it is moving away from the mainland, but then it turns back. When it reaches land, it explodes. After the explosion, one can see New York in flames. Fire-fighting planes arrive to extinguish the fires. This is followed by a large, powerful

shock wave caused by a nuclear detonation. There is now a mushroom cloud over New York and a pressure wave goes outwards from the center of New York. The sign for nuclear weapons and a smiling Kim Jong-Un are now in the foreground.

The Blessed Mother then explains that America does not understand the full impact of warmongering. They are blind and short-sighted, they overestimate themselves and their military capacities or they underestimate the enemy. They assume that they will win, but they will not. Other states will take advantage of this. The USA should reconsider its strategies.

It is a warning to repent and reflect. A warning from Mary to "take your foot off the gas" in relation to the war.

This means stepping back from war and fighting and moving towards peace and understanding. Because there would be an incredible amount of suffering and the world and the American people could be spared a great deal of suffering if America were to withdraw from its war policy. This suffering is absolutely unnecessary and can be averted. Our Lady asks "the Americans" to give in and take a step back.

To think, to negotiate and to take the opponent (Russia) seriously.

The Mother of God emphasizes that Putin is ready to negotiate. He won't let himself be fobbed off and he has his demands, but he is prepared to negotiate. Mary urgently warns us to grab this straw otherwise the world will bitterly regret it and it will not be possible to turn back time. The catastrophic effects will plunge the world into chaos.

Mary asks us to return to reason because as she says: **"You all don't know what awaits you."** Peaceful solutions are possible. Mary is asking to take it.

She says: **"Thank you, my child. Thank you for your devotion. Ask me at any time for help with whatever you need and in the name of my Son I will grant it."**

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#126 MESSAGE FROM JUNE 2, 2024

THE BLESSED VIRGIN MARY "WARNING AGAINST THE EXPANSION OF THE WAR FROM THE MIDDLE EAST AGAINST RUSSIA"

The Blessed Virgin Mary appears.

She began to show the seer jets, jets in the sky. Mary said, **"This is not the only threat."** She seems worried.

The seer has the impression that she is sitting in a jet. She is in the air and sees the blue sky with white clouds. She is high up on the plane with the clouds around her. More jets fly alongside her. She sees the fighter pilots.

The jets turn and fly lower. They open fire, flying low now, close over a city. The seer sees a jet fly over a country at the speed of an arrow.

She has the impression that it is Iran or Iraq. She sees an explosion thereupon the jet continues to fly at high speed.

At the beginning, the seer had the feeling that the jet would be flying towards Russia, but it was flying over Iran/Iraq towards Russia.

Now several jets appear again, all flying towards the bear. The bear is huge. The bear is as big as Godzilla in the movie of the same name.

The jets attack the bear. It rages and screams and gesticulates. It gets out of control and the jets fight it off.

Mary expresses a warning. She shows the seer warships and jets. It is about expansion.

#125 MESSAGE FROM MAY 31, 2024 JESUS CHRIST "GLOBAL WARFRONTS"

NUCLEAR BOMBS IN NEW YORK, BOMBING OF TEHRAN AND DÜSSELDORF, GISELLA CARDIA IN ROME

Even before the vision begins, the seer feels a great sadness and cannot determine the cause. Jesus begins to convey a vision. The first image is an atomic bomb explosion in the USA. A kind of radiation in bright, unnatural-looking colors spreads over the USA. It looks like nuclear radiation. The seer sees fighter jets flying over the country.

A new image then appears - the Statue of Liberty in New York. Likewise, the glow of strangely bright colors in the background accompanied by the sound of aircraft engines can be seen. A large number of jets are also flying over the Statue of Liberty in the background. They are flying to the midlands from New York.

The seer hears the sound of like an air-raid siren and again from a different perspective, bombs are being dropped over America further inland towards the north. These bombs also emit nuclear radiation after they hit the earth.

At first, there is a bomb whose origin appears to be Russian. This single drop is followed by images of several atomic bombs falling one after the other, as if in a row. This second drop of bombs is coming from Korea at a significant time interval (at least years).

Then Jesus shows an image of himself hanging on the cross. His body crumbles to dust and the dust particles scatter in the wind until Jesus can no longer be seen on the cross. At this sight, it appears that Jesus and Christian values are being disregarded or that his sacrifice was in vain.

Jesus then explains that the prospects of these serious nuclear attacks on America are the consequences of their warmongering or that it is to be expected if America continues to act as a warmonger.

Jesus now announces that it will be even sadder. The seer sees New York in ruins. She walks through the streets and it is just a bombed-out city, all gray. Nothing of the colorful and lively hustle and bustle that prevails there today where life pulsates.

Jesus now moved to Rome. As in an earlier vision, tanks are seen in Rome. It is to be understood as an indication that war will reign in Rome.

Jesus showed His Holy Mother Mary in the vision and predicted that Mary would appear on a blue cross in Rome during the war.

The seer wonders whether such a blue cross even exists in Rome. Jesus explains that this blue cross belongs to the visionary Gisella Cardia and that they are connected.

Jesus indicates that Gisella Cardia will be led through the streets of Rome by His Holy mother during the time of war. On secret routes she would guide her, as if invisible, through the battles raging in the city and would thus lead the people to safety.

With Mary's help people would be invisible. Those who gather at this blue cross in war.

Jesus also predicted that there would be bombing raids in Rome and that parts of Rome would be destroyed in the war. He now warns the seer that he will show even more impressive images in the following and says to her: **"Trust me."**

He showed the seer a tank shell and it was about the city of Tehran. Tehran would experience a massive bombardment and be shot at from all directions. Many white houses that appear in the vision are destroyed.

Next, the seer saw a picture of a group of different species of bears. They were bears in different professional outfits such as pilots or sailors. The skins had different colors and textures. Some had different insignia depicting their military rank. Some of them had very high ranks which could be recognized by many badges. The bears had banded together and they operated under a kind of hierarchy. Among others, there was a brown bear and a panda. The panda ate bamboo which was reminiscent of China. This indicated that Russia would ally itself with China.

Jesus then showed a picture of the globe in which large sources of fire were spread out everywhere. The globe could be seen from space, from a great distance. Despite the distance, the fires were as big as countries. In other words, they were very large conflicts.

Again, Jesus changed the picture and showed Düsseldorf in Germany under fire and bombs falling in Düsseldorf. He said that these were the consequences of warmongering in Germany.

The seer asked whether this could be stopped? Jesus replied: **"The politicians must change their minds immediately."**

The seer asked: *"But how? How can they change their minds? How will they change their minds? How can we make them change their minds?"*

Jesus made various suggestions and said: **"Prayers, demonstrations, connecting prayer groups, prayers for peace for Germany, write to Manuela from Sievernich. Offer peace meditations for six weeks."**

Jesus said: **"Unite the opposites, child. Unite where there is division. I will guide you."**

Finally, Jesus said: **"Find peace in me, child, I am your protection. Ask me and I will be there."**

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#124 MESSAGE FROM MAY 31, 2024 JESUS CHRIST "THE POPE IN DOUBT - ANTICHRIST IN PREPARATION"

Jesus appears and seems worried. He comes closer and begins to convey inner images to the seer, particularly, those of the Saudi Prince Mohammed bin Salman. The seer sees him several times in a large portrait - smiling with a red and white headscarf and a black elastic band around it.

Since the beginning of the apparition, she has been hearing the chorus of the song "Bad Liar" from the band "Imagine Dragons."

The scene changes and Pope Francis can be seen wearing festive papal attire. It is cream-colored with fine golden embroidery.

First, the Pope sits and pronounces a blessing over someone kneeling in front of him. It seems as if the pontiff is handing him something.

The Pope then preaches standing in front of a large crowd. He holds up a host. This takes place in St. Peter's Square. Many people have come there to receive a blessing, to refresh their faith, to find hope and a connection to Jesus. They are hoping for something from the Pope's visit and inwardly, they are cheering the Pope on.

However, there is something wrong with this picture. Because then the focus goes to his heart and in his heart there is something that doesn't quite fit with the host. It is as if he is not completely sincere or as if he is perhaps hiding something in his heart that relates to his task as Pope.

The people are very devout. It is as if they are inwardly calling out to him and to Jesus Christ, because ultimately the Pope is holding up Jesus in the form of the host.

When the Pope turns around, one half of his body is black and the other half is white.

Jesus then shows the seer herself how she reacts when Jesus appears to her and how she expresses her reverence. It can be understood as a kind of comparison in terms of reverence. Because in the scene in which Pope Francis holds up the host, there is a feeling that he might not be sincere or that his reverence for Jesus is not entirely genuine. It is as if there is a part of him that does not believe and has no good intentions. He seems conflicted or torn internally.

The seer hears the words: "A wolf in sheep's clothing."

The image switches to the Saudi prince. He observes the destructive interaction between the nations from a distance and smiles maliciously to himself.

The image of an iron ball swinging back and forth like a swing boat symbolizes how the states are currently passing the ball to each other.

It is like a pendulum that swings back and forth and keeps swinging higher and higher. It is reminiscent of swinging children who swing higher and higher until they finally make a somersault.

This is about the pendulum that continues to swing. The Antichrist, i.e. the Saudi prince, observes how the pendulum swings further and further. This pendulum represents the degree of escalation. It is as if the Antichrist is waiting until a certain level is reached. He remains completely relaxed and simply waits. Acting in the background, he inconspicuously interjects information here and there. Perhaps he gives money to one person and makes promises to another. He acts, intrigues and does so as inconspicuously as if they were chance encounters. He allegedly offers his help in the form of money and weapons that could be used in the ongoing conflicts. He acts as if he is meeting certain people by chance and casually offers arms deals. Possibly also with the French government, as Jesus implies.

That seems to be his tried and tested approach - subtle, but not with good intentions. He has no good intentions whatsoever.

He seems pleased that this strategy has worked for the American government.

The bald eagle can be seen again flying from far above and slowly descending with its wings outstretched, as if in an elevator.

Behind him is the sun. It doesn't seem to be clear what the background to certain transactions was or what is happening in secret because the Antichrist is very good at playing people off against each other. That is his specialty. The Americans (its government, politicians, etc.) don't know who he really is.

Only a few selected people in the world know his spiritual background and they understand what the world expects. On the surface, it seems that he is making deals and that the Biden administration is glad to know that certain things have been taken care of for them.

Jesus then passes on personal information and important guidance to teamwork for the Seer-Alliance before He takes His leave.

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#123.2 MESSAGE FROM MAY 27, 2024

THE BLESSED VIRGIN MARY "PLANE ATTACKS ON NEW YORK - RUSSIAN JETS IN THE MIDDLE EAST"

Mary, the Mother of God, appears to the seer during the group's prayer time and begins to transmit inner images to her.

A small group of flying geese passes by in the sky. Mary now shows the seer the Statue of Liberty in New York several times from different perspectives. Jets are flying around it and water is splashing up against it. Threats are approaching from different directions - threats to the city of New York.

Now a large, wide military aircraft with a large cargo hold in dark colors appears and a dark figure approaches from the side.

It is somewhat reminiscent of the mountain colossus from the Neverending Story, a huge man-made of stone or a giant robot made of dark metal. All in all, it is a dark, towering threat.

Mary now comes even closer. In her size and grace, she is very quiet. It feels like she was a very quiet and reserved woman.

She was a discreet person with a very graceful, soft and loving heart. She stands next to the seer and looks into the distance.

In other words, she looks into the future together with the seer.

Mary and the seer fly over a mountain landscape. A tremor occurs there. An earthquake or a detonation. The earth shakes.

A jet has dropped a bomb.

The jet flies over a hilly landscape, over many small hills or a small mountain range.

It seems to be in the Middle East, like Iran or Iraq.

No desert, hardly any sand. A relatively modern jet flies in from the other direction.

It flies briefly a little lower and then up again, leaving a trail of smoke behind it that is supposed to represent a flag with a bright blue, white in the middle and finally red.

Mary shows the seer the German visionary Manuela Strack from Sievernich. She holds up a torch and looks extremely determined.

She holds her torch with zeal and clarity, much like the Statue of Liberty. Many people follow the light that Manuela provides.

The vision switches back to a jet launching a missile. An elongated projectile flying straight ahead and another jet with several devices for rapid firing, like a machine gun.

The seer thinks of Russian jets in the Middle East. The image of jets firing long, horizontally flying missiles is repeated. About the length of an arm or a little smaller.

The perspective changes and now one can see the jets flying in the sky from the ground.

They are groups of three. They are all flying in the same direction and they are coming from the same direction. They fly along together.

Then Mary says goodbye with the sign of the cross.

#122 MESSAGE FROM MAY 26, 2024

THE BLESSED VIRGIN MARY "WARNING OF A GREAT BLOODSHED"

In a brief apparition, Mary, the Mother of God, stands very tall in front of the red evening sky.

She urgently announces that a great bloodshed is imminent. This bloodshed would exceed the scale of the current wars. Behind her one can see a lot of jets flying in all directions.

It is an indication of a major expansion of the war. This is imminent and would affect several countries. The seer has the feeling that it is about the Middle East and is related to a prophecy that is now coming true.

Mary's urgent warning actually felt more like an announcement.

Then Mary says goodbye.

#121 MESSAGE FROM MAY 20, 2024

JESUS CHRIST "IF ENGLAND WOULD MAKE THE WRONG DECISIONS..."

Jesus appears to the seer in the evening to the prayer group and she tests the apparition with holy water and Jesus shows Himself to her laboriously carrying the cross; how hard it was for Him. It was a torture. At the same time, He carried it with the awareness that He was pursuing a certain goal with His suffering. He knew why He was doing it and that He wanted to do His Father's will.

Jesus now tells her: "**Hurry up, my child.**" A vision in Buckingham Palace begins. English jets fly past one of the windows, heading abroad. He repeats: "**Hurry up my child of truth. The British need your help!**" Jesus urges her to hurry and reminds her urgently that the British need her help. It is a reminder of the completion of the task He had given her. (Note: Message 110 - to write to parts of the royal family and the British Prime Minister)

Desert sand and the blazing sun are briefly visible. It is a very hot place and there is a jeep there. Jesus grabs her by the arm and takes her to another place. There are a lot of jets in a very large V formation. Suddenly something falls from the sky into the water causing a huge shock wave. A moment of shock.

It is an elongated bomb that resembles a very narrow fish shape. It becomes narrower towards the back and at its end there are little wings similar to the fins of a fish. The elongated bomb falls vertically into the water. Now other details of the bomb become visible. It is greenish and on green are metal-colored, small angular flaps with small holes punched into them. After hitting the English Channel, a very large wave is created that flows from right to left. An immensely large wave is moving towards England's south-east coast. It is as if Jesus is shaking the seer. The images of this scene are repeated; especially the oversized fountain off the southwest coast of Great Britain. The water floods the land all the way to London.

A broad, greenish military aircraft can be seen opening a latch from which a bomb falls out. It is the elongated projectile described above. An airplane engine can be heard.

A fish-shaped weapon reminiscent of a torpedo can now be seen just below the surface of the water. The symbol for nuclear weapons is embossed on it.

A Russian military aircraft now drops another bomb which rotates on its own axis as it falls. A small parachute can be seen with a smaller bomb, but it hits the ground and explodes on land in southeast England.

Now the bald eagle can be seen flying over England. After what happened there, the situation escalates. The states go into a state of emergency. In front of the bald eagle, the seer sees a strangely colored sky that glows in strange colors. The colors are reminiscent of nuclear radiation. It is yellow and in the background, red.

The bald eagle flies overhead and in response shoots an underwater projectile towards Russia. Surprisingly, this projectile seems to reach as far as Russia.

In the next section of the vision, the seer is back at Buckingham Palace. The King of England looks out of the window and is unaware of any of these.

Jesus repeats the specific commission to write to British members of the government. Jesus tells her: ***“Make haste to process all this, because time is running out. Soon the wrong decisions could be made.”*** Then she sees the current British Prime Minister. An aspiring man in his prime. Jesus ends the vision and takes his leave.

In the name of the Father and of the Son and of the Holy Spirit.

#120 MESSAGE FROM MAY 15, 2024

JESUS CHRIST "THE AMERICAN PEOPLE WEAR MISLED"

Jesus appears and He delivers a message of love to the members of the prayer group. Then He tells us that a hard time is coming.

He puts His hand on the seer's back and walks with her. Jesus radiates an infinite amount of love. He is pure love. Love and awareness.

It's hard to find words for it because He is so much more.

Jesus says: ***"It is important that you do what I say!"*** He makes it clear to her that Jesus will give her certain tasks.

"There will come times when it is essential that you do exactly what I say."

Jesus: ***"Hard times are coming, child. You are not yet prepared for them. You don't believe in it yet. Come child, I want to show you something."***

They are now at the Grand Canyon on the viewing platform. The seer sees something fiery flying and falling. They go beyond the barrier and hover in the air above the canyon. They get closer, so to speak. This is the USA and Jesus says He loves the USA, but they are in great danger. They don't know what danger they are in. The people are in danger.

Mentally, they move through the land and Jesus describes it to her, the population as well as the spirit or attitude of the people.

It is difficult to put into words. The USA is a land of explorers, a land of pioneers. Basically a people rooted in faith who have been led astray. Jesus wants to help them return to the right path. There are many people there who practice charity. There are many friendly, helpful people who even put themselves in danger to help others.

But lies and deception were rampant. The lie, the deception, the deception through idols and false idols. False values were raised to a pedestal that did not deserve to be followed. This leads further into vice, sin, away from virtue. And there are powers at work there that have nothing good in mind. Those who are involved in evil machinations; people who have great influence and power. According to Jesus, these people were very well known and followed the wrong goals. They have become involved with the wrong people and have allowed themselves to be bought.

Jesus speaks of being bought and this does not necessarily have to be in the sense of corruption or lobbying. It refers to status, money, power, promises, agreements in the background that happen in secret and do not serve the people, but only some politicians, for example.

The seer must call Joe Biden and high-ranking American politicians. These people are "on the wrong track" and they are bringing great danger to their country.

Further on in the vision, Jesus and the seer go west in the USA. They walk through the air. The earth is scorched and hot. You can't walk over it with bare feet. The land is black, scorched and full of soot. Jesus shows on a map that there will be several places that would be affected by attacks. In the far east on the coast, Jesus points to New York or Manhattan. He shows the seer various approaching threats in the USA and tells her that He will guide her through these individual threats/attacks in visions when she is ready. But the time has not yet come.

He emphasizes that there is a very obvious threat and He wants to bring clarity to it. Again, a picture of the east coast of the USA appears where the sea water is overflowing. Now Jesus switches over to Texas and highlights a certain point on the map that looks like a spit of land jutting out a little further into the sea. A hurricane appears in the top right-hand corner of this headland. The seer also hears: "Austin." and "Look there."

In the vision, upon closer look the map turns into a chessboard. The impression of a military, tactical point is created. It's all about tactics. Small inflatable boats sail towards the headland.

In the next picture there is a military vehicle, similar to a smaller tank with caterpillar tracks and a green-brownish camouflage pattern. Relatively in the middle of the eastern United States, it travels a bit from north to south.

Jesus says: ***"Share it. Spread my message, child. Don't let anything or anyone stop you. Let's call it a day. Spread my message, child. Warn your brothers and sisters. And help them to return to My peace."***

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#119 MESSAGE FROM MAY 11, 2024

JESUS CHRIST "CONCRETE PREDICTIONS OF FLOODING IN ENGLAND AND JESUS' CALL TO PRAYER FOR ENGLAND"

During the mass, Jesus appears and stands next to Sandra and the seer in the pew.

He begins to convey inner images to her and shows Himself, while rockets and burning projectiles fly around behind Him. Images of the city of Cologne appear. One can see the city skyline being flown over by jets. The jets are capable of firing many rapid shots in succession. There are other military aircraft in the city's airspace. Now the perspective changes to a bridge that is being flown over closely.

You see the bridge crossing as if you were standing in front of it.

The picture changes and one can see the Rhine from further up, with Cologne stretching out around it. An immense wave builds up on the horizon as if it came from the sea because its height and width are so immense that it is almost oversized for a river like the Rhine.

Now the scene changes and England appears in the background as an outline on a map. A military airplane moves through the air over the English Channel. It is white with red stripes at the front somewhat bulbous in shape and reminiscent of a glider. The image is repeated several times. It drops a bomb from flight over the English Channel.

The seer hears the distress call: "Mayday! Mayday!" This is accompanied by the image of a propeller plane that is sometimes seen from the inside and sometimes from the outside. A white bomb then falls to the ground. It is a specific type of bomb. It is rather bulbous in shape and has sails sticking out in the middle. It rotates as it falls to the ground.

In the next image, several jets plummet from the sky into the sea. The perspective changes and again a map can be seen from above showing the English Channel, i.e. the channel in the sea between England and France. First, a single plane flies over it and drops a bomb. It is a relatively large, bulbous bomb in white with 2 red stripes. It looks like a nuclear weapon. The bomb can be seen briefly from close up and then it is dropped and falls. Then the sequence is shown repeatedly where the plane flies high in the clouds and where exactly it drops the bomb from there - approximately at the height of the western coastline where Wales borders England. Over the English Channel at the height of the coastline. However, the bomb will land elsewhere.

As a result, serious flooding occurs in the west of England between Portsmouth, Bath and St. Ives. It is a very large area covered by water.

Jesus now shows the seer a picture of many airplanes flying together from east to west across the English Channel.

Their shape is more reminiscent of gliders and they are not as sleek as jets.

Jesus now asks - as a task for the seer - to launch an appeal for prayer for the British inhabitants. He encourages the British people to pray more for their own protection from floods and war.

Jesus explains that His Holy Mother is in a position to protect the British population and to turn to her in prayer for this reason. He shows the visionary a picture of Mary erecting a transparent wall to protect them from the water.

He wants to give hope and convey confidence before He takes His leave.

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#118 MESSAGE FROM MAY 8, 2024

BLESSED VIRGIN MARY "INSURGENTS AND ROCKETS IN THE JORDAN REGION"

Mary appears during the group's prayer time. She is wearing a cloak with a turquoise cape infused with gold. At the beginning she has a little white sheep on her arm that looks injured or sick.

Mary puts it down because it wants to walk. But the little sheep doesn't have enough strength and it collapses. Now it lies in a cloth, turns once and then its neck and head hang down to the side.

The eyes are closed and it appears very sick and weak.

The surroundings change and to the right of the seer is a whitewashed wall that reminds her of Greece or Morocco. Large brick arches like semi circles made of large turquoise tiles are carved into the wall. A pretty battled and wild tile pattern. The turquoise is very bright.

The surrounding soil is predominantly sandy.

What follows is a picture of a projectile, a relatively long rocket roughly estimated at one and a half meters. It is dark gray to black.

It flies in a high arc over a flat landscape. It is reminiscent of Jordan.

The projectile is pointed at the front and resembles an oversized black pencil. Maria shows the seer this image again and again.

Very often the sequence is repeated as the missile comes relatively close to her from a distance in a high arc. However, it is not seen to have hit her, but only to be flying. At the front, just behind the tip, sparks fly, as we know from fuses, for example. A small plume of smoke trails behind it. The rocket lights up brightly against the night sky and burns as it flies.

Then Art City appears and Maria walks through this place with the seer. It is a scary atmosphere. Everything is a sandy yellow or a very light shade of orange. The people are also wearing light-colored clothes. The men wear long robes in white, cream, light yellow and with corresponding head coverings or turbans. The people there have very dark hair and have a certain occidental look.

At first normal people are seen walking through a very small town, doing their errands and going about their daily lives.

On the right is a kind of bright temple made of sandstone in whitewashed colors.

This is very high and has a high staircase and pillars leading up the sides. It is reminiscent of a temple or a church.

It is a prominent and large building.

They now walk a little further through an alley or a market. It is relatively narrow and there are a lot of people in this place.

Someone is also wearing a little hat with a cord hanging down in the middle at the top like in the Disney film, Aladdin.

The perspective changes to a man who keeps turning around as if he has sensed danger. He seems frightened and then runs away very quickly. He runs through winding alleyways and flees.

The pursuers look like insurgents. Their faces are covered so that only their eyes are visible. Their clothing is also completely concealing.

They appear to be all men. A machete flashes and the vision ends.

#117 MESSAGE FROM MAY 1, 2024

JESUS CHRIST "WAR IN THE USA - PEACE NEGOTIATIONS BETWEEN TRUMP AND PUTIN"

TIME IS RUNNING OUT //WAR AND DISASTERS IN THE US // PUTIN AND TRUMP IN PEACE NEGOTIATIONS // ASSASSINATION ATTEMPT ON PUTIN -

Jesus appears and the seer verifies the apparition with holy water. She feels as if a large drop of rain is falling on her head and face.

Afterwards, she felt a strong heat in her throat and jaw area for several minutes.

The vision begins with a strong storm on the sea which becomes very turbulent. Sailing ships and fishing boats are tossed back and forth on the waves by the wind.

Jesus begins with the words: **"Time is running out. I am the Lord your God. Come."** Jesus feels soft and very loving.

They walk a little way together and He has His arm on her shoulder. He repeats: **"My child, time is running out."**

They are standing in a meadow and Jesus points to certain stars in the night sky and explains that there are cycles and ages. Planets have certain orbital periods. For example, some planets take thousands of years and some a number of days. Now it is as if a certain planetary cycle is complete, as if certain possibilities for the future are closing like doors. It is an age that is coming to an end and a new one is beginning, like stages in people's lives. The seer sees the image of a pocket watch and the large hand has gone round once and is almost at the top again.

It is just before twelve, as they say.

Jesus says: **"What I am telling you is important and serious."** He again shows the picture from message #112 in which the bear was huge and had started to fire wildly with all kinds of missiles. The seer now sees him standing on the left. The image is a little milky, transparent. In a field opposite the bear, far in the background, stands the army which is made up of many countries. They stand there, built up like a wall, like a wall.

USA under fire // time is running out

Jesus repeats again: "Time is running out." He puts his hand on the seer's back and invites her to come with him and with a blink of an eye they are somewhere else. He wants to show her something to explain. The seer is very affected by the images she has seen. Jesus advises her to remain in peace and dwell in Him. They went back to the platform at the Grand Canyon where they had already been. A hallmark of the USA. The sight is almost unbearable. Fireballs are flying.

Jesus says: "***Come on, I think it's sad too. It's a warning.***" They step closer and He warns them that it won't be pretty.

One looks out over a very wide country (USA). Bullets are flying back and forth, large, small, round and long. It's a catastrophe, everything is on fire. The war is everywhere. Some of the scorched earth is black with soot, you can see burnt, destroyed cities. Elsewhere one can see burning cities, missiles hitting the ground. In the canyon in the USA, the bear can be seen standing very tall on its hind legs and beating its chest like a gorilla does. It lets out an angry cry, because it is a rebellion with eyes glittering with rage.

Putin & Trump

The scene changes and the visionary sees Putin sitting at his desk, as if he were discussing with someone sitting opposite him. Putin leans his upper body over the desk in a challenging manner and looks with fire in his eyes and a sharp gaze, as if to say: "If you say the wrong thing now, I will personally make you suffer the consequences!" and yet he remains outwardly cool and analytical in the situation. He is very intelligent, but even his patience has an end, as Jesus explains in this situation. He explains to his counterpart in his typical manner that he has already analyzed the situation very carefully. He knows exactly what his counterpart is doing. He makes it clear that he has already understood the nature of the situation. He is angry.

This takes place in the Kremlin in Russia. Now the seer is shown who his counterpart is. First the current President Biden can be seen briefly and then Donald Trump. Putin gives him a lecture. Now the seer hears Putin speaking Russian which she does not understand. She only hears his anger. His lecture ends and he sits down again behind his desk and now waits for a constructive suggestion from his counterpart, as if he were saying: "Please, speak now. Please, tell me what you would like to suggest." Trump sits there and answers him in English: "... when we have come to terms...! In German: "Wir haben uns geeinigt, das ..."

Trump went there to make a compromise with Putin. He admits that, in his view, mistakes have been made and says: "We want to make peace with you. What do you need for that? We are ready to negotiate with you. We are prepared to listen to you." Trump wants to defuse it. He is negotiating peace with Putin, who is not alone for he has his entire team of advisors with him.

Putin gets to the heart of what he thinks America has done and why. He puts his finger in the wound. He says that he observes every event very closely and has his secret services. He is fully aware of what the opposing side has done and what it means. Putin makes it clear that Russia has not fallen on its head and should not be underestimated. Trump sits in front of him - in a blue jacket and with a red tie. The situation of having to listen to Putin's astute remarks is visibly uncomfortable for him. He also has his team of advisors with him.

The men belonging to the American and Russian advisory staff stand opposite each other and stare at each other silently and grimly.

Now Trump explains what happened from the US perspective. He apologizes and is very accommodating to Putin. Trump acknowledges certain mistakes and makes suggestions for compromise. He holds out the prospect of the USA refraining from certain actions. In the interests of Putin and Russia, but also the USA. At the end, they shake hands as if to express their confidence in finding solutions. The Americans leave the Russian government building.

President Putin is still very angry and is eyeing everything very suspiciously. He is now consulting with his advisory staff which is made up of very good and intelligent strategists. They are preparing treaties, drawing up papers and Putin is prepared to abide by them if the USA also keeps to its part. The seer sees Putin reflecting on this war and making concessions to his people and taking care of his people because the war is taking so long.

USA in a state of emergency

Suddenly, the visionary briefly sees Putin being shot in the chest.

Now the seer leaves the Kremlin with Jesus and finds herself on the platform at the Grand Canyon. They now walk further west. They stand a little higher and look out over the land to the west. The sun warms their backs.

Someone is riding a jet ski on the sea. Shortly afterwards, a building that has been blown up can be seen in the background. The man on the jet ski seems to be involved. He has done something bad to the building and is now moving away from it.

Various images now follow in quick succession:

- 1) The water bursts its banks on the west coast and flows far inland. Flooding occurs.
- 2) A tornado strikes the west of the USA
- 3) A comet falls from space, burning like a large fireball, into the atmosphere and hits the sea. This causes flooding.

Decline of the dollar

The seer stands with Jesus in the middle of the platform in the Grand Canyon and they look straight out over the land. Suddenly she sees the bald eagle on the US coins and banknotes. The animal stands for the dollar. It hovers over the land and squawks. The eagle curls up in flight as if it were dying miserably. It is a dramatic sight as it becomes smaller and thinner and holds its wings twisted and spread out from its body as if it is simply going to collapse and die.

It is the decline of the dollar and points to bad times for the USA. The war, the currency, people are falling into poverty.

Even those who normally have money. They have to stand in line because they don't even have money for food anymore.

Again, the seer sees a whirlwind, but it is a whirlwind of emotions and means that a jolt will go through the land. A storm is approaching.

A serious change, a great hardship.

Assassination attempt on Putin

The visionary leaves this scene and sees Putin again standing on a balcony like the kings of England and waving to the people.

He directs his state and goes back into the building satisfied with himself. He has a sweet face in this scene. He is very happy and content with the way things are going. It is not clear to which point in time this refers. Putin is happy with himself, with his work, his job as president and the way he is looking after the interests of the state. He is now wearing a large fur hat, the kind you wear in sub-zero temperatures in the Russian winter. Huge fur flaps hang from the sides. This image represents the fact that, as head of state, he also sees himself as a tsar, in the tradition of the powerful and glorious tsars of Russia's past. In a way, he sees himself as belonging to his ancestors and predecessors which makes him very happy. That is how he sees it, that is how he feels as if he were a modern tsar. He has national pride and loves Russia's rich cultural history with which he identifies and for which he feels pride.

Then the seer sees him at his desk again and he looks very angry. As angry as if he wanted to lose his temper and vent his anger which he fails to do. Donald Trump can be seen again explaining something to Putin. The seer is back in the state conversation from the beginning of the vision. They come to an agreement and work something out. Putin has drawn up agreements with his advisors and Trump wants to do the same. They shake hands and the Americans leave the room. Putin looks suspicious because he doesn't trust them and doubts their reliability.

The seer sees Putin approaching the night sky, floating, where a door opens. White light shines from this door and Putin walks towards the door, but stops on the threshold. He stands for a long time on the threshold between the light and this. He looks into this light and after what feels like an eternity, he slowly walks backwards. It is as if he is falling, the sky disappears and Putin falls onto a hospital bed. He does not die.

It seems to refer to an assassination attempt.

Jesus appears again and says: ***"Come, my child. That's enough for today. Go in peace."***

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#116 MESSAGE FROM APRIL 26, 2024

JESUS CHRIST "SINS, VIRTUES AND BELLIGERENCE"

Jesus Christ appears after the first week of the intensive prayer phase for world peace.

After a personal message, He asks: *"Would you like to receive another message for everyone? Thank you. I still have something to say. Let's change places."*

He pulls the seer into a long tunnel of swirling colors that is all too familiar from other visions. They land in a dreamlike meadow.

The sun glistens through the leaves of an apple tree. Everything seems so harmonious, as if it were paradise. The feeling of being there is indescribably beautiful.

Archangel Gabriel and Archangel Michael join them and walk together with Jesus and the seer across the meadow towards a stone path.

From there, a door opens in the clouds which has a frightening aura. The seer is afraid to enter the door as the negative aura is immense.

It leads to hell.

This is where the fallen angels and humans who have renounced the glory of God reside. Hell is figuratively depicted as a fiery place of discord, godlessness and despair. The souls residing there are too addicted to sin. Addictions (drugs, sex), but also murder, deceit and unfiltered libidinousness are the reasons. The deadly sins are also represented here, as they are referred to as human beings.

The following image is presented to the seer: In the middle, a wide bridge runs through the lava and fire surface. Smaller islands extend from this bridge and are connected to each other. As if "islands of sin" were connecting with each other and combining sins. The sinful souls who have committed the following transgressions, among others: Lying, adultery, cheating, theft, falsehood as well as indiscriminate devotion to their own sexual desires. At the end of the walkway, a small staircase leads to a kind of throne on which the ruler of this place sits - Satan.

He approves of everything that takes place there and takes great pleasure in it.

He embodies the principle of the purely earthly - the least spiritual principle. The carnal and earthly pleasures. In contrast, God stands as the highest spiritual principle. They are polarities.

This is followed by a picture in which those present are shown enjoying their sins. This means that during their lifetime they enjoyed them, thought their behavior was right and seemed happy. It describes their consciousness or their spiritual stage of development. These are very earthly, selfish behaviors that are based on the pleasure principle - emulating earthly pleasure without discipline or reflection.

A kind of elevator takes us up a level and there, among many other things, we deal with interpersonal problems: jealousy, stalking, self-centered love and betrayal.

After that, we quickly move up to a spiritual level where souls who treat each other in a very friendly, loving and considerate way can be found. They interact with each other and try to help each other. They are surrounded by a vibration of spiritual and heartfelt purity. There is no malice here, no maliciousness or baseness. On this level, virtues such as cordiality, love, willingness to help and kindness are represented. The souls here have a significantly higher level of development.

Finally, Jesus takes the visionary to the level of God which can hardly be described in words. It is pure love that completely embraces and envelopes. For the seer, it is a feeling of complete acceptance and security.

The seer may receive a personal healing on this level.

The last vision begins with European-looking houses being destroyed by bullets. Large, burning projectiles come flying capable of destroying entire residential buildings. It is a warning of a scenario that will occur if the lust for war gains the upper hand. The lust for war is also one of the sins, Jesus explains. When the interests of money, fame and power take hold. When the heart is lost and people have lost their spiritual compass. The portrait of German Chancellor Olaf Scholz appears. It is a warning to the German chancellor that he would bring much suffering to the German people. A population that he does not consider to be his own people, Jesus explains.

Jesus encourages people to write to the Federal Chancellor and German politicians. This can be done in an earthly way in the form of letters from citizens reminding them that his decisions are seriously endangering normal life, at least in Germany.

It could be an opportunity to write a peaceful but clearly formulated letter to the Chancellor. The citizens, but also readers and listeners of Heaven's Messages may feel free, Jesus suggests, to write Chancellor Scholz a letter in which it is pointed out that the population would like to live in security and peace.

Similarly, non-partisan and neutral peace demonstrations would be a way of expressing one's desire for peace and security; perhaps through Berlin or around the Bundestag. This could express the desire for peace for all countries. Peace is not for a particular side or a particular country, but goes beyond all national borders.

For, as Jesus describes, lies, deceit and the desire for war have taken hold. The armament and preparations for war seem as if politicians are already preparing for the fact that the state of war will or should continue for a long time to come. As if certain political circles know something that the population does not.

Jesus suggests that the members of the prayer group each write a letter to the chancellor.

He affirms that the people should express their opinion that they would like to live in peace and security. It could be understood as feedback that certain politicians are on the wrong track and that they should be told, as they are endangering an entire country.

"Thank you, my child. Go in peace.

Go in peace. Pass on My words."

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#115 MESSAGE FROM APRIL 25, 2024

THE BLESSED MOTHER MARY "A STORM IS SWEEPING THROUGH IRAN - MARY SENDS A GLIMMER OF HOPE TO THE PEOPLE AT WAR"

Mary appears during the group's prayer time. She is wearing a delicate white veil on her head, a white dress and a delicate light blue coat.

The picture changes. A swan flies in the sky and is suddenly caught by a bullet and shot down. It is hit in the chest and plunges into the cold sea. As it falls, the swan is very frightened and surprised. It had not expected the attack. More swans then appear in the sky, flying in a V formation. They too are suddenly shot at and one of them also crashes.

Now a battlefield can be seen in a sandy and stony landscape. In this country, there are Arab-looking men with bright scarves on their heads. There is a tank there and several soldiers around it. A special tank projectile can be seen being pushed into the tank's barrel. It is slightly longer than usual and has a rounded, wider tip. It acts like a projectile that can travel farther distances and cause greater damage. The projectile is fired and flies in a high arc where it hits the target and explodes. A very severe tremor is then felt similar to an earthquake. An earthquake passes through the attacked country.

On the horizon of the desert, a wide and thick cloud front is now building up, beginning to take the entire horizon and covering 2/3 of the width of the image. Through the opaque cloud front, the same type of projectile that was previously fired from the tank in the other direction comes from the opposite direction. So there is a counterattack, or the central location is now being attacked from two sides.

The vision goes back to the Arab-looking men with headscarves. A single man can now be seen very closely, as if he were sitting directly opposite the seer. A small tea glass is in front of him. He stirs it and smiles smugly. The seer must think of a sheikh who had already appeared in other visions.

It goes back to the exceptionally thick cloud front where a very large cyclone is now forming. It is oversized and wide and approaches the seer threateningly. It covers the attacked, central country. The hurricane brings threat, chaos and devastation and moves through a land rich in sand. There are even city walls or houses made of sand.

The seer is in front of the city wall where the massive whirlwind is coming towards and past her. She was able to hide in a hole in the ground (similar to a trench) and get to safety until the storm passed. Hiding was associated with great fear and with it the hope of not being discovered. The storm continued to move through the town where the war was raging and it symbolized a special development in the war.

The next image that appears is a kind of an off-road vehicle with many men wearing turbans sitting on the back of it. The car moves through the city as if in a kind of chase and the men fire at random with machine guns. "Rebels". This could happen in Iran or Iraq. There is a desert there.

Now the picture changes to mountains/mountain ranges in a desert location. There is snow on the mountain peaks. In the background, small lights light up in the mountains as if someone lives there who will bring a glimmer of hope. It is as if Mary were sending her light into the mountains and building a pillar of light there. She plucks a star from the sky.

The people in this place see or will see signs of Mary's presence. Mary will leave a mark there and make herself noticeable to people.

She stands there at an empty well and fills it with water.

Then she stands in the middle of the town where the jets are flying over and the war is raging. Maria wants to let us know that she will be there.

Then she shows a picture of a cute dark-haired girl who can see Mary and the Blessed Mother speaks lovingly to the girl.

When the mother arrives, she wants to pull her little daughter away until she also sees Mary and understands what is happening.

Mother and daughter kneel before Mary and she offers them to pray to her and to ask her for help. Gradually the rest of the family joins in and they pray together before the apparition of Mary. Mary gives these people hope, light and protection.

Mary repeatedly points to the mountain and indicates that she will send someone who is able to communicate with her.

The other people feel the calming and peaceful effect even if they cannot see Mary themselves. Mary radiates great calm.

These people receive Mary's special protection. It is like a miracle. She calls the people in the war zones to her, to give them hope.

She describes it as great joy and happiness that she brings to them. More and more people come to meet Mary at the well.

She spreads her protection over them. It spreads by word of mouth.

In areas of the world where there is internet, the dissemination of Mary's work is even easier and in this way she can let her holiness and spirit shine. Where people gather to ask for Mary's protection and peace. It illustrates what wonderful opportunities there are today to pass on this good news and how easily it can spread.

Mary shows the visionary various situations in which she has worked personal miracles for individual people.

She wants to express that she does not leave people alone, she protects them and she is there in times of need.

We can trust in her help, she says.

Even if it is difficult to imagine at this moment, she affirms, she will be there to intervene when the time is right. She will intercede so that people are protected.

She would therefore like to remind us of the many miracles, big and small, that she has performed all over the world.

Moments when she was there to offer protection and help.

She wants to remind people of her power and reassure them. Her help is possible and real. She asks us not to despair, but to trust her - the Queen of Peace. In due course, she will spread her mantle over her flock. As in previous messages, there is a gentle hint of times of war. Should war break out, she wants us to be aware that we have a very powerful friend in her.

"Pass on my message. Rejoice hearts and lighten minds. Speak of my love, speak of my miracles and refresh hearts, my child.

Blessed are you. Trust in my intercession. My beloved Son will never let you fall. My beloved Son also gives you my blessing and so go in peace."

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#114 MESSAGE FROM APRIL 19, 2024

**THE BLESSED VIRGIN MARY "I AM THE QUEEN OF PEACE!"
MARY CAN PREVENT A WORLD WAR.**

– Mary calls everyone to pray – large crowds in prayer have a lot of strength and blessing!

The Blessed Mother appears during the group's prayer time. She is wearing a blue coat and radiates a silent invitation to kneel in her presence as an appropriate behavior towards her. Mary's face appears very large, she comes closer and allows her holiness to be felt. She is crowned with a halo of stars and emphasizes that she is not a normal woman, but the Mother of God.

This can be understood as information that Mary is underestimated and not properly appreciated.

Varying images of airplanes and jets are repeated countless times and Mary indicates that she can stop airplanes in flight.

However, it is necessary to explicitly ask her for help. If the request is urgent enough, she can intervene immediately.

It seems like preparation on her part - information to keep in mind for later. If we are in great need, she asks us to call her immediately.

"Ask me for help immediately and I will be there!"

Mary gently touches the seer's face with her hand and says: ***"My child."*** It feels like a warning about a very specific time.

Crashing planes can often be seen falling into the sea. The starry sky can be seen above the ice-cold sea.

A larger ship is approaching the seer. In the foreground of the image, different directions of water flow can be seen.

Currents like those of a large canal. It appears to be a reference to a prominent place on the sea. On these currents a large ship comes towards the seer. The ship brings a shipment and comes from afar. It could be China.

The bald eagle flies over it briefly and quickly. The water sloshes more and Marya floats above the water as she spreads her hands over it.

Now the gaze is drawn to the starry sky. It is night and only a few small cumulus clouds can be seen. Then the view goes to the horizon and far in the distance an indescribably large number of ships can be seen which cover the horizon like a threatening wall. A frightening picture.

"A warning. This is a warning," warns Mary and predicts that if the wars expand, this will also happen at sea.

Mary wishes peace for us and for humanity to repent. The complete escalation could still be contained or even prevented entirely.

However, things will get very bad if people don't give in. There would be military conflicts in the air, on water and on land; especially in the air. People will feel that no man is no longer safe anywhere.

There is still the possibility that these bad developments can be averted.

Mary encourages people to actively strive for peace, to actively work for peace and to stand up for it. She shows very large crowds.

Hundreds of people gather to say the same prayer together.

These prayers fly from every single person upwards into the sky like fine white-silver clouds of smoke - they are full of light and illuminate us.

Let everyone pray as they please. It is not tied to being a Christian or to praying the rosary. Informal, free prayers are also helpful, as are peace meditations or even just thinking of the word "peace". *"I am peace. Peace. Peace."*

It affects every single person because everyone can make a difference. Mary asks people to come together in large numbers to say prayers for peace. New efforts such as prayer campaigns by communities, associations, prayer groups, churches, parishes, etc. may be made because she indicates that there is still the possibility of intervention through prayer.

She has already stated at the beginning that she is very powerful and has explained this to the seer many times over the last three years and repeatedly mentions: **"She is the Queen of Peace"** and she is there to support us with peace. She can bring peace, but she needs our consent and our request that we want it and we are asking for it. Mary says that a bright, peaceful sign can now be set by sending out prayers and consequently peace.

It's about enveloping yourself in love and peace and sending peace into the world. This feeling of peace cannot be achieved through bad news. We should protect ourselves from it and distance ourselves from it.

By connecting with God, we can feel peace within ourselves again. To do this, it is helpful to first find peace yourself. Putting your cell phone away for a while, turning off the TV and laptop could help. To find yourself again, to feel yourself, to feel your heart and to find the source of peace in the heart that comes from God.

Anyone who feels addressed can do a Peace Exercise:

Imagine a divine spark, for example, as a small ball of light in your heart.

That part of us that is directly connected to God. You can connect to this part at any time. Just focus on opening your heart.

Maybe think of someone you love, of beautiful situations in which you were very happy. Maybe also of your children, your animals, your partner, whoever opens your heart.

Invite God and He will support your effort and He is there immediately with just a thought. He is constantly there. We can make that connection.

Sometimes it helps to imagine a white dove, the Holy Spirit, flying over the earth, or a white and silver ball of light that envelops the earth and draws out everything that does not correspond to peace.

The seer is encouraged to make a call to lead a short online peace meditation of 10-15 minutes once a week for 4 weeks, during which peace prayers are said which lead to a meditation. It's about entering the vibration of peace and sending it out into the world, preferably with singing and music.

It is also about standing together as a human family in good spirits and working for the light. To stand up for the good, to set an example and thus help each other.

All the escalations that Jesus and Mary announce in various forms do not have to happen. These are warnings of events and escalations that will happen if things continue like this. These events can be broken and the process stopped. In any case, we can achieve a more positive development in the future.

Mary holds out the prospect that catastrophic developments can be prevented if people make a massive commitment to peace.

The seer sees how the ships on the horizon become transparent and disappear, vanishing into thin air. This negative future development will then dissipate. Mary says she shows these options and dangers so her flock can prepare. So that they know what will happen should the worst come to pass. However, it doesn't have to happen and can still be stopped and averted.

Mary asks for additional prayers in the prayer group from April 20, 2024. Two rosaries and a chaplet of divine mercy should be prayed and a prayer for peace should also be spoken.

She asks that the efforts of individual group members be increased. They may pray with particular concentration and not be distracted by anything or busy themselves with something else.

She asks for special piety, more fasting and chastity as sacrifices which Mary can use to fulfill our desire for peace. The group should keep this up for three weeks. Anything that can be contributed will be given great credit. Every effort has a special power at this time. The more the better. Other prayer groups may also be encouraged to participate. The renunciation will have a particularly strong effect during this time.

Mary thanks us for our loyal, heartfelt devotion.

She sends her blessings. She sends her love. She lets us know that she is with us, that she is with each and every one who calls upon her.

May we not despair.

She places her motherly hand over us and holds her protective cloak over her flock, her followers. She wants us not to despair and give up.

She wants us to remain hopeful and focus on the positive outcome. She warns us not to be intimidated by fear and scenarios.

Mary advises us to always find our way back to our own peace of mind and focus on inner peace when there is bad news or an announcement or warning.

Peace is the starting point.

She wants to encourage us and give us hope. She wants to assure us of her protection.

Mary encourages us to turn to her even more, to pray even more and particularly intensively at this special time. She will reward this.

She will let people feel the positive effects and wants to encourage and motivate us. She loves us more than we can imagine. She loves us more fully and deeply than we can imagine in every moment and every fiber of our existence. She assures us of this.

“Go in peace, my children.”

In the name of the Father and the Son and the Holy Spirit. Amen

#113 MESSAGE FROM APRIL 8, 2024

JESUS CHRIST "SOUL-SEARCHING, SOUL QUESTIONS AND THREE DAYS OF DARKNESS"

Jesus appears to the seer during the prayer group. She verifies the apparition with holy water. Jesus feels joyful, soft and loving and says:

"I bring joy!"

At the beginning, the seer sees many images of water and waves and also the Blessed Mother Mary as she floats in front of a high sea wave. Then the perspective changes to the clouds, where a seagull flutters excitedly. She seems to be upset.

Now Jesus is back in the foreground and invites the seer to look up into the sky through her skylight. She sees the light meteor as if it were hovering outside her window. It wobbles and an intense vibration and crackling emanates from it. It radiates a strong energy and a very bright yellow light. This radiated energy is so overwhelming that it is physically difficult to bear. It feels as if you are being pressed into the sofa.

This ball of light is purity itself, spiritual purity. It is the essence of divine power that can purify and redeem the person. Issues from which one has not been able to free oneself properly can be redeemed. Mental issues can be redeemed and liberated and the seer can now experience this for herself. She now sees herself standing very close to the sphere at the window. She tries to connect with it inwardly.

The sphere is indescribably powerful and cannot be described in human words.

This loving feeling is in some ways in contrast with the first impression one has of the sphere. At first it inspires awe and respect, is unsettling and can seem frightening. However, the moment she stands in front of it and opens herself spiritually, the sphere lovingly permeates her with a holy fire and purifies her.

It is as if it is burning her out and dissolving all her issues in a holy fire.

The light does not accuse her, but helps her to recognize for herself what needs to be named. It also helps her to see her own good sides and weigh them up against each other to create a fair balance.

Similar to the figure of Lady Justice with her scales or a final balance.

Everything is thrown into the scales and we look together to see what remains and outweighs everything else. It is a sacred act, a sacred moment, a unique event.

If one has already prepared for this and thought about it, it is easier to deal with. It can be questions like:

What do I put in one bowl? What goes in the other bowl?

What good have I done for others?

What have I "done" or done wrong to others?

One looks at its own strengths and weaknesses.

It is similar to a mental scan - even the smallest things are recorded. A judgment is kept on this. What have you created with your feelings and thoughts?

One comes into contact with something very sacred and surrenders everything to the divine light that floats before you.

The seer has the impression that the light in this vision did not work so intensively because it only wanted to give her a demonstration. Surely it will feel more profound when the day comes. It was just a foretaste.

Jesus now gives her information about the three days of darkness. They follow the appearance of the sphere. The world is flooded with water. The sun is darkened by bat-like creatures.

Jesus says in English: **"Three days of darkness."** - in German, **"Drei Tage der Dunkelheit."**
"And death will be no more."

This event will be very intense and people will only want to pray, pray and pray again. People will be frightened because all the dark beings will rise up. They will show themselves and try to snatch as many people as possible and lead them astray. You can be guided by the candlelight of candles, preferably consecrated ones, when you sit at home and pray. It would be good to have food on hand. Above all else, it is about letting your own soul light shine.

Now the seer sees Jesus walking with a graceful, elegant, quiet and humble glory. His radiance is indescribable and He walks across the earth in very great stature, creating order.

Jesus walks along a path towards a throne of light where He takes His rightful place. In truth, He has never really left this throne. His head is adorned with a crown and He shines in radiant glory. Glory, magnanimity and divine consciousness and love emanate from Him and in this way He officially resumes His place on the throne.

Jesus repeats: **"The living and the dead shall be judged."**

Only now does the actual judgment take place, now that He has ascended the throne. Everything before, the ball of light, seems to have been just the preparation. People believe that wrath and punishment await them, as it is before a human judgment, but this is a different kind of judgment. This is a spiritual judgment. As if it were taking place in other dimensions and realms that we humans cannot even imagine.

Everything is balanced against each other. How has your soul developed and how have you behaved as a result? It is soul-searching.

There are different levels, levels of consciousness, so to speak, which are represented visually. Like clouds that lie on top of each other.

There are low and high levels and one seems to be psychologically assigned based on one's own consciousness.

The seer remembers a hymn.... "What have you done, whom have you loved for my sake?"

There are different categories in heaven than on earth. We are much more concerned with our earthly existence, such as starting a family, relationships with other people, friendships or the household. Did I keep my car clean, did I mow the lawn?

However, with Jesus, what we call heaven, there are other categories - other questions are asked. This is an attempt to list, but it is certainly not an exhaustive list.

Have you stood up for others?
 Have you been there for others?
 Have you made an effort to spread love?
 Have you made an effort to send out peace?
 Have you used your gifts for others? Have you helped others with these?

It's about love. It's about love between people.

Have you managed to bring the divine part of you into the world?
 How much did you shine?
 This is not intended as an achievement, but simply as a soul-searching, honest inventory.
 Have you shone consciously or unconsciously?
 Have you carried your glow?
 Have you spread your glow?
 Have you passed it on if someone has not shone brightly themselves?
 Have you helped others to shine themselves?
 Have you reminded them of their own glow?

It's all about the love and light you bring into the world.
 It's not at all about whether you were successful, drove the best cars or wore the most expensive coats. But rather: Have I fulfilled my divine mission that I have committed to fulfill?
 Have I done everything I can to fulfill my soul's mission?
 Have I managed to do that?
 Have I managed to remember that?

It's a completely different perspective. Beautiful and amazing.

In the next section of the vision, one can see the globe in the universe and the sphere of light above it. The water moves, sloshes and floods occur.
 It seems as if meteorites and satellites are falling from the sky and crashing into the water.

Jesus stands next to the seer and thanks her:

"Thank you my child. Let my love flow through you. Thank you for taking the time. Thank you for being willing to do this. Have no fear. Pass on my warnings."

In the name of the Father and the Son and the Holy Spirit. Amen

#112 MESSAGE FROM APRIL 5, 2024

JESUS CHRIST "BRITAIN'S FATAL INVOLVEMENT IN THE WAR - WORLD WAR 3 CAN STILL BE AVERTED"

Jesus Christ appears to the prayer group and gives them words of encouragement and the assurance of protection. In the vision that begins,

He announces that today's message will be a sad one. The visionary then experiences herself in the air, as if she were flying in the clouds.

She sees a small white bird, perhaps a dove. As it flutters around, she continues to look up into the clouds. Suddenly the bald eagle appears.

He is annoyed and seems to be in a hurry to correct something.

Now a stationary tank can be seen, its cannon barrel being aimed, but it does not fire.

The image of Russian President Putin flashes up. Birds can be seen fighting bitterly in the air.

Jesus shows himself to the seer with a sad face and asks if she is ready.

She sees the brown bear standing on its hind legs and it is very angry. It opens its mouth in anger and bares its teeth. Then it runs threateningly towards something on all fours, as if to say: "We'll see about that ...!"

In the next moment, the bald eagle swoops down on the bear out of nowhere, grabs it and pulls it along. It is a sudden attack that inflicts bleeding wounds on the bear's back.

The bear rolls wounded on the ground and tries to put the injury away. He tries to lick his back and self-medicate. Meanwhile, the bald eagle flies away, gloating and triumphant that it was able to injure the bear.

Now the bear turns into blind rage. It allows himself to be provoked by this serious attack and that was exactly the intention.

The aggressive provocation has succeeded. It drags himself heavily to another place where a nuclear power station is indicated in the background. It lets out a very loud scream of rage, as if to say: "Now you've gone too far! That's enough! Now you've got me ready!"

The bear stands alone in a circular, large and empty area. One can see it from a bird's eye view.

It almost seems as if it is dying. It falls over to one side and looks sideways into the tall grass with a blank stare. Its gaze goes into the distance, where a high wall rises up in front of him.

Putin sees a large army approaching. It appears to be an amalgamation of different countries, as the individual parties of the army are of different widths, sizes and colors. Ahead of the army, the bald eagle shoots across the sky, flies over the bear and turns into a jet flying at the speed of an arrow.

The bear is briefly demoralized and initially appears sweet, guileless and intimidated, but decides to stand up again. Suddenly, it outgrows itself and swells into a ten times larger, oversized bear with a very determined look. Then it launches a very long rocket, reminiscent of an intercontinental ballistic missile. (Note: see message 95).

All one can see is the bear's face and the curves of its body, and all around it rockets of all kinds are shooting like fireworks in the direction of the assembled army, but also in all other directions.

There are a wide variety of rockets, smaller and larger, but above all, there are so many of them that it fires them incessantly.

It shoots around and out of it like a gruesome firework display.

Suddenly the entire scene freezes and everything takes on a milky appearance. The bear with its flying rockets, the army in the distance, and a gold-colored, round pocket watch with a white dial appears, the hands of which rotate quickly. It's like time stands still. Then the clock rolls around on itself and falls over. This is an effigy that time runs out, there is no more time left, it would be better if time could be frozen. Because everything after that comes to a complete escalation.

This is a reference to a key moment. This phase is a very crucial one. It is an urgent moment not to take this step. Don't confront the bear with so many people, don't build yourself up like a wall in front of him.

It also includes advice to the USA NOT to make this sudden attack against Russia, as they will wish they could turn back time to that moment.

In the next section, the frozen image can be clearly seen again in normal colors. The clock has disappeared. Behind the army one can see a V formation in the sky. Our Mother Mary has already warned about the V formation. Our Mother Mary has already warned about the V formation of jets in a previous message. The seer hears a national anthem, but cannot determine which one.

Now the jets are leaving red, white and blue paint smoke behind them. A jet flies past and is completely painted with the English flag, suggesting England's involvement. The different warring parties clash. Now they are symbolized as birds in the air, fighting, fluttering and pecking at each other. There was also a medium-sized bird, but it is not a bird of prey.

Now a swan, symbolizing England, runs out of the army on the horizon and goes towards the bear. He stops in front of the bear and pulls out a large automatic weapon like the ones one sees in mafia movies. One can see the fire of blazing anger in the bear's eyes which stands there calmly, as if to say to the swan: "Think carefully about whether you mess with me. Think about it carefully, Swan!" It's a very tricky situation.

A V formation of swans can now be seen flying towards Russia. A picture that we know from migratory birds. The Russians see that the swans are approaching and warn them to think carefully about whether they really want to enter or fly over Russian territory. It's about the Russian border and its crossing. A warning is sounding from Russia, warning the British of the consequences that will follow if the country's border is crossed, whether on the ground or in the air.

The Russian border crossing with tall, powerfully built Russians and automatic weapons can be seen. They guard the border. They observe enemy jets entering Russian airspace in the sky and report it. The border guards report that the enemy air force has been registered on Russian territory.

But there are not only English but also French jets among them. French President Emanuel Macron appears with a grim, determined and calm face, as if everything had already been decided and as if he was not ready to give in. Talks are taking place, but there is an icy cold between the countries. Russia views France as a war party.

In the vision, Emanuel Macron appears as if he wanted to stand out heroically and prove his loyalty. This will have serious consequences for France, Jesus warns.

President Putin is equally firm in his stance and is seething with anger inside. This mixture of raging anger and simultaneous emotional coldness scares the seer greatly. It seems very

threatening and takes your breath away.

Common sense in Vladimir Putin is waning and giving way to feelings of anger. He moves away from rational decision making. It gives the impression that Putin is becoming paranoid or developing some kind of paranoia. As if he was going a little crazy from this situation.

The seer now sees the former Prime Minister Tony Blair several times as a symbol for the current English Prime Minister. He is visiting the royal family and looks out of the palace at the sky. He watches the jets with worry. He looks worried and wonders if he made the right decision. It's like he sent the jets without being sure if it was a good idea. He doesn't want to wage war.

The seer now senses that King Charles is very weak. It's like he's not really there.

Suddenly it becomes clear to him that his space will be free. In November 2023, the seer had a dream about the English king. In a dream, Charles had confided to her that he was ill and would not have a long reign and that he would die early. This is now taken up in the vision. A royal funeral follows with state carriages and bouquets of white lilies.

The vision switches back to Buckingham Palace and a jet shoots over it very quickly. It is the Russian answer to the English jets sent to Russia.

The seer stands with Jesus at the edge of the scene, as if one were standing behind the camera while making a film and watching the filming. Jesus reached into the sky and plucked one of the jets from the sky and placed it in the hand of the seer. The jet is very small and doesn't seem to work well.

The scene changes again and something falls from the sky, reminiscent of an aircraft bomb. It is shaped like a buoy. A black and yellow band is placed around the bomb. It shows alternating small yellow and black squares over two rows. The bomb is dropped over London.

In the distance the bald eagle crouches watching and notices what the English are doing. The bald eagle works together with the Antichrist, who in turn also benefits from the war. He needs the war so that he can appear and build himself up as a supposed peacemaker. Hence his joy at the expansion of the war into Europe.

In the next picture, the bald eagle can be seen in flight while Saudi Prince Mohammed Bin-Al Salam walks next to him.

Very closely, he appears friendly and shakes someone's hands with a smile. But the focus goes to his heart and it is black. He is as false as a viper, as someone who sticks a knife in the back when it suits him. The sheik makes treaties and earns money from the war; he enriches himself. It's about weapons and oil. The more war there is, the more he deserves.

It's a warning to remember because it doesn't have to happen!

Jesus says goodbye:

"Thank you my child. Thank you for making yourself available. I really appreciate that. Thank you for passing on My warnings, even when they seem to fade away.

Blessed are you

In the name of the Father and the Son and the Holy Spirit. Amen

#111 MESSAGE FROM APRIL 2, 2024

THE BLESSED VIRGIN MARY "BOMBING RAIDS ON DÜSSELDORF -MARY SPREADS HER CLOAK"

The visionary woke up at around 5 a.m. and received visions in which she saw herself with a large group of fellow worshippers including the prayer group and a clergyman with a white and gold robe and a high, light-colored bishop's mitre that came to a point at the top.

It seemed as if it was a day chosen by Mary on which people had come together to pray and sing.

It took place in Germany and there was a war going on at the time.

The seer stands somewhat elevated on a small hill, surrounded by a small group of people close to her. Hundreds, perhaps even thousands of people have also gathered. It is an unmanageable crowd. Everyone prays and sings together.

When she experiences another Marian apparition in front of everyone, she lies down on the ground. It is an amazing image because it is as if a force field is being transmitted through her to the crowd. It looks like a whitish bubble of light that is stretched over everyone present for protection.

Bombs strike in the background. The earth trembles. The Blessed Mother Mary floats transparently above the crowd and creates a bubble of energy and light. This bubble of light protects the crowd from the war. The crowd cannot be attacked. The people are under the open sky, but even if bombs had fallen on them, they would have bounced off.

Together, the people have created a wonderful atmosphere of peace. They sing songs such as "Mary spreads out her cloak".

The protective bubble of light can only be created by such a large crowd. In this way, the people are protected by Mary while the bombs are falling around them.

Meanwhile, a cross of light rises into the sky just above the ground. The cross of light can then be seen by everyone in the sky.

Jesus is also indicated on the cross.

It is to be understood as a warning, a heavenly sign to the faithful not to give up.

Not to give up hope.

The seer sees herself walking through the city in another scene - walking through the street in advance to this event. She is looking for a clergyman who is willing to accompany this special event. The group wants to connect with the church in the vision and finally finds a clergyman who agrees and wants to support this. Huge numbers of people gather there.

The scene changes again and Mary shows the seer how Düsseldorf suffers bombing raids.

An unnaturally high and immense wave of water floods Düsseldorf.

The Rhine in Cologne is also affected by flooding and a tidal wave similar to that in Düsseldorf hits the river and the city.

#110 MESSAGE FROM MARCH 1, 2024

JESUS CHRIST "NAVAL BATTLE IN THE ENGLISH CHANNEL"

Jesus appears and asks the seer:

"Are you ready for a message?"

M. "Yes, Lord."

J.: **"Then come."**

M: "Please confirm your presence."

J: **"It is I, my child. Kneel down at my cross. Bow your head before the Lord your God. I am the Lord, your God. I am the risen Son of God. I am Jesus Christ. I am the one you know. I am Jesus Christ, my child. I am Jesus Christ."**

M: "Thank you."

J: **"Tell the group that I protect them."**

The opening vision begins. The visionary hears plane noises and aircraft engines. She sees an airplane flying in the clouds and has the feeling that she is sitting in the plane herself. The plane goes into a dive and it is as if a strong, cold wind can be felt. This is accompanied by a feeling of chest tightness and shortness of breath. It is as if it is losing control and crashing into the sea. The perspective changes and the viewer now watches the action from the surface of the water. On the horizon, several airplanes can be seen falling into the sea. The sea water is cold, the swell is strong and a gale-force wind is whipping. Some of the pilots that crashed are still alive and were able to save themselves with life jackets or boats. They are floating in the middle of the icy sea - in the English Channel off England.

A very large ship, roughly comparable in size to the Titanic, comes out of the fog towards them and passes the pilots. On the horizon, many airplanes continue to fall from the cloudy sky into the sea.

Now a white swan swims into the picture - an information for the seer that this is an English territory. The swan is wearing a blue and white striped sailor's cap.

Now dark gray warships with cannon barrels appear in a row. Suddenly, a huge bald eagle appears in the air and gives a scream as it swoops down. It attacks the ships, which are struggling with the heavy seas.

The warships attacked by the bald eagle have small Russian flags attached to their sides - an information about their origin.

It is a naval battle. The weather is closing in, the clouds are getting darker and there is lightning. You can now see Russian warships and those of the Russian allies in two lanes on the right, and British warships with their allies on the left.

The bald eagle plunges into the water between the ships and grabs a large white bomb with a bulbous shape from the water - it is reminiscent of an atomic bomb.

The seer hears the word "Gettysburg".

A huge wave builds up on the horizon, taking up the entire horizon. Another seagull can be seen and storm bells are ringing.

The scene changes. The Berlin television tower appears as do enemy warplanes in flight attack over the city. The air alarm sounds and the population is ordered to take shelter in cellars or bunkers. People run in panic and try to get to safety.

These images are to be understood as a warning. Jesus explains that the occurrence of these events depends on the German Chancellor Scholz. At the same time, it is a warning to the chancellor himself.

Jesus warns him not to allow himself to be drawn any further into the war. He should distance himself from it.

Otherwise it could come to the point in the future that Berlin would come under air raids and the city would be bombed - similar to the Second World War, this would bring much destruction and suffering.

US President Biden now appears in the portrait and Jesus explains that Biden wants to persuade Scholz to take part in the war. However, Biden himself looks as if he is being influenced by someone in the background who has the strongest interest in fueling the war from the USA. As a result, Joe Biden is influencing German Chancellor Scholz to follow his "instructions".

This is a further warning to Scholz to resist this influence and avoid direct involvement in the war. Any involvement, whether indirect or direct, should be avoided. But especially direct; otherwise he will bring much suffering to his people. This is avoidable.

In the next section of the vision, you see an immense, unnaturally high wave that is at least as high as five very high waves on top of each other. It is rolling towards the east coast of the USA, at the height of New York. It is related to the war and is also a warning to Olaf Scholz. An English flag flickers in the wind and behind it the Titanic-like ship can be seen on the water again. It is heading towards the flag.

The scene changes and a wooden sailing ship with wooden masts, defying the wind, is sailing at an angle on the sea in heavy swell. It is a warlike attack that causes severe flooding. Jesus shows the seer a map on which the south and south-east coast of England is marked where the floods will fall. Large parts of the coast would be affected, reaching far into the country.

Jesus wants England to be protected. It is a proud nation - proud of its traditions, its rich history and aware of its uniqueness in the world.

The English Crown Princess Kate Middleton appears in the vision. The United Kingdom must be protected and the royal family is unaware of all this. Daily lives of some members of the royal family are shown. They go about their everyday life, unaware of what could threaten England. They would not want such an event to happen because they are very attached to their nation. Again and again, Jesus emphasizes the national pride of the English. One can assume that they would do something about it if they knew what might be in store for them.

Once again, jets can be seen carrying out air raids over England. The seer is asked to perform various tasks and to issue warnings that the country is at risk of flooding. Certain members of the government are to be warned within the next two months.

She hears "Cardiff".

It is a warning against England's direct involvement in the war. The seer sees the English Prime Minister. Jesus warns him to think carefully about his political decisions. Jesus wants the seer to warn and inform the English royal family including where the floods would take place. This would come upon them if England became directly involved in the war.

They still have time to intervene. Not all the decisions that would lead to this have been made yet. It looks like there is still about a year to go. The English politicians can still avert this. They don't know what threatens them. They don't expect it and obviously feel safe. Jesus wants to protect the English and ensure that his people remain unmolested. All of this should be brought to their attention so that they can change their minds.

It can be averted. It doesn't have to come to these floods in England.

Jesus wants to urge the English people to pray for their own protection. They should pray for protection from floods and attacks, because Mary can also intervene there. This cross can pass over England.

Jesus gives thanks.

"God save the Queen. God save the King." Jesus wants to protect the sheep in England. They can also turn to Mary because she is the Queen of Peace.

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#109 MESSAGE FROM MARCH 31, 202

JESUS CHRIST "DETAILS AND BACKGROUND INFORMATION ON THE EMP IN THE USA"

Jesus appears to the seer with His blessing hand and says: ***"I love you, child. My love for you is endless. I am Jesus Christ, my child. I am your Lord. You know who I am. I am Jesus Christ."***

At the beginning of the vision, the seer sees a volcanic mountain range surrounded by mist. Etna in Sicily comes to her mind.

Now the bald eagle appears with an angry, grim expression on its face. Lava or embers can be seen and again the bald eagle with a black round bomb between its claws. It flies over an area. Suddenly there is a jolt through the earth and the seer is startled. It is as if she jumps up briefly due to the pressure she feels. She hears "Baltimore" and sees the flying bald eagle again. Once again, it is as if something falls to the earth, hits it, triggering another shock wave. The gleeful bald eagle flies over a vast war zone. To the left is a long path of fire and deep darkness.

The theater of war is incredibly vast and heartbreaking. Everything is black.

There is an explosion in the background. This indicates the war that will be going on in the future.

It is very irritating that the bald eagle flies over it completely insensitively, as if it was none of his business. There is an insidiousness about him.

Now you can see a kind of high stand or water tower which is burned out and tilts to the side. Everything is burnt. A white water tower tilts and water spills over.

Jesus now gives the seer instructions about her tasks and says: ***"Listen to Me! The governor must know! Tell the governor Texas is not affected. Mississippi."***

Jesus: ***"Trust what I am telling you now. The state of Texas is not affected. But he needs to know about it."***

Jesus shows the seer a map and she hears the word "Missouri".

Again, a circular fire can be seen in a state in the USA. Something slides out of the clouds on an umbrella, glides down and triggers a wildfire. The embers spread in seconds, the ground is black and red. "Arizona. "Southern border of the USA".

The state of Texas is not blackened.

Jesus explains: ***"The EMP (Electro Magnetic Pulse) doesn't have to happen. It depends on how America behaves. Based on the past behavior of the US and the government, it is likely that they will continue to behave this way in the future, which in turn makes the event more likely."***

Now the seer sees a brush marking something in black on the map of the USA.

She sees a bomb fall from the sky and a kind of small sailplane flies away. Then there is an explosion.

One state is particularly affected and neighboring areas are also affected.

"Arizona" can be heard again.

A bucket with black paint can now be seen above the map of the USA. This is dumped over the second state from the left of the center of the USA - in New Mexico. The black paint from the

bucket spreads throughout New Mexico and also flows over to Arizona. Sirens can be heard. A Jesus cross can be seen over New Mexico. Suddenly it is as if a flap with two doors opens beneath Arizona and Arizona is simply gone; it disappears.

It is as if the seer sees the open flap from below and the burnt pieces of paper falling down, some of which are still glowing red. It appears to be an attempt to attack several locations. Now President Putin's face appears, smiling maliciously. Someone shakes his hand as if congratulating him.

The scene changes and again a small sailplane can be seen, which, seen from the middle of the USA, flies over the 2nd and 3rd states to the west on the southern border. It flew from east to west, starting from Texas and heading towards Arizona

It has flown from east to west, starting from Texas and heading towards Arizona.

Between New Mexico and Arizona, the small sailplane dropped something, but the landing of the object was not visible.

Afterwards, an upright brown bear stands in the picture with its front legs stretched upwards and it holds a white paper airplane in its paws, which it then lets fly.

This is a secret attack that is to remain concealed. The seer is told that the Russians have very sophisticated technologies. It is therefore within the realms of possibility that this attack will not be the only one.

The Russian technologies are comparable to a "magic bag". These technologies leave you amazed, Jesus explains.

Then Jesus says goodbye.

In the name of the Father and of the Son and of the Holy Spirit.

Amen.

Proclaim it, child."

In the name of the Father and of the Son and of the Holy Spirit.
Amen

#107 MESSAGE ON GOOD FRIDAY FROM MARCH 29,2024

THE BLESSED VIRGIN MARY "FLOODS DURING THE SOLAR ECLIPSE & PUTIN'S PEACE OFFER"

At the beginning of the vision, a beach promenade on the coast between Belgium and Holland can be seen.

The water has risen dangerously and reaches right up to the shops. It is a warning.

Military aircraft can then be seen flying over in convoy.

The scene is accompanied by aircraft noise. Then a huge explosion of a large bomb can be seen in the background, which hits the water.

The water fountain is very high and can be seen from afar.

The bald eagle can be seen again, flying ahead with its talons as if it wants to grab something.

The seer can now see from below the surface of the water. The bald eagle's talons dip into the water and it grabs a fish. It has caught prey, which it flies to its nest on the rock and eats there.

The images of the flooded beach promenade are repeated again and again.

The sun then darkens. Something moves partially in front of the sun.

Afterwards, many transparent, bluish shimmering animal heads can be seen looking at the seer. Among other things, a lion and a hippopotamus. The impression was over very quickly, so that not all the animals can be reproduced.

Finally, a whimsical scene appears with a cow standing on a beach with crystal clear water.

The cow is colorfully painted, especially its face is painted in bright colors and it is wearing a delicate orange flower wreath around its neck.

The wreath of flowers as a symbol tells the seer that it is about Thailand. The seer suddenly knows that the beach in the background will also be swept away by tides.

What follows is the unpleasant image of a goat's head, magnificently adorned with a white, black and red feathers around its head.

It appears satanic and flies towards the seer.

The scene changes again. Now the date of April 16 appears, this time in shimmering blue lettering.

Next, a relatively large bell in a glass case can be seen. Tibetan prayer flags are draped around it on a thread. In the background there is a mountain landscape.

An old wall buried in the ground now appears. It is reminiscent of an altar or a sacred place.

Possibly, a buried tower. It is square and there is a pillar at each of the four corners.

It is reminiscent of Roman excavation sites. A large white tarpaulin lies over this square ruin.

The bald eagle flies up to it and begins to lift the tarpaulin, like the ceremonial opening of a monument.

The bald eagle has begun to uncover it, but has not made the site fully visible.

Pictures of the ruins of a city follow. The city lies in ruins. The picture is characterized by shades of gray.

Here and there are taller buildings, a tower or a skyscraper, which have also been destroyed and are now beginning to collapse.

The tower crumbles and topples over. It is reminiscent of the atmosphere of a zombie film in which cities are abandoned and destroyed.

The bald eagle can be seen again, screaming loudly.

A tank rolls through the scene. It shoots, but is also shot at from the air.

The tank is no longer functional. It no longer drives well and radiates powerlessness.

The eagle's cry can be heard again. There are not many of these tanks left. There are too few.

One burns out. The defense of the country to which the tanks belong has come to a standstill.

The Ukrainian President Zelenskyy can be seen. He is waving a white flag as a sign of retreat.

He is signaling that he wants to give up. He doesn't seem to be happy about this, as he makes a grumpy face and a pout.

Russian President Putin stands opposite him and wants to shake his hand. Putin is surrounded by an icy coldness. Although he is certainly angry and radiates great coldness, he extends his

hand to Zelenskyy as a sign of peace. Zelenskyy, for his part, does not take Putin's hand.

He does not accept it. Putin looks at Zelenskyy and holds out his hand as if to say: "Do something! Do something! Why don't you take my hand?"

Zelenskyy is torn, as if he has to think it over carefully. As if someone was threatening him and as if he could expect consequences from this side if he made peace with Putin. Zelenskyy now falls to his knees and collapses. He is desperate and cries.

Putin continues to stand there. He sympathizes, but is waiting for an official sign.

He wants Zelenskyy to take this step, to usher in peace. Putin wants people to approach him.

He wants an official "YES" from Zelenskyy to peace and negotiations.

Maria conveys that President Putin wants to demonstrate the following, but does not say it:

"I know it's bad. I also want to end it. I even feel for you, but you have to approach me now.

You have to officially approach me now. Please do it!"

It seems as if Putin can't get out of his skin. This is depicted as a picture of two Putins.

One Putin symbolizes his official appearance and the other Putin symbolizes his inner life.

On the outside he stands there motionless, but on the inside he would like to show some emotion. That's how it works.

That he is also torn and is struggling with how he should behave. Inwardly, he is impatient and would like to stamp his feet on the ground and express that he is in a deadlocked situation.

This is how the Mother of God shows it.

The bald eagle now flies over Zelenskyy and Putin. You can hear a snake hissing.

As a final image, something burning falls from the sky through the earth's atmosphere to the earth.

Then the vision ends.

#106 MESSAGE FROM MARCH 14, 2024

JESUS CHRIST „AMERIKAN INTRIGUES AND YEMEN“

Jesus appears to the seer and initially delivers a personal message.

At the beginning of the public vision, she sees a bald eagle swooping towards her. It digs its claws into her.

A terrifying and shocking moment.

With slightly narrowed eyes, it looks angrily at Germany because there is something there that it does not like to see.

He then flies towards the sun - away from Germany and makes it clear that Germany will pay for it.

The seer smells black tea with vanilla flavor.

The sun shines bright in the sky and the bald eagle appears again, flying eastwards and planning an ambush. It is pursuing a specific plan.

It does this in secret. Nobody should see it or know about it.

The bald eagle acts insidiously and cunningly in the vision, spinning intrigues and thinking about who he can set against each other. Sudden attacks and bombs falling without warning are his signature.

The picture changes and deep gorges appear between mountains, reminiscent of the Grand Canyon.

It seems as if the bald eagle is flying over its own land.

The seer hears the word "Houthi rebels" and ships sail on the sea.

She hears the word "Yemen."

First the explosion of a house can be seen and then an extremely large detonation that is reminiscent of a nuclear explosion due to its mushroom shape. A jeep drives through the desert to the scene and it becomes clear that there has been a great deal of destruction.

People run to safety. A normal airplane flies overhead.

The next scene shows hell and in it there is a wall decorated with a coat of arms.

A sword is depicted on the shield as well as an X-symbol engraved crossed over the sword.

The bald eagle is back, carrying a snake between its claws which it suddenly tears apart in the center.

Finally, a meteor over the Middle East can be seen.

#105 MESSAGE FROM MARCH 13, 2024 - IN THE EVENING

THE BLESSED VIRGIN MARY "WARNING AGAINST THE SPREAD OF WAR"

The Virgin Mary appears. She radiates great gentleness and wears a white veil on her dark hair. With a sad face, she wordlessly utters a warning.

She conveys that she wants to protect her flock and warn those who have not yet been warned, because danger is imminent.

She shows the seer inner images of fighter jets flying in V-formation in the sky.

Mary announces an expansion of the war and conveys the words "war", "expansion" and "warning", and accompanying sounds of sirens can be heard internally.

Then Mary says goodbye.

#104 MESSAGE FROM MARCH 13, 2024 - AT NOONTIME

JESUS CHRIST "WARNING TO THE USA"

Jesus appears to the visionary on this day while she is driving. At first, only His legs are visible in the clouds and then His face. He thereby confirms to her that He wants to convey something.

Now she sees Him standing in nature with a lamb. He shows her His face with the crown of thorns and various scenes from His life which appears to be superimposed.

The flogging, His crucifixion, His death on the cross.

The cross appears brightly lit. It seems to be a reference to Easter and the month of April.

She hears the date "18 April" and understands it as an announcement. It is not mentioned which year in April is meant.

Now a vision begins: spilling water and the bald eagle can be seen.

It is about acts of war and an attack that is connected with water.

The flying bald eagle can be seen again and it drops something.

Explosions can be seen in the background and the eagle is moving away from the explosions.

It seems to be caught up in them. The visionary hears "18 April " again.

Jesus bids her farewell: ***"Proclaim it."***

#103 MESSAGE FROM MARCH 11, 2024

JESUS CHRIST "JUDGEMENT DAY IS NEAR"

Jesus appears to the seer in a brief apparition and shows her inner images of a meteor.

The meteor flies over the surface of the sea at great speed.

The image changes to a person playing a trumpet. The sound of the trumpet symbolizes the announcement of the Last Judgment.

Many trumpets now play a common melody.

The meteor stops abruptly from its flight and hovers in the air. It merges with Jesus who is now standing in front of it and together they shine very strongly. The radiance is very sublime and divine, almost impossible to describe in human words. Beautiful and bright colors emanate from them.

Jesus speaks:

"My child, repeat after Me: The Last Judgment is near.

The living and the dead will be judged.

Proclaim it, child, proclaim it. Prepare your brothers and sisters. Most will not understand.

I want to pour out My love on them. I want to welcome them into My peace."

#102 MESSAGE FROM MARCH 3, 2024 - IN THE EVENING

JESUS CHRIST "DONALD TRUMP'S FORTHCOMING SECOND PRESIDENCY AND A WARNING TO ELON MUSK"

On this day, Jesus delivered two messages. One in the morning and one in the evening. In this evening's message, the vision began with a picture of Donald Trump standing on the platform where Jesus and the visionary stood in the vision of the 99th message. Donald Trump is looking from this platform at the Grand Canyon and therefore at the country of the USA.

He looks worried. He appears to be in office as president.

Fearful, worried and seeking help, he looks into the distance across the canyon. He looks around searching for people who will support him. War can be seen in the distance.

Rocket shells and chaos in the Gaza Strip and in the USA. Everywhere he looks there is chaos and he doesn't know how to deal with it.

Flooding will also occur in the USA during Trump's 2nd term.

He is trying to find a solution for his people.

Only his wife, the First Lady, is at his side.

The next scene shows a meteor or asteroid crashing into the ocean.

The vision then switches to Elon Musk, whose face can be seen with glittering eyes.

He looks up at the stars which are reflected in his eyes. He seems a little detached from the world, as if he is losing his sense of reality.

He is a very clever man and he tries to combine different sciences, according to Jesus. On the one hand, there is something ingenious about a visionary, on the other hand, he goes a little too far with his ideas, Jesus explains.

He wants to think things that no one has ever thought or imagined before him, that no one has ever dared to think, and thus transcend the limits of what is possible, overcome them and implement them in his inventions.

Symbolically, a hidden dark face can be seen behind his familiar face. As if he is not what he appears to be.

It's also about "Starlink". Musk deals with the stars, but it gives the seer a strange feeling because it is not clear whether it is beneficial and life-affirming. In the vision, he appears as if he is on the verge of madness (note: in the future?) and seems to be pursuing dark goals - as if he has "two faces." It conveys the feeling of a "double life." The superficial thinker's face conveys the impression of brilliant ideas, smart and cheeky, giving the appearance of positivity.

However, the face in the shadow has a very hard look. It conveys hardness, coldness and hidden viciousness.

The visionary sees robots running. It's as if Musk would like the whole world to implement and own these technologies, for everyone to have this human and non-human connection and have something implanted in them. It's his idea of a better world.

He believes he can enhance people with it, but it is hubris, a complete overestimation of himself.

As if he wanted to play God.

The visionary receives the information that there is an idea in his head that one could read and predict thoughts in the future with the help of his invention and that this would be helpful for people with mental illnesses for their world of thought.

Now you can see a person who has had something implanted in his head. The person is looking at a screen. On one side he has headphones with a holder that goes into his head. On his arm he is wearing a metal bracelet that resembles a wristwatch. In front of him is a screen like a large mobile phone which he can use to control his thoughts. He is supposed to be able to influence his thoughts and feelings via a kind of number diagram. The feeling arises that this is seen as an aid that Musk would actually like to have for his own mental life. This invention and Musk will receive a lot of recognition, as well as the people, who have had these things implanted on a trial basis.

It is very likely that he will develop it that far. People in the relevant circles will be thrilled. He is highly regarded for his ingenuity, for his thinking and for creating (in their eyes) revolutionary, highly developed technologies. Klaus Schwab and Yuval Noah Harari can be seen in the background. Schwab and Harari are very impressed because Musk, like them, thinks and does research in this direction. In the vision, Elon Musk has business dealings with these circles; they observe each other and work together.

However, in the next section of the vision it can be seen that these experiments cause harm to people because the technology must first be tried out. There will also be people who volunteer as test subjects who will be harmed by the test runs. There will be deaths that will not be talked about.

It is popularly said that genius and madness lie close together, and in this vision, the visionary is told that Elon Musk will move closer to madness in the future.

So it is like he is thinking a little too far, going too far, exaggerating and missing the tipping point where it becomes more like madness.

He goes too far into it and there are dangers associated with that.

He is missing something, an aspect. "He misses a point".

This message is a warning to Elon Musk, to his future self: Don't overdo it and keep your feet on the ground.

Jesus wants to tell him that there will come a certain point at which Musk will drift away. There will be a tipping point at which he will leave the last ounce of humanity behind him and literally lose all traction.

This is a warning to him about this point in the future, because he is not doing any good.

He is contributing to something bad.

Certain things are only possible because he has worked on them.

The path he is taking is dangerous and leads to nothing good.

It's a warning from Jesus to Elon Musk: ***"Think again. It's not useful. You can use your high intelligence for something else."***

***Jesus expresses his gratitude to the visionary.
In the name of the Father and of the Son and of the Holy Spirit. Amen.***

#101 MESSAGE FROM MARCH 3, 2024 - IN THE MORNING

JESUS CHRIST "HARBINGERS FOR THE REPENTANCE AND PRAYERS FOR THE CONVERSION OF THE USA"

Jesus had already indicated in the morning that He would give the visionary a message during the mass in the church. During the Mass, Jesus appears and tells her: **"Thank you for your faithfulness. Speak with dignity, sincerity and pride what I tell you."**

Various images flicker in quick succession. The image of a glistening golden lion that lets out a proud roar.

It is beautiful and radiant. Little angels with trumpets fly around it. Then one can see columns of whirlwinds on a wide field. Then a gigantic Jesus can be seen and He walks between the columns of whirlwinds.

The visionary stands there and throws herself down before Him. He picks her up and places her in His heart. Then they walk on together.

Jesus now again shows images of sky-high pillars that look like standing whirlwinds and are scattered all over the world. On closer inspection, it becomes clear that these are signs that herald the return of Jesus.

These heavenly signs emanate a powerful radiance. One day they will be erected here on earth to herald Jesus' return. They will be visible to all.

This will be accompanied by floods, earthquakes and volcanic eruptions. The stars will fall from the sky and the seas will burst their banks. At the same time, great wars will take place. All of this will happen at the same time. And these signs occurring together are an announcement of the Last Judgment.

We should watch carefully to see when these signs occur together.

In the next section of the vision, Jesus shows an airplane dropping bombs in a straight line at regular intervals. This symbolizes that the air raids from Palestine will extend to the Nordic countries and that the Nordic states will take part in wars. The Scandinavian countries can be seen on a map and the center of these countries will be directly involved in the war. France will also take an active and direct part in the war without being attacked first.

The visionary sees the Lamb of God with the white flag and the red cross.

The lamb has a slit throat and this is intended to convey the message that Christianity and the Christian commandments that characterize Christianity are being disregarded.

Countries are becoming increasingly embroiled in conflicts and wars. Those who disregard the principles of the Christian faith to such an extent will have a hard time, Jesus announces. In religious terms, you would say those who commit sins and violate the commandments, and Germany is one of them. Germany will also participate directly in the war.

However, Russia will overpower Germany with subtle and modern warfare without having to invade troops (the idea of hybrid warfare).

President Putin will issue warnings and announce the appropriate steps, which he will be forced to implement if Germany takes certain steps.

Now a vision begins in which a strong attack on the USA can be seen - an air attack. The USA is lulled into a sense of security because it believes it is far away from the middle of conflict. The USA feels too safe, which in a way can also be described as arrogant, says Jesus.

**Jesus gives a new prayer assignment for America,
for conversion, insight, enlightenment and protection from floods.**

A golden dove can be seen over America which means that Jesus wants the Holy Spirit to work even more and enlighten the souls and spirits, touching the spirit of the people who live. It is an important message that needs to be released quickly.

Jesus says goodbye with the words: ***"Thank you. Thank you for making yourself available. Thank you for your service. Thank you also to S. for her service. Don't worry and stay at peace. Stay in prayer. Go in peace."***

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#100 MESSAGE FROM MARCH 2, 2024

THE BLESSED HOLY MARY "A BIBLICAL PROPHECY COMES TRUE - WARNING TO THE USA"

Mary, the Mother of God, appears with the words that she has an urgent warning for her flock. An urgent warning for her sheep who have not yet been informed and that Mary urgently needs the help of the visionary.

In the vision that begins, the visionary sees the coast of California and dolphins in the water that are swimming along the coast and making squeaky noises. A very large ship is traveling fast towards the coast. Now one can see a nearby town and an airplane flying over it.

It has something to do with the war.

Suddenly she sees an enormous Jesus standing in a town. This represents a divine intervention for the mistakes the USA has made mainly through the decisions of politicians.

Mary announces that a divine wrath will come upon the USA which will feel like a punishment. But it is a kind of retributive justice for their actions. In other cultures it would be called karma. The visionary keeps hearing the word "Armageddon."

The vultures now circling in the vision symbolize death or deaths. A kind of dark, threatening wall of fog can be seen rolling towards the land. Another inner image of a sandstorm comes to mind. One is standing in the desert, sees the sandstorm building up in the distance and knows one can't escape it. One can only try to arm oneself and somehow survive it. A symbol of an unavoidable disaster that is coming to the USA.

This is an urgent warning to repent.

The visionary weeps bitterly and can hardly put the terrible images of destruction into words. She sees the cities crumble to dust. Entire cities crumble to ashes. They are razed to the ground from one moment to the next.

What is happening there is the realization of a biblical prophecy.

Mary says they must repent. They must repent. Immediately! Now! There's no more time!

The Americans must repent. The politicians must urgently stop fuelling the war. They must stop spreading discord.

All this has to do with the Antichrist and the plans of globalists, says Mary.

They must stop following these plans.

They have to start praying - the Americans. They have to humble themselves to God, says Mary.

Mary says that there is a very strong influence from the dark "forces" at work in the USA.

She says that the Americans need to be converted and to return to God. They must renounce materialism.

The craze for beauty, for fame, for wealth and the accumulation of possessions and status symbols, extreme materialism.

Mary says that they have to turn away from it. It is too much. They have lost the meaning of life, those who are so addicted to this materialism and are in their own bubble.

They need to find their way back to their true essence, to their divine spark and to humility and modesty.

The way they are living now is leading them into the clutches of the one who wants to and will oppose Jesus. Through this materialism, they can succumb too easily because they do not recognize it.

They are in great danger, she warns them.

Now the visionary keeps seeing the image that she had already seen in the previous message. It is the bald eagle, which symbolizes the USA and is crumbling to sand, just as she saw the cities crumble at the beginning of this vision. The decaying eagle is repeated several times in her mind's eye.

Now Mary looks at the visionary kindly and encouragingly and says that there is always hope. She makes her understand that they have chosen this. She explains that the people in the USA need to be warned and that it can still be somewhat mitigated.

Texas seems to play a role.

The influences of the Antichrist will have a very strong impact on America. This will be hard and a bad time for America. This is a consequence, a reversal of the behavior they have shown before. It is as if it is the dark side of what they have done before, turning away from God to materialism. In the time of the Antichrist, it will have a boomerang effect. It is a warning, because if they manage to renounce extreme materialism and capitalism now, it will not be so serious.

They will not be so vulnerable. But if they continue in the same way, the boomerang effect will be very intense and painful for America.

They will lose their connection to God and to humanity through the influence of the Antichrist. They will be dead inside, incapable of any human emotion, like robots or zombies. It feels colder than the freezing cold. This refers to the Revelation of John, says Mary.

What will happen in the USA is proclaimed in Revelation. In America it will be the worst compared to the rest of the world.

The Antichrist and his deeds will have the worst effects there.

Floods are coming to the east coast of the USA and these are linked to the wars. The world situation will become much worse than it is now. What is coming is not comparable.

Every day, people will be glad to be alive. One will become very humble and think something like: "Thank you, God, for giving me bread today! Thank you that I still had this tin of broad beans at home that I can eat today. Thank you for giving me my life again today, for allowing me to experience this day!"

And that will make all the difference. Only through this terrible plight, only through the fact that it will be such a tribulation, can people find their way back to God and say: "Thank you! Thank you, Lord God, for giving me food today!" Such humility can only be achieved through this hardship, Mary explains. Without this existential plight, you would not come to the point of asking yourself questions like: "Maybe there is a God after all. Maybe there is something besides myself." This is especially true for the USA. It is only through the plight that they come back to a fear of God, a gratitude towards God, a humility and a trust to be able to say: "Yes Lord, if you think it is right for me to live in this war now, then I leave it to you."

On the contrary, the very pure souls will receive special protection.

They do not need this tribulation because they already know that God exists. They are already in contact and they communicate with Him.

They do not need this hardship and therefore they will have special protection. The pressure will be increased for everyone.

It will become much more unpleasant and the world situation will escalate completely. We are seeing a world war.

Airplanes flying all over the place. Everyone is fighting against everyone and with everyone.

From these wars which eventually will become a major war, will give rise to the three pillars of power.

These are three centers of power that rise out of the earth like pillars and form a triangle.

This also has to do with the biblical prophecy. This is the time! Now is the time of biblical prophecy! And there will be great distress!

Great distress!

Mary would like it to be repeated again, for anyone who has not yet understood:

"NOW IS THE END TIMES. Right now, in the time we are living in, is the end times. The biblical prophecies will come true."

This is also a warning from Mary to the people to position themselves correctly now and to put themselves in the right place. She emphasizes emphatically:

"NOW you must choose! You must choose who you want to belong to. Because there is not much time left to choose. The window of opportunity will close at some point. And tell the people around you too."

However you put it. Tell the people around you that they have to decide who they are for."

Whether they are for Jesus or against Jesus. A or B. There are only these options left. The noose will literally tighten.

Once again, Our Lady lovingly calls on us to turn to Jesus.

"Decide in favor of love, in favor of purity, in favor of truth, in favor of life. Make a decision."

Mary says goodbye.

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#99 MESSAGE FROM FEBRUARY 14, 2024

JESUS CHRIST "EMP IN THE USA"

After a personal message, Jesus turns to the visionary:

"Listen to Me carefully. The war is coming. The war is coming. It will shake you. I will need your help."

Then a vision begins that takes place in the USA. Jesus and the visionary are on a viewing platform at the Grand Canyon. From there, you can see far and wide over a slightly hilly landscape in orange tones. In the distance, the sun and the full moon rise and set three (3) times in alternation.

Until the sun stops in the sky at midday and spreads its warmth.

The visionary sees herself standing on the viewing platform and water begins to spread across it. Like at the sea, when the tide hits the beach. The water is unstoppable and there is no escaping it. After the water has covered half of the platform, an image of President Putin's upper body appears floating transparently above the water.

Putin looks out over the water and smiles mischievously as the water steadily spreads out.

A kind of glider flies over the scene, dropping an elongated bomb on a tiny parachute that sinks inconspicuously into the picture.

Jesus invites the visionary to take a closer look. He stands with her at the edge of the action. Now, as if in slow motion, a very large, high wave flows onto the platform. As if it had slowly grown bigger and bigger and finally piled up very high. Standing in the wave is the current presidential candidate Donald Trump.

Then the picture changes. A man with a knife enters the picture.

He tries to cut the brown bear's throat with the knife, but is unsuccessful. It is reminiscent of an attempted murder.

The image of a bald eagle appears twice as a clay or ceramic figure. The figure slowly crumbles into sand and falls apart completely.

The head falls off, the wings break into pieces and sand seesaws to the ground until there is nothing left of the bald eagle.

The scene changes again. You look out over a soot-blackened landscape with burnt and destroyed houses and burnt-out cars. In some places, small clouds of smoke rise up like after a fire.

A terrifying sight. A large stretch of land lies in ruins - as far as the eye can see.

The seer asks where the rubble is. A street with a saloon on it is added to the scene.

A cowboy walks past it. He is wearing a classic cowboy hat, jeans and a shirt.

The seer understands this as a reference to the location - "where the old Wild West was."

The cowboy seems to be looking for something. In the background there is now an obviously very old American car with very old headlights, the kind that are no longer used today.

The scene looks like "the Wild West" - as if only old cars could be used.

The car drives into the town, which is burnt out. The fire brigade arrives.

The term "EMP" is repeated a few times. Another picture of Putin can be seen.

He laughs as if amused. As if he's taking malicious in it. It looks like an attack on the USA.

The visionary now travels with Jesus even higher above the scene of the event, as if on a mechanical platform. He asks them to look closely.

They are standing on a kind of turret, almost at the height of the clouds, looking out over the vast land of the USA. Then the view changes to the sea, to a very large ship traveling at an unusually high speed for its size. It is as if it has lost control - as if remote-controlled. It races towards land at extremely high speed.

There it explodes.

The next section of the vision shows a storm brewing and raging water. The sea becomes turbulent and the waves pile up.

Seagulls sit on a railing and the storm bell rings next to them.

People are told to go into their homes. It's the east coast of the USA. Miami Beach.

Dark clouds gather and a threatening wind rises. The visionary hears English words again and again:

"A storm is coming. A storm is coming to the USA. A storm that cannot be forecast." It is a storm that cannot be predicted by the weather forecast.

"A storm is running through the country. A storm that has nothing to do with the weather. A storm is coming. Beware!" A storm is sweeping across the country. A storm that has nothing to do with the weather. A storm is coming. The map of the USA is shown next. The focus moves to a location or state in the far south of the United States on the border with Mexico, in the center of the map or slightly to the left of it.

A kind of bomb is dropped on this state. It covers almost the entire state. The explosion is black and red. It is comparable to a burning cigarette that burns paper in a circle when it is pressed.

The visionary receives orders to write to certain officials in the USA and warn them of these events.

She is also told to give them the date April 16th.

Jesus says: ***"I need you. I need you to warn the Americans. And if you lose heart, call Me!"***

In the name of the Father and of the Son and of the Holy Spirit.

#98 MESSAGE FROM FEBRUARY 11, 2024**THE BLESSED VIRGIN MARY "TRUST IN GOD'S CARE"**

During the prayer group, the Blessed Virgin Mary appears with a crown and a gentle smile. She radiates great love and kindness. Your gentleness and heart fill the room. Without a word, she conveys her personal assurance that we are all under her care. Mary asks that you leave all worries and fears to Her and give yourself completely to the divine. She explains that there is no need to give space to fears or even allow fears to arise. We are completely enveloped in divine love and security.

Maria wants us humans to trust that everything will be taken care of. Every conceivable situation, every eventuality is protected and directed by God, she says. Even the greatest catastrophes, be they global political, war-related or in the personal life of each individual, are protected and directed by God.

God holds all the power on earth and can work miracles. If He wills, we will remain intact no matter what happens. So we shouldn't despair, because Mary won't leave her sheep out in the rain.

She emphasizes that everything is more okay than we can imagine from our human perspective.

#97 MESSAGE FROM FEBRUARY 4, 2024

JESUS CHRIST "CONVERSION WILL PREVENT THE THIRD WORLD WAR"

Jesus is present many times throughout the day. During the group's prayer time Jesus asks the visionary to kneel down, which she does. While praying, she again sees pictures of animals.

Jesus now says: ***"What I tell you is important. Listen to me carefully. Danger is imminent. Danger is imminent. Danger is imminent."***

She then hears the screeching of a bird of prey in attack. The bald eagle swoops down from the sky to attack and then fights with a bird that resembles a falcon. In the vision, however, this bird is only slightly smaller than the bald eagle. The bird has light brown feathers with spots. The two birds of prey stood on the ground and fought each other with their wings and beaks. The fight looks threatening and frightening. Meanwhile, a snake arrives with which the bald eagle also fights. A determined-looking tiger appears, standing on red sand with tall, dull green grass growing on it. It runs towards the seer, comes very close and then disappears.

Inwardly, the seer looks upwards. It's as if she could see into the sky. The bald eagle is circling above her, as if it were spying on something. It drops something and seems to be in a combat fight.

In the next moment, a jet can be seen taxiing over a military base. The sound of an explosion can be heard.

Jesus says: ***"It begins, child of truth. It begins. The last fight, the last battle."***

An African landscape with light-colored withered trees and a lot of dryness can be seen. On the horizon, one can see the sun rising and setting three times from left to right.

The eagle can be heard again and again screaming to attack. He holds a snake between his claws and flies it high up, strangles it and then drops it. When it hits the ground, it suddenly becomes huge - bigger than a house. It is furious and angry. Its eyes are not black, but rather whitish.

The snake crushes surrounding towns and houses with its body in its rage.

It seems as if it is looking for someone in particular.

The bald eagle attacks the snake again from above which is now many times larger and tries to injure it with its small claw, but is unsuccessful. It's too big for him and its skin is too thick. The snake hurries to reach its destination. It glides quickly through the light-colored sand, which is reminiscent of a desert. Now a very large missile hits and splits the snake into a thousand pieces.

As if to replace it, another much smaller snake appears. It crosses narrow tunnels just below the surface of the desert and remains undetected.

It reaches a military base, at the gates of which a soldier stands guard. The snake listens in on the conversations of the American soldiers there - as if they were spying.

In the next vision, a city in the Middle East appears where bombs are detonating one after the other from right to left like a chain.

The houses collapse one after the other.

Jesus tells us that there will also be water shortages and contamination from the war.

The wells are empty. He announces that the war will last for quite some time. The population will suffer greatly. Ordinary people who have nothing to do with it and just want to live peacefully.

The poorest of the poor. Their children have no water and are dying.

In the next picture an immense tornado can be seen. It is a symbol of something that sweeps everything away. It is very threatening and is getting bigger and bigger. The pull gets bigger and bigger and engulfs everything around it. In the vision, the visionary is caught and flies with the vortex. It is the pull of war that is getting bigger and bigger. An announcement that Germany will also be affected to some extent.

The tornado has started in the Middle East and continues to sweep westwards across the map, across various countries, leaving a trail of devastation and death. Where it sweeps through, grass no longer grows, as they say.

Now the German Chancellor Scholz can be seen speaking. He is wearing a suit and a bright red tie. Jesus conveys that the Chancellor is failing to protect his country. This has to do with dependencies and bondage to other countries.

This has a financial background. He has political and financial interests. Joe Biden and Olaf Scholz now shake hands. President Biden suddenly turns around and gives Scholz the cold shoulder. It seems to be about military aid that is being denied or withdrawn. Biden turns his back on Scholz. Scholz did not see this coming and was shocked. After a while, Scholz also turns his back on Biden and moves away from him.

Scholz walks away confidently and is convinced that he can find a solution and take care of it.

The feeling of world war arises again. Many military aircraft fly over Germany. They fly in confusion, as if everyone is fighting everyone else.

Out of this chaos, this one person will emerge. A man with a treacherous glint in his eye - the Antichrist. He will rise from the ground in this chaos like a huge mountain.

He appears glorious and brings peace to those involved in the war. However, he is not trustworthy.

He will cause destruction in his own way.

Sweden. War.

Now aviators can be seen painting President Biden's face in the sky with colored smoke and the US flag. It seems to be omnipresent and conveys a feeling of what it must have been like in the Second World War - American soldiers in Germany. A tank then rolls through the picture with American soldiers standing on it and they exude a dark atmosphere. It seems like they are on German streets.

Marching songs can be heard.

Jesus now warns:

"Be warned, my children. Be warned. Nothing will be as it was. And yet these are developments approved and permitted by God the Father."

There is a sense of advice that resonates with food supplies, water, bandages, heating facilities for the home. Stock up on firewood, coal or lighters. An emergency is declared: "This is not a drill!"

Jesus says goodbye with the words:

"Do not despair, my children, for those of you who believe in God will lack nothing. I have said it before and I will say it again.

I am peace, I am life, truth and love . And whoever believes in Me will lack nothing.

Whatever you did to the least of My brothers, you did it to Me.

Be careful, My children. These are words of warning for you. It does not have to happen like this. These are words of warning.

I ask you to repent. I ask you to convert.

This is how it can be prevented."

In the name of the Father, and of the Son and of the Holy Spirit. Amen.

#96 MESSAGE FROM FEBRUARY 1, 2024

JESUS CHRIST "ANTICHRIST IDENTIFICATION MARK"

During the fourth day of the prayer campaign, Jesus appears. In a vision, He shows meteorites falling into the sea and stars falling from the sky like little silver buttons, as if they were falling from a dark blue velvet blanket.

A new person on the world stage

Jesus begins to speak about the Antichrist. This message seems to be a preparation.

Jesus tells us that this person will appear soon.

This dark figure will appear without being recognized as dark. The visionary is presented with a hologram of this man. It is explained that he is like a wizard who has very powerful eyes that can "bewitch" and exert mental control. He can control people's minds. He has a very strong mental power, but he only uses it entirely for evil.

The Antichrist will soon be visible on the world stage. It will be an event of international significance. Jesus wants the visionary to warn people about him once again.

Jesus warns of a new and charismatic person who will appear, who uses beautiful words.

This person is almost unknown. He steps forward from the background and people will look on with excitement and surprise.

He is not known before, as if he were newly born. As if he had suddenly fallen from the sky.

Beautiful words and brilliant ideas

It's easy to fall for him. This person will use beautiful words and present fantastic ideas, as well as brilliant prospects for the future.

There is glamor and glory emanating from this person, which he at least wants to convey because he actually has no glamor at all.

He is bad through and through. What this person says and how he presents himself radiates an irresistible glow.

He likes to show himself off and is in love with his being beyond measure.

It seems as if he is highly advanced, well-traveled and extremely well-informed.

What he says is intended to give the impression that he is highly cultured and sophisticated.

He considers himself to be the crown of creation - his ideas, his views. There is nothing above him in his perception and that is how he presents himself. His ideas are captivating and motivating.

When you listen to him, it is very easy to be gripped by him.

He wants to steer people in a certain direction with his words. He's extremely manipulative and it's very dangerous because you can't see through it at first. Someone who acts nice and friendly, but isn't on the inside.

This is a warning from Jesus!

"Stand back when you realize there is a new person on the world stage."

It is someone who will be seen everywhere. The new shining star in the firmament.

It will seem as if everything is marvelous and as if the world has been waiting for him.

A new player

"Watch out when someone suddenly becomes internationally famous."

Nobody knows him. He is introduced and seems to be given a position by others.

He skillfully manipulates so that certain people get certain positions.

He is then apparently given a position by these installed people.

He influences and schemes everything like in a chess game.

He pulls his strings like in a spider's web.

A very complex interplay, which he knows how to use to his advantage.

The leader the world has (supposedly!) been waiting for

He will hold a global position. This position will have international relevance.

He moves the masses in a different direction so skilfully that they don't notice.

It is a gentle arc in which he changes direction very delicately and unnoticed, in the direction he wants. He will be able to reach people with it. They will feel addressed by all this and be full of enthusiasm. They will say: "We have been waiting for this leader! Where has he been all this time? This is our man! He will lead us all to salvation!"

It is as if he is the new Messiah. The Antichrist leads in a certain direction - to destruction.

He will not bring any improvements, even if he presents himself as such.

One will think he is better - hopeful and promising.

"It's a bright future he can lead into and he's the only one who can! Oh how glorious he is!" - many will think.

Caught in a trap with black magic

He will lead people away from the light and they will not notice it, at least not the great masses.

There will be those who will notice, but they will be the fewest. Just as it has been at other times. Those who see through him will be ostracized.

He tries to pull people into a kind of dark, black magic. He draws them further and further into his world.

You can describe it like this: He is still in a fairly brightly lit room and from there a door leads into a tunnel. The further you go into this tunnel, the further you get from the light and the tunnel becomes darker and darker. At the end of the tunnel is a dark room with no light.

That's where it leads into.

At the end, it's as if a mouse trap snaps shut, trapping you with black magic.

But you don't realize it at first. You need a certain nerve and mental strength to get yourself out of this situation.

You can also compare it to the story of the Pied Piper of Hamelin.

It's as if the Antichrist has his own magical melody, his own magical pull that casts a spell over you. It's very hard to resist because it sounds so marvellous. It's so tempting that you think you'd be stupid not to follow it.

Faith is the only weapon against the Antichrist

You need a strong faith, because faith gets you out of this "black room" into which the Antichrist has dragged you within a fraction of a second.

When you realize: "I feel terrible. What has happened to me? I can only look at this man. I just want to think about his ideas. But somehow it's unpleasant. It makes me feel bad."

When this situation arises, Jesus advises you to turn to Him, to His Holy Mother, to God or to His guardian angels. In any case, you should look "above." That is the strategy. This will help.

A patient hunter

The next section of the vision shows a map of the Middle East, the Jordan region, Iran, Iraq and Syria.

The war there enables the Antichrist to literally "get a foot in the door".

It allows him to get into the game, to get involved. All this is in preparation.

Again, he is like a cat in front of a mouse hole, waiting extremely patiently. Cats can wait for hours for their opportunity. He is a good hunter.

For example, the visionary's cat waited for years until its hour had come and it managed to capture the family's budgie at night.

And so it is with the Antichrist. He waits for a certain constellation, favorable circumstances so that he can take advantage.

He is shown to the visionary once again. He wears glasses. He can be seen as a hologram again.

Jesus asks us to pay attention to our gut feeling when the person described enters the world stage - at the same time, your stomach may tighten, you may have a strange feeling in your stomach. Sensitive people may be able to sense more quickly that something is wrong.

A smile that makes your blood run Cold

Perhaps it can be compared to the smile of the "Joker" character in the film "Batman".

It's a very wide and nasty grin. It looks disgusting. And the repulsive feeling you get when you look at it is the same as the smile of the Antichrist.

A smile like that must be a warning. That's why it's important to pay close attention to the signs, because it won't be long before he comes.

He is already preparing himself. He's just not visibly there yet.

The "new Messiah"?

His global political ideas will seem very nice and it will look as if he is being helpful.

He will also be portrayed by others as a very special person, as holding a very special position and he deserves this position. They will claim that he can do a lot of good for everyone.

He has the special trick, the decisive idea to bring peace, to establish peace. It will actually be as if he were the Messiah. Which of course he is not.

But it will be portrayed that way and he himself will also portray it as if he were the second Messiah.

"He is the savior. He is goodness personified." As if he were the second Jesus. There will be voices claiming that he is the reborn Jesus Christ.

A new religion

Then it will go in the direction of religion. He offers to follow him. He also seems to have fabulous ideas about faith. A new religious community or church will be formed.

It will be revolutionary ideas, religious revolutionary ideas, as if the existence of the old church is completely outdated and obsolete.

He will say something like: "I am Christian. Believe in me. I am the gospel. But I am the new gospel! Suffering, standing up for others, suffering for others and even dying for others, that's ridiculous. Who else does something like that? We'll do it differently now."

Here too he will also manipulate cleverly and do something with the institution of the church. He tries to lead people down his path - away from Jesus.

This man will start to interfere in terms of faith and he will want to take us away from Jesus.

He will start to reinterpret everything.

God can also be interpreted differently. Like: "God, what is that anyway? Isn't it actually something inside us?" He will spout unbelievable nonsense. But people will believe him.

It will start gently, but the pull of this person will become stronger and stronger and only when it is too late will you realize that you have fallen into his trap, that it is harmful. At some point, his statements, ideas and actions will become more extreme and worse.

He will introduce very violent things. However, by then it will be too late because he will already be commanding the masses.

It is extremely important to Jesus that we recognize the Antichrist.

Only prayer helps

What helps out of the pull is praying, praying and praying again - connecting with God.

Nothing else will help. Establish a connection to heaven in some way.

As soon as you realize it, you must immediately establish a connection above, to the pure source of love, to the light.

The source, the creator, God, the light. The light will set you free.

The vision shows how someone is sitting in their room and is completely absorbed by it.

One sentence is enough: "Jesus, you have to help me!" Thought or spoken and help is immediately at hand. Jesus will intervene very strongly during this time. Individually, personally, with every person.

He will be there - always.

But it is of crucial importance that you ask Jesus, the Light, for help out of your own free will.

There is only one God

The next section of the vision shows a mountain on which the Antichrist stands. It is reminiscent of Moses who received the ten commandments. This man also wants to enact it. The Antichrist will stand on this mountain, stretching his arms upwards, towards a lightning bolt. This is an exciting event. He will pretend to have an epiphany. He will claim to be God.

Jesus wants to remind us: There is only one Jesus Christ! There is only one God. He always remains the same and it doesn't matter what name he has. God is always the same. There is only one.

It won't be this man! It is very important to Jesus that this is observed.

The visionary feels Jesus' presence, she feels His love. It is very simple and yet very powerful. He is like a friend. He comforts us when we are feeling bad. He builds us up. He shows us ways. He warns us humans. He is both incredibly great and incredibly simple at the same time. He would never present himself in this manner. The appearance, the theater, the acting, the bang effects with drums and trumpets - the Antichrist loves to make a grand entrance. Extreme caution is required.

The visionary hears: "Mount Sinai." She sees him standing on Mount Sinai. He has a goat with him.

He organizes a grand staging of himself with light effects and flashes. He wants to demonstrate his supposed divinity and superiority - how outstanding he is.

There is something threatening about this spectacle. It is intended to lead people away from the good, to confuse them. He wants to drag all people into the abyss. He wants to lead all people into darkness. He wants to lead them away from faith, from what they really are.

To distract them from their divine spark. He will supposedly achieve this for a while. Until Jesus appears and puts an end to the dark deeds.

But it will be some time before then.

Persecution of Christians

The Antichrist will be on the lookout for Christians. He will not only try to confuse people to the extreme and get them to follow him in matters of faith. He also wants to wipe out everything Christian, everything that reminds people of Jesus in any way. Anything that has to do with Him, all His followers, His church, His community of faith - must be burned, banished and destroyed. He will be on the lookout for Christians and persecute them. He will use violence, because in truth he is a very cruel man.

Bringer of peace?

The visionary sees his image standing on a pedestal that is constantly moving upwards.

He will not be in that position right away. He will rise over time - across positions.

He will remain in the same position and this will become more and more important.

He will initially appear very inconspicuous.

At first he will be the bringer of peace in the wars. It will be said that he will bring peace to the strained world situation - the wars that have broken out.

These will spread like wildfires across many more countries. It will take up more and more space, as if everything will be on fire at some point.

He walks through these flames, but he doesn't mind. Because he comes from hellfire.

He can walk through the fire because he is made of hellfire. He will pretend to put out the fires.

He is like a wizard who can command fire. The fires, like the wars, will calm down as if by magic.

The visionary sees him on a map and everything around him is on fire and he snaps his fingers and the fire extinguishes.

Take care of your children

The next section of the vision shows a mother handing over her baby to someone.

She thinks someone might be helping her with her child. Then other children with darker skin, dark hair and eyes of different ages can be seen. They sit together.

The Antichrist takes these children into his teaching. It is as if he is bewitching them.

They now also have strange eyes like his. One little boy in particular has very red eyes.

A market-shaking sight. They are targeting the children. Caution is advised.

This is a warning to all mothers and parents. Take good care of the children at this time!

Jesus: ***"Pass on my blessing, child of truth. Pass on my words. Do not be shy. Time is short. Thank you. Pass on my words!"***

Jesus embraces the visionary with His love.

In the name of the Father, and of the Son and of the Holy Spirit. Amen.

#95 MESSAGE FROM JANUARY 27, 2024**JESUS CHRIST "A POSSIBLE ESCALATION: A NUCLEAR ATTACK ON THE USA"**

Jesus appeared to the visionary many times briefly and wordlessly throughout the day.

He came to the prayer group again and sent various pictures of very angry animals.

A very angry brown bear was seen coming towards the seer on all fours and snapping in the air at the visionary. It is attacking.

A snarling and very angry lion also appeared. The lion is extremely angry. This is an angry snake. The bald eagle also appeared as an inner image. The magnificent bird of prey was the only one that was not angry. It was circling.

The circles it drew became larger and larger and were deliberate, well thought out and planned. It expanded its flight circle.

Now the eagle's eyes are up close. They are searching and very observant.

The American President Joe Biden now appears in a picture. He is in a good mood.

He shakes hands with a man who looks like an Arab and is wearing a red and white checkered headscarf with a black ribbon.

It seems to be about weapons - some kind of deal.

Both have large weapons next to them. The two men look very satisfied. This refers to the war in the Middle East. North and northwest of the center of conflict and even further north.

Jesus explains that it is about fueling the war, expanding it and "pouring more oil on the fire".

At the same time, the bald eagle also flies over these countries to the north and northwest and drops bombs there. It seems as if it is attacking the countries and supplying them with weapons at the same time.

Jesus speaks personal words to the visionary:

"Thank You. Listen to Me carefully. Listen carefully to what I am going to tell you now.

Make haste to bring out the messages. These are urgent messages. These are urgent times. These are turbulent times.

I am showing you what is coming and if you want, I will show it to you for a longer time.

Entrust yourself exclusively to My Heart. Come into My heart, beloved child, and know that you are safe there for all time . Trust My guidance.

You have a great responsibility. But know that when you are secure in Me and that when you dwell in Me, you cannot go wrong.

Are you ready to see a little further?"

She affirms.

Jesus asks: ***"Are you ready to give warnings?***

Are you ready to proclaim your faithfulness to Me? Then come!"

Another vision begins and the seer is now in the skies.

She sees a bald eagle flying high and fast in the air, transforming into an American fighter jet.

Its white paint glistens in the sun. In it sits a fighter jet pilot who is very focused.

In a distance, in the background, there is a large explosion.

The jet turns slightly and flies in the direction of the fire. This jet drops more bombs there and flies on to the nearest sea (note: Red Sea?).

A prescribed route is given to the pilot. He now turns to the right. He has completed his task and flies back to his base.

Now a large stream of jets comes. Some of them hover very close and shots come out of the drums on the right and left towards the seer.

It is a symbol for an attack. The location is not to be revealed. People can be seen running away in fear. The tip of the jet glitters ominously in the sun.

Now the bear can be seen on all fours. It is angry, roars, bares its teeth and strikes with its paw, which is tantamount to an attack.

It is not defending, but attacking.

Now he is very angry. It will take time for him to calm down. It is as if he has lost control.

The image changes. A rocket in a device is extended. It moves from vertical to diagonal - ready for launch. It is a white missile, red at the top, and it appears to be a nuclear missile. In this vision of a possible future, President Putin is toying with the idea of using it.

For over a year, the visionary has been receiving warning messages of the spread of war.

It is now being communicated that the time is gradually approaching when Putin's decisions will become more emotional and less guided by common sense.

Now an even larger intercontinental ballistic missile can be seen. It gives the impression that he wants to use it. It is a clear threat on his part to deal with it so publicly. It's as if he wants to remind us what military options he has and is prepared to use them.

In the next part of the vision, we see that Putin has decided to use the missile.

It appears to be a nuclear weapon. A smaller mushroom cloud can be seen in America, ie a nuclear detonation. In this development in the future, Putin has lost his nerve. Another nuclear explosion can be seen. This is a warning for the Americans.

Jesus asks us:

"Pray! Pray for America. Pray for the protection of the people.

Pray for 12 days.

Call for this. Time is short.

It can still be averted. But there is not much time left.

Pray for peace.

Pray for understanding of peoples.

Pray for the rationality of those in power.

Pray, my children! Pray!

Pray for an hour every day.

Make an appeal and ask for the help of other prayer groups, may they also pray for this.

To avert these events. Prefer this message.

Start on Tuesday, January 29, 2024.

Continue your prayers for England's protection. They may be shortened to 15 - 20 minutes daily.

Go in peace."

In the Name of the Father, and of the Son, and of the Holy Spirit. Amen

#94 MESSAGE FROM JANUARY 24, 2024

JESUS CHRIST "RUSSIAN AMBUSH AND WARNING OF A WORLD WAR"

Jesus appears and confirms His presence through a vision of His way of the Cross.

A powerful whip lashes across His back and then He carries the heavy cross. It is very laborious to move it. The crown of thorns presses painfully into His scalp, while the blood runs down His face and drips onto the ground. These images can be understood as confirmation.

Jesus then gives the seer an urgent warning. It is about the latest conflicts.

He warns of military aircraft, fighter jets and air raids over Germany. Once again, the bald eagle can be seen circling in the air. It stands for the USA and the current government. Then the bird swoops down. In the next sequence, the brown bear appears, symbolizing President Putin and Russia. The bear creeps along the edge of the picture. Like a thief who has just stolen something, but walks out of the store as if he were a normal paying customer. He appears inconspicuous and seemingly innocent, but he is not. Jesus emphasizes once again that the following message is very important.

Now a military plane can be seen and it is dropping something. Planes from the NATO alliance are flying in the sky. Then the image of the bear appears - he hits with his paw. It stands on its hind legs and straightens up. It is a threatening gesture.

Then NATO drills can be seen. They (the NATO partners) know fully well that they are annoying the bear, but they do it anyway. The German Minister of the Interior apparently plays a role in this because she continues to speak out in favor of opposing Putin and his policies and thus continuing to risk irritating him. But Jesus explains that she is also being used, as are her colleagues in the "traffic light coalition". They seem to be like puppets hoping to gain some kind of advantage from this political course.

In the next part of the vision, the bald eagle can be seen. He flies and holds rounded black bombs in its claws. He drops them. This leads to more and more explosions, attacks and destruction. It spreads to the northeast.

World War

The bald eagle attacks several countries. More and more state alliances are forming in war, for defense or attack. However, this is not taking place in Russia, but in the conflict zone of the Gaza Strip and in the neighboring countries of the Middle East. A burning red, white and green flag with a bird appears. In this vision, the USA behaves like a flaming firebug. They have fueled all conflicts and continue to do so. Now a cobra can be seen, which lines up and then flees. It is about Iran.

The next part of the vision shows a military aircraft over Düsseldorf. Many airplanes can be seen that are part of the military field training exercises. The signal this sends out to the world is counterproductive for peace. People believe or hope that it will be accepted that Europe is arming itself, that NATO is testing its fighter planes and that everything will be accepted. It is believed that in this way one can demonstrate its combat power, superiority and strength. While one thinks this is proof of one's strength, other troops scurry around. While everyone looks up, no one looks at the ground. Everyone is focused on the aerial spectacle in the sky.

In the shadow of these military air training exercises, an ambush is being prepared. Secretly, under the protection of darkness, men from Russia who are sent by Putin are sneaking into Germany quickly and unnoticed.

It is as if they are following the principle of the Trojan horse. They hide and suddenly appear unnoticed.

It is a nocturnal invasion. The image of a full moon appears repeatedly.

Now the Russian president can also be seen sitting at his desk and communicating with his invading troops. That will not be all from Putin's side.

"Revenge is best served cold." is roughly the motto. Where applicable, we can expect more military action from him, according to Jesus.

It is as if these were his response to the decisions of German politicians.

Putin just reciprocates - from his point of view.

Jesus explains that German politicians are misguided. Not everyone knows about it or moves in these certain circles. It doesn't affect every politician.

It seems as if certain politicians are completely indifferent to what content is presented to them.

They seem superficial, ignorant. This refers to very specific selected people in politics, such as Mr. Habeck, Ms. Baerbock or Mr. Hofreiter.

Jesus explains that they have committed themselves to what they believe is a "higher purpose".

They have committed themselves to the ideas of a specific person. But these ideas could drive Germany to ruin and, according to Jesus, it will.

These politicians don't seem to care about that either because they have a bright unified future in mind in which states no longer exist.

It is all about the dissolution of state borders. That is why these politicians accept everything because in their imagination everything will be united in the end. The whole world is one country and this would be a kind of ideal state.

All countries should merge together. A glorious future perceived by its supporters which springs from the mind of a celebrated person who is regarded as brilliant.

This someone is a kind of "Messiah" who shows them the way. Someone they see as a "Messiah".

In their eyes, he is wise, admirably clever and radiant. That's how it seems to these people. They believe that this person is exceptionally wise, almost omniscient. They have great admiration for him.

He seems smart in their eyes, has revolutionary ideas and is someone to follow.

So everything is fine from their point of view. According to the motto: "Then the economy will just collapse. Why not? It will all be one in the end anyway. Everything will be fabulous."

However, these political players don't understand that they are just being used. And if they don't do it, then another willing person will be chosen to implement all these ideas and submit to it.

People who have no conscience do not ask themselves such questions. They are only committed to their own values and their own wallets.

The population is of no interest to these people because there are enough people in their eyes. "If some perish, there are enough others in the world." - that's their attitude.

It is about the ideas of a person with delusions of grandeur on a frightening scale.

He believes he can rule the whole world. It seems to be Klaus Schwab.

He is absolutely convinced that his ideas are moving the world in a good direction and that these changes are necessary.

The public can view their plans and ideas on the WEF website.

However, there is still influence from people and groups whose names are not known. People who are not in the public eye, but who nevertheless have an important influence.

It's not just the Klaus Schwab agenda. There are other things that come into play, as Jesus emphasizes.

In the name of the Father and of the Son and of the Holy Spirit. Amen

#93 MESSAGE FROM JANUARY 12, 2024

JESUS CHRIST "WARNING ANIMALS"

The seer had briefly gone to church that day to buy candles. To linger, she sits on a bench. There Jesus appears to her and this different trance begins again, which goes deeper and causes more dizziness.

In quick succession, mental images of various animals appear:

- 1) a brown eagle or hawk (larger bird of prey) fighting with a bald eagle in the air
- 2) an angry brown bear flailing its paw and baring its teeth menacingly
- 3) three angry cries of an eagle ring out, which make the seer think of "attack"
- 4) a tiger hisses aggressively and hits with its paw

After the animal images, inner images of large bomb explosions appear.

A city appears to be affected. A flying fighter jet crosses this scene and he shoots.

This is followed by further air strikes and rocket fire. The seer hears "Iran".

Jesus asks them to quickly pass these impressions on to people.

When she says goodbye, she shows her his usual sign with two fingers.

#92 MESSAGE FROM JANUARY 9, 2024

THE BLESSED VIRGIN MARY "AIR RAIDS & THE END TIMES"

The Blessed Virgin Mary appears that evening during the prayer group in which S. and the seer took part together. S. had also noticed Mary during the prayers, in her heart for the first time. A very tender and loving feeling, as if Mary had placed her heart into S.'s. As if you wanted to let S. physically feel your fine, loving and calming energy.

Mary wears a long, sweeping dress and a very ornate large crown, as depicted in some places, with long spikes that look like ornate rays of sunshine. She is beautiful, flawless and pure. Her face has a fine, mild smile. It is a very subtle energy that is difficult to grasp. She approaches the seer somewhat and radiates this warmth and softness - like a very loving mother. A mother who envelops you in love so that there is no doubt that you are completely loved, protected and safe in all aspects of your being.

Maria says: ***"Thank you for making yourself available, my beloved child. How far you have come. How much I thank you."***

She announces that she will continue to need their help. Maria emphasizes that time is of the essence, then she begins with the vision.

Together with the seer she goes up a short basement staircase; She carries a lamp. Somewhere where military planes are parked in a truck bed, they come out together. It's an aircraft carrier. They appear to be white jets being transported on the aircraft carrier. Rockets hit there.

It's a warning. A warning from Mary. More and more bombs are being dropped there. A siren can be heard, sounding the alarm. A sudden air raid. Military jets attack and suddenly the face of Russian President Vladimir Putin is visible. It's about the war. Putin rubs his hands with a slightly malicious grin. As if he assumed that no one expected this attack.

Then a rolling tank can be seen. He shoots. The image of a wide, elongated area can be seen. There is a war there that is spreading westward. Explosions can be seen everywhere.

The word "peace negotiations" can be heard. Peace negotiations will take place.

Mary is filled with sadness.

You can see a growling wolf running back and forth and even more wolves appear in a pack with him. He bares his teeth.

Now the vision of the fireball falling from the sky is repeated several times and it falls into the pack of wolves, who shy away.

The ball floats in front of the seer and it is as if it spoke a language of its own. She has a certain beauty, a grace. She is subtle, aware and when you open up to her, you also feel the kindness in her.

It comes from a biblical prophecy where the stars fall from the sky. The end times. It is as if Mary is saying that She – Mary – is leading through the end times. She tries to get everyone on the path who is open to it. She tries to reach everyone, ignite every light and also give hope. She is a shining star in the firmament. She is the Mother of God, She is the Queen of the Angels, She is the Queen of the Prophets. Maria wants to let people know that she is there. She wants people to confide in her. That they trust her; that it can take people's worries away. She advises all of us to let you shine for us instead of trying to solve everything ourselves and having to be your own light.

She is a light we can follow. She is the lighthouse by the sea when the storms go. She shows the way through this time. She asks Christians to find their way back to Christianity. She asks to revive faith. She asks to find her way back to God because that is the way through this time, she explains. Faith sustains. Every single personal connection to God carries through THIS time. She rules over the stars, she rules over the seas, she rules over life, over new life. She has great power and great goodness. She is the mother of all nations and she wants to see her children in peace. She reminds us that we find peace in silence and in prayer and that we find peace in Jesus.

If everyone behaved like Jesus, there would be no war, she warns. Then everyone would understand everyone. Then everyone would have compassion for everyone. Then everyone would try to heal everyone, help everyone, share with everyone, break bread. Then there would only be love. And this is what a world would look like that acts in love because it is not interested in its own advantage. Because she wants to give, not take.

Mary encourages us to go into silence, to meditate on Jesus, on his way of life. This can be done in prayer, by saying the Rosary, or by walking in silence and concentrating on Jesus. To call Jesus to yourself inwardly, to connect with Him in your heart in order to be a light to others, to be inspired by Him, to be guided by Him. This is how one can achieve true peace by becoming and remaining aware of this connection to Jesus.

Go in peace, my children. Go in the peace of the Lord.
In the name of the Father and the Son and the Holy Spirit.
Amen.

#91 MESSAGE FROM JANUARY 7, 2024

JESUS CHRIST "EXPERIENCE OF A FAILED TRANCE"

On that day the seer attended the mass for the baptism of Jesus. Children were baptized there. She felt His clear presence next to her and a great tiredness came over her. For a long time she had had the feeling that Jesus wanted to get her used to the idea of falling into a trance at a mass and receiving messages in this way. Same on this day.

She was gripped by a deepening trance that took on a different quality than before. The trance was so overwhelming that it almost made you feel faint. This sent the seer into a kind of panic reaction in which she tried to get out of it.

At first she tried to get involved, but the feeling of powerlessness was so frightening that she had to break the trance. This new trance feeling was so intense and exhausting that it took two days to fully overcome it. For the seer it felt like a rise to the next level.

When the seer had overcome her panic,
Jesus said: "***Sing my glory, children. Sing my glory. Hear the voices of the angels and praise My goodness. Find your heart and leave it entirely to Me.***"

Jesus told the seer that she should prepare herself internally to be in a trance in front of many people in the future.

#90 MESSAGE FROM JANUARY 6, 2024

JESUS CHRIST "PRAYERS FOR BRITAIN"

Jesus has been there since midday. The seer M. constantly feels rushed throughout the day. During the prayer group that takes place together at S.'s home, heat can be felt in the room. The seer feels them on her head and shoulders. S. feels it in his stomach.

The apparition is tested with the Immaculata water from the well in Sievernich - and it holds up. At the beginning of the apparition, Jesus asks them to look out the window into the night sky. She stands at the balcony door and looks out. Various images now follow in her vision: she sees the fireball and angels with trumpets above the houses in the sky and she sees the earth shaking.

Then Jesus comes as if through a door and stands huge in the sky, so tall that only the lower part of his garment and his feet can be seen.

Jesus asks: "**Are you ready to receive a message?**"

Now tongues of fire can be seen falling to the earth and Jesus' face flashes hugely in the clouds. It is as big as the house on the opposite side. Then falling tongues of fire can be seen again and stars fall from the sky like silver pinheads to the earth.

Jesus tells the seer to sit down again.

He now sits spiritually next to her and places His hand on her shoulder. Again, stars can be seen falling from the sky and she can hear the angels singing.

The next moment the vision changes - the water swells. Jesus says, "**It is the time of judgment, child. Announce it. Proclaim it loudly! Prepare your brothers and sisters. Show them that I am your friend. Tell them about Me. Show yourself with your face.**"

Again an image of "swelling" (/rising) water can be seen. The water level is rising.

Jesus: "**It is important that you explain what the ball means.**"

M.: "Yes, Lord. What exactly does it mean?"

Jesus: "**Describe it as the wrath and love of God. - Describe it as the Last Judgment. - Describe it as fire coming from heaven. - Describe as the shape of a meteor. - Speak of my love. Speak of my mercy. Speak of my all-encompassing love that knows no boundaries and in this love I accept everything; I take it all in; I can forgive everything; I can heal everything.**"

The seer checks the apparition again to be on the safe side and Jesus confirms to her: "**I am Jesus Christ, my child. I am your Lord, Jesus Christ. I am your Lord and your God. I am Jesus Christ.**"

Jesus: "**Bow before Me out of respect for creation. Look through my eyes.**"

She sees herself and S. as Jesus perceives them. White and yellowish light wafts around their bodies. It also contains the information that Jesus perceives people in a different way. Then Jesus moves out of the apartment through each floor and out of the house into the street, over the roofs of the houses.

He hovers above them with bowed head and closed eyes and pours his love in the form of pink light over the houses and all their inhabitants. The vision continues in the apartment.

Jesus continues to speak to the seer: **“Thank you for making yourself available. Know that you are protected. Know that you are loved. Know that there is nothing to worry about.**

I will provide everything you need. Trust me. I'm always there.

Pass it all on. I'm always there. I am here for anyone who calls me for help.

I won't disappoint anyone. But please don't tell me what the solution should look like.

Trust that I know the best path for everyone. I'm your friend, Melanie. Child of Truth. Call me and I will be there.”

Again she receives information from Jesus about water. He predicts: **“The waters will leave the banks, overflow the banks. Water levels will rise. Prepare your brothers and sisters for it.”**

The seer sees rising water in Germany. Jesus repeats: **“The waters will leave their banks. The dams will break. Pray for the protection of the population!”**

M.: “Please tell me what exactly I should do. What should I do?”

Jesus: **“Are you ready for this?”**

M.: “Tell me what I have to do.”

Jesus makes it clear that the Bundestag must be informed. Disaster protection should be expanded. The population should be protected even more.

Jesus: **“It is important that you fast, like today. This is very good. Please keep it. Ask me for help with this. Pray for the people of England.”**

Jesus indicates that floods are coming to England. **“Tribulation awaits the land.”**

There are images of storms on the coast, wind and rain. Then King Charles appears and he turns his head. He looks in a different direction.

A shiver runs down the seeress's spine.

The king “turns the wind” in the land.

The change that King Charles is ushering in will not be beneficial for England and will have a negative impact. Poverty and hunger will spread throughout the country. The seer receives somewhat unclear information about polluted water and fish deaths. Great Britain will also be engulfed in war. The seer sees attacks on Great Britain. **“The English need your help! Pray for England,”** Jesus lovingly asks again.

Jesus hereby gives a new prayer command. The prayer group can continue to pray for Germany. But should explicitly pray for Great Britain and the people there.

In the name of the Father of the Son and of the Holy Spirit. Amen

#89 MESSAGE FROM JANUARY 3, 2024**GOD FATHER "GOD WANTS TO BE YOUR FRIEND"**

At the beginning of the vision, the seer is in a turret in a kind of castle and is walking towards a bay window. Right next to her is a radiant angel who accompanies her through the vision. The seer looks out of the bay window. You can see a landscape that is reminiscent of England or Ireland.

A place on the coast with a beach and lots of greenery. The sea is whipped up.

A large wave is created and the image freezes, like a still image. There is fire in the water, as if a meteor were diving into the water with momentum, but just before coming to a standstill.

The energy of this momentum is retained. The water flows along the side of the fireball and away from it. She then sees the meteor or fireball individually and understands that it is not a celestial body, but rather a warning for us as humanity.

The fireball stops above the water and carries with it a warning; an information, a divine wake-up call, a divine intervention.

She comes out of nowhere and begins to speak - with a voice and an energy that goes through your bones. She speaks with the divine tongue. She speaks with the divine heart. She wants to clean up, or rather help us people clean up.

The seer is given to understand that there are very "medieval" ideas that relate to the Last Day. As if the fireball were to be seen as punishment and the wrath of God. However, this is not true and is not meant that way. These human constructs always arise where people themselves have no access to them. And what cannot be understood is, in the worst case, demonized.

It is people's fear of the inexplicable and the unknown. However, these ideas do not reflect the actual intention of this event.

It is given to understand that this is a form of love. A love that wants to help people find their way back into the divine order of love.

It is a reminder for us humans. This can (and will) feel like a punishment or a shock to some people. Or as if life was completely turned inside out. This can feel very intense or negative because there is a lot being brought up and reflected - but ultimately it is for love.

It serves the love within us because what we have hidden - in our behavior, our patterns and our entire being - comes to light.

Wrong tracks, on which we have left the path of love, perhaps for some time. This should be made clear to us so that we can find our way back to this love.

It's a process. It is not just this event, but it took place some time before and after. This process and this event can feel very intense, stirring up a lot, in and around us. Let us discover a lot or come across something or we have to venture into certain topics. Things we have buried deep within us.

However, this will only show what we can still remove. It's comparable to spring cleaning and decluttering. You discover dusty or completely dirty corners and cobwebs because the sun shines through the window - with the awakening of spring.

That's not a bad thing, because with more light, more is visible. That's what it means figuratively. This way we can come across the dirty corners so we can clean them. The cellar, which represents the subconscious in dreams, should also be examined - according to the motto "find corpses in the cellar". This should also be flooded with light so that you can see: "What else have I got there? There's still a closet that I no longer need.

Maybe I'll sell it? Or throw it in the trash? Are these stacks of letters that I haven't filed in years?" Etc.

All of this can come to light so that you can look at it, notice it and decide what you want to do with the stack of letters or the cupboard in the basement. It should produce something spiritually, bring it into light. It should be brought into the light, then you can decide again what you want to do with it, or whether you made a mistake or perhaps forgot important things.

Further in the vision the ball can be seen again over the coast and the sky opens. The cloud cover breaks up and golden-white rays emerge.

It is very beautiful and impressive, as if the sun was sitting right behind the clouds and making its way through the clouds.

For the seer it is a symbol of God, this golden light that breaks through the clouds.

Angels with long golden trumpets can be seen around the light. They follow the appearance of the ball. The angel image is a symbol of the Day of Judgment; as if the high court were in session. However, it is not strict, bureaucratic or small-minded in the sense.

You can imagine it like the image of Lady Justice holding the balance. You throw something into the bowls on both sides of the scales and see whether it stays balanced. What have you done more of? If one was a plus and the other was a minus - what did you do more of? This is not judgmental or punitive either. This is a medieval, completely outdated idea, an outdated understanding that has been carried through time. However, it is not what is meant and what is intended to be carried out.

It is a neutral inventory surrounded by divine understanding and an all-encompassing view that includes everything and weighs everything.

In this wisdom, fairness and justice are considered.

It should serve people. It should serve their development, their advancement.

It should or can and should advance something on a spiritual level.

In the next scene, a person is seen throwing himself on his knees with his arms forward.

This means that in that moment you will feel humility, great respect and devotion, connection and love. One will ask - how much am I in the light? It's all about this. How much am I in the light?

How much am I in love? Then you see that person light up - as if they were standing under a spotlight. She can look at it. She can look at herself, this soul.

But it's a two-way street.

It is a cooperation between the soul and God. There is no accusation in that.

It's non-punitive, non-judgmental. And it is "discussed" with the soul. They are more questions that you ask yourself such as:

"Where am I? Where am I? How did I get here? How has my path been so far? Where else would I like to go? What are my goals?" However, this all happens on the soul level in freedom. The person described earlier was already largely in the light.

The seer asked what happens to people who are not in the light, such as: B. Criminal. Or people who are predominantly self-interested; People who don't think and act so brightly. What about you?

If you imagine a soul that is in the dark or has not developed so highly, then there is nothing judgmental or harsh on God's part, but in this case too it is considered together:

"What have you done? How did you behave there? What did you learn from it? Did that correspond to what you wanted to achieve?"

This way you can notice how you made mistakes in your decisions. For some reason he went down paths that weren't full of light because he didn't know any better. But God sees the divine core, the divine core in you, the divine spark. This will be addressed. And everyone has it. Either way, wherever we are with our spiritual development, we are treated as God's friend.

The seer sees an inner image - as if God were walking next to us and placing His hand on our shoulder. Like a friend and walking along with you, on a very friendly, very loving level, to discuss and reflect. But there is no judgment in that. It's like a fellowship with God, a friendship with God.

The seer is told that God is our friend. God would like to be our friend. However, many of us have beliefs that prevent us from seeing God as a friend. Be it fear, respect or disrespect - whatever it is. It is not the ultimate truth.

God wants to be your friend. God wants to work with you.
 God WANTS you to be happy,
 ... to live your best life
 ,... to be content
 ,... to get the most out of yourself and make the most of your life.
 This is what God wants for you!

These are your patterns, your beliefs and your decisions that lead to you not living your best life, not being so excited, your life not taking off yet because you've forgotten how it goes. But that doesn't mean it can't be done.

That doesn't mean you're not worthy. It simply means that in all your troubles you have forgotten that there is someone who is your unconditional friend. This friend is just waiting for you to decide. That you make your decision about how you want to live your life and that you want to be happy.

Regarding the Last Day and the events that lie ahead, it is meant lovingly. Yes, it will be formidable and yes, it may also be painful. That's part of life.

But it's from love for love. Because we humans are love too. It is from the divine love for the small and large divine sparks within us that represent divine love.

And that love goes to love and then comes back again. It is a memory, a positioning, a neutral observation, a reminder of love and the love within us. And so be it.

In the name of the Father and the Son and the Holy Spirit. Amen.
